This statutory based report was prepared in accordance with the accounting standards that were applied in the budget act and the related legislation. Commencing in Fiscal Year 2014, appropriations were made to budgeted state agencies and to the non-functional spending group in order to account for expense accruals. The new appropriation accruals were posted exclusively to the budgeted funds. The accruals relate to payments that were made after the close of the fiscal year on June 30th but are directly related to obligations incurred within that fiscal year. The expense accruals are reported using the Generally Accepted Accounting Principles (GAAP) approach that is employed in preparing the state's Comprehensive Annual Financial Report (CAFR).

Specifically, goods and services that are received during the fiscal year and are paid through the Core-CT system within 60 days of the close of the fiscal year are charged to the closed fiscal year. This same approach is used for payroll expenses and the associated fringe benefit costs to ensure that the cumulative days worked in a closed fiscal year are charged to the closed year. Certain agencies process special payments outside of the statewide Core-CT system. The Department of Social Services processes Medicaid payments through an agency based system and reports accrued amounts to the Comptroller's Office manually. The Department's Medicaid accruals have historically had a material impact on total state expenses. Therefore, although the payments are not processed through Core-CT, the accruals are included in the budget and are part of this report. Other payments that are made outside the Core-CT system in the budgeted funds do not have a significant impact on the overall fiscal results and are therefore not included in the financial statements.

Revenues within this report are recognized when received except in the General and Transportation Fund. Certain accrued taxes and Indian Gaming Payments within these funds are recognized within a statutory accrual period that is accepted by the Comptroller.

As used in this report, the GAAP budgetary basis refers to the reporting method described above. The policy objective of GAAP budgeting was to eliminate or to mitigate the growth in the GAAP deficit reported in the state's CAFR, and in future years to eliminate the total deficit. The GAAP deficit reported in the CAFR is the total fund balance that has not been restricted, committed, or otherwise assigned to a specific purpose. That balance is negative. The growth in the GAAP deficit over time is largely attributable to the growth in spending accruals within the budgeted funds.

BUDGET RESERVE FUND LEGISLATION

The purpose of the Budget Reserve Fund, as amended in PA 15-244, is to “maintain and invest its funds for the purposes of reducing volatility in the General Fund and reducing the need for increases in tax revenue and reductions in state aid due to economic changes.”

In order to achieve the expressed purpose of the Budget Reserve fund Public Act 15-244, beginning in fiscal year 2021, requires revenue collected from the estimated and finals portion of the income tax and the corporation business tax in excess of a calculated threshold to be deposited into the Budget Reserve Fund at the close of each fiscal year. The Comptroller’s office is required to certify the threshold level for deposits to the Budget Reserve Fund annually in this report.

The threshold level for deposits to the Budget Reserve Fund is calculated “by determining: (A) Combined revenue for each of the prior twenty fiscal years; (B) the ten-year average for the current fiscal year; (C) the ten-year average for each of the ten fiscal years preceding the current fiscal year; (D) the differential for each of the ten fiscal years preceding the current fiscal year; (E) the average of the differentials calculated pursuant to subparagraph (D) of this subdivision; and (F) the number calculated in subparagraph (E) of this subdivision and adding the number one. The threshold level for deposits to the Budget Reserve Fund shall be the number calculated by multiplying the number calculated under subparagraph (B) of this subdivision by the number calculated under subparagraph (F) of this subdivision. For the purposes of this subdivision, “ten-year average” means the average of combined revenue from the ten fiscal years preceding any given fiscal year; and “differential” means the difference between the actual combined revenue from any given fiscal year and the ten-year average for that same fiscal year, divided by the ten-year average for that fiscal year;.... “combined revenue” means revenue in any given fiscal year from estimated and final payments of the personal income tax imposed under chapter 229 plus the revenue from the corporation business tax imposed under chapter 208.”

The Comptroller certifies that the Budget Reserve Fund deposit threshold for fiscal year 2017 is \$5,016,708,946. Please see the table below for reference.

LETTER OF TRANSMITTAL

November 30, 2016

The Honorable Dannel P. Malloy
Governor of the State of Connecticut
State Capitol
Hartford, Connecticut

Dear Governor Malloy:

I write to provide you with the legal financial statements for Fiscal Year 2016. These statements have been prepared in accordance with statutory provisions that were designed to incorporate designated expenditure accruals of Generally Accepted Accounting Principles (GAAP) into the budget process.

The General Fund ended Fiscal Year 2016 with a deficit of \$170,418,432. A transfer from the Budget Reserve Fund has eliminated the shortfall returning the unappropriated balance of the fund to zero. The Transportation Fund had an operating deficit of \$37,205,802, which left a positive fund balance of \$142,840,556 at the close of Fiscal Year 2016.

After the transfer to the General Fund, the Budget Reserve Fund will have a balance of \$235,582,921. The reserves at the beginning of Fiscal Year 2016 were \$406,001,353.

In evaluating the Fiscal Year 2016 General Fund deficit it is instructive to recall that as the fiscal year budget formulation process began, projections indicated that maintaining existing levels of programs and services would produce a deficit of \$1.1 billion.

In order to pass a balanced budget for Fiscal Year 2016, policy changes were implemented to reduce current service spending in the General Fund by \$519 million. The actual changes in spending between Fiscal Years 2015 and 2016 are discussed below. In addition to the spending changes, adjustments were enacted to generate an anticipated \$802.1 million more in gross General Fund revenue. The largest revenue projection changes were to the income tax (\$169.3 million), the corporation tax (\$258.1 million), and the health provider tax (\$224.8 million). The gain in the health provider tax was to be partially offset by higher payments to hospitals. Since the hospital tax (Public Act 11-6) was implemented in Fiscal Year 2012 as a method of maximizing federal reimbursements redistribution of the tax back to hospitals has steadily declined.

Within the first two months of Fiscal Year 2016, it became clear that General Fund revenue would fall short of budget targets. A significant stock market correction in August of 2015 dampened hopes of meeting income tax estimates, especially with respect to the capital gains portion of the tax. By the time of the November 10, 2015 consensus revenue forecast, General Fund revenues were projected to be \$217.5 million short of budget expectations and a Fiscal Year 2016 General Fund deficit emerged. In December, a deficit mitigation target of \$350 million was negotiated and Public Act 15-1 was passed to rebalance the budget. Public Act 15-1 made line-item reductions to agency budgets and delayed revenue transfers to the Transportation Fund and to the Municipal Revenue Sharing Account, among other changes.

Revenue estimates continued to deteriorate throughout the fiscal year and on March 16, 2016 budget rescissions totaling \$78.7 million across all branches of government were ordered. At the end of Fiscal Year 2016, the General Fund deficit estimate was \$279.4 million, which was prior to accrual activity. Positive accrual results reduced the General Fund deficit number for Fiscal Year 2016 to \$170.4 million as cited above.

General Fund spending of \$17,921.3 million in Fiscal Year 2016 grew by \$501.6 million or 2.9 percent over last fiscal year. Almost 80 percent of this spending increase was attributable to two appropriation line-items: Debt Service increased by \$265.5 million or 18.7 percent from last fiscal year and the State Employees' Retirement System Contribution grew by \$125.9 million or 13 percent from the prior year. The functional program areas with the largest dollar reductions in spending from last fiscal year were general government administration (down \$34 million or 5.1 percent), health and hospitals (down \$19.4 million or 1.1 percent) and conservation and development (down \$11 million or 5.3 percent). The largest functional program area increase was to education, which grew by \$96.6 million or 1.9 percent. Education is the largest single program area accounting for almost 30 percent of General Fund expenditures.

In Fiscal Year 2016, General Fund revenue expanded by \$498.8 million or 2.9 percent from the prior fiscal year. This gain was primarily due to the revenue policy changes discussed above, and it was well below initial budget expectations. The largest variance from the original budget estimates was in the income tax, which fell \$652.8 million short of the target. Compared with the previous fiscal year, the payroll driven withholding portion of the income tax grew by 3.4 percent in Fiscal Year 2016. However, the estimated and final payments portions of the income tax, which are related to capital gains and bonus payments, dropped by 4.4 percent despite an increase in the upper bracket tax rate.

The disappointing revenue results for Fiscal Year 2016 were largely produced by an economy that has yet to reach past recovery growth levels, as well as considerable stock market volatility. Connecticut added 15,800 payroll jobs in Fiscal Year 2016. At fiscal year end the state had recovered approximately 80 percent of the jobs lost to the 2008 recession and the unemployment rate stood at 5.8 percent. Personal income was expanding in Connecticut at an annualized rate of just over 3 percent during Fiscal Year 2016. That was less than half the rate of income growth that was experienced after the 2001 recession.

The Honorable Dannel P. Malloy
September 30, 2016
Page 3

Housing market sales volume was an economic bright spot in the state with double-digit growth during most of the fiscal year, but prices of those homes continued to decline.

The average annualized quarterly growth of the U.S. economy as measured by real GDP during Fiscal Year 2016 was 1.2 percent. Historically, real GDP has increased at a rate of just over 3 percent.

Transportation Fund revenue was constrained by lower fuel prices during Fiscal Year 2016. Total fund revenue fell \$115.3 million below original budget expectations. Transportation Fund spending of \$1,400.7 million grew by \$78.1 million or 5.9 percent from the prior fiscal year. Revenues of the Transportation Fund totaled \$1,352.8 million in Fiscal Year 2016, a decrease of \$8.1 million or 0.6 percent.

My office also issues a Comprehensive Annual Financial Report (CAFR) that converts the GAAP budgetary basis to the GAAP financial reporting basis. The CAFR accounts for various non-budgetary financial transactions as well as the budgetary basis transactions. From a CAFR balance sheet perspective, the GAAP shortfall or unassigned fund balance in the General Fund was a negative \$793.2 million as of June 30, 2015. I will report the new unassigned fund balance figure for Fiscal Year 2016 no later than February of 2017 in accordance with SEC requirements.

If you have any questions on this report, please do not hesitate to contact me.

Sincerely,

Kevin Lembo

INDEPENDENT AUDITORS' REPORT

Governor Dannel P. Malloy
Members of the General Assembly

Report on the Financial Statements

We have audited the accompanying financial statements of the State of Connecticut as of and for the year ended June 30, 2016, as listed in the Table of Contents of the *Annual Report of the State Comptroller*.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of Sections 3-115, 3-115b and Sections 3-114b through 3-114r of the Connecticut General Statutes, as described in the note on the inside cover of the *Annual Report of the State Comptroller*, in order to meet the financial and budgetary reporting requirements of the State of Connecticut. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Special Transportation Fund which represent 10 percent and 12 percent, respectively, of the assets and receipts of the Special Revenue Funds; we did not audit the financial statements of the Transportation Special Tax Obligations Fund, which represent 90 percent and 86 percent, respectively, of the assets and receipts of the Debt Service Funds; and we did not audit the financial statements of the Clean Water Fund-Federal Account, and the Drinking Water Fund-Federal Account, which represent 84 percent and 13 percent, respectively, of the assets and receipts of the Enterprise Funds. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinion, insofar as it relates to the amounts included for the aforementioned funds and accounts, is based solely on the reports of other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. In addition, all of the aforementioned audits were conducted in accordance with standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation

and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our adverse and unqualified audit opinions.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

To meet the financial and budgetary reporting requirements of the State of Connecticut, the financial statements presented in the *Annual Report of the State Comptroller* are prepared by the State Comptroller using accounting practices described in the note presented on the inside cover of the *Annual Report of the State Comptroller*. These practices follow the financial reporting provisions of Sections 3-115, 3-115b and Sections 3-114b through 3-114r of the Connecticut General Statutes, which is a basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statements of the variances between the statutory basis of accounting described in the note on the inside cover of the *Annual Report of the State Comptroller* and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material. In addition, management has not presented government-wide financial statements to display the financial position and changes in financial position of its governmental activities, business-type activities, and discretely prepared component units. Management has also not provided the required notes to the financial statements, a management discussion and analysis, and information on depreciation expense and disclosure of all types of debt and infrastructure assets on the financial statements. All of which has been determined as necessary by accounting principles generally accepted in the United States of America.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matters discussed in the Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the State of Connecticut, as of June 30, 2016, or the revenues, expenses, and changes in net position and, when applicable, cash flows thereof for the year then ended.

Opinion on Statutory Basis of Accounting

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the statutory-basis financial position of all funds accounted for by the Office of the State Comptroller of the State of Connecticut as of June 30, 2016, and the statutory-basis cash transactions of such funds for the year then ended in accordance with the statutory basis of accounting described in the note on the inside cover of the *Annual Report of the State Comptroller*.

Emphasis of Matter

As discussed in the note on the inside cover of the *Annual Report of the State Comptroller*, commencing with the fiscal year ended June 30, 2014, the State of Connecticut changed from a modified cash basis of accounting to a statutory basis of accounting for the General Fund, the Special Transportation Fund and the Budgeted Special Revenue funds. This change, which was provided for in Section 3-115b of the Connecticut General Statutes, as amended by Public Act 11-48, requires the State Comptroller to recognize in the financial statements certain expenditure accruals for those funds that receive budgeted appropriations from the Connecticut General Assembly.

Other Matters

The sundry section of the *Annual Report of the State Comptroller* has not been subjected to the auditing procedures applied in the audit of the combined civil list financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we will also issue our report dated November 30, 2016, on our consideration of the State of Connecticut's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

**INDEPENDENT AUDITORS' REPORT
ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND
OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Governor Dannel P. Malloy
Members of the General Assembly

We have audited in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the State of Connecticut as presented in the *Annual Report of the State Comptroller*, as of and for the year ended June 30, 2016 and have issued our report thereon dated November 30, 2016. Our report includes an adverse opinion. Our report includes a reference to other auditors. Other auditors audited the financial statements of the Special Transportation Fund, the Transportation Special Tax Obligations Fund, the Clean Water Fund-Federal Account, and the Drinking Water Fund-Federal Account, as described in our report on the State of Connecticut's financial statements presented in the *Annual Report of the State Comptroller*. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Internal Control Over Financial Reporting:

Management of the State of Connecticut is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the State of Connecticut's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the State of Connecticut's internal control over financial reporting. Accordingly we do not express an opinion on the effectiveness of the State of Connecticut's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, detect or correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the failure of the State Comptroller to produce its financial statements in compliance with generally accepted accounting principles to be a material weakness in internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses and therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified.

We have noted other matters involving the internal control over financial reporting that we have reported, or will report, to the State's management in our *Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters, for the Fiscal Year Ended June 30, 2016 – State of Connecticut Comprehensive Annual Financial Report*, and in separately issued departmental audit reports covering the fiscal year ended June 30, 2016. The State's management responses to the findings identified in our audits are not audited by us, and accordingly, we express no opinion on them.

Compliance and Other Matters:

As part of obtaining reasonable assurance about whether the State of Connecticut's financial statements as presented in the *Annual Report of the State Comptroller* are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We have noted certain immaterial instances of noncompliance or other matters that we have reported, or will report, to the State's management in separately issued departmental audit reports covering the fiscal year ended June 30, 2016. The State's management responses to the findings identified in our audits are not audited by us, and accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the State of Connecticut's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the State of Connecticut's internal control and compliance. This report is intended solely for the information and use of the Governor, the State Comptroller, the Appropriations Committee of the General Assembly, and the Legislative Committee on Program Review and Investigations and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited.

EXHIBIT E-a	Combining Balance Sheet
SCHEDULE E-1	Statement of Cash Receipts and Disbursements
SCHEDULE E-1a	Combining Statement of Cash Receipts and Disbursements
SCHEDULE E-2	Changes in Bonds Outstanding

Comments:

Capital projects funds are established to account for grants and for bond issue proceeds in accordance with acts passed by the General Assembly which specify the purpose of the issues and limit the amount to be spent. Actual bond retirement is made through the General Fund or the various debt service funds. Bond proceeds which are not required immediately are invested for additional revenue. Funds required before bond issue date are obtained by sale of short term notes.
