PART V - DISABILITY RETIREMENT APPLICATIONS ONLY

If you are applying for a disability retirement benefit, please read this section very carefully. The determination of eligibility for disability retirement benefits is made by the Medical Examining Board (MEB) not MERS. The MEB will base its decision on the pertinent medical evidence **you** provide. When you apply for a disability benefit, you must be "permanently and totally disabled from engaging in any gainful employment in the service of the municipality" not just the job you currently hold. You must apply for the disability retirement benefit within one year after incurring the disability. All applications for a disability retirement benefit must also include the following information.

1. An executed CO-649 "Disability Retirement Application" and all medical records and reports from the date of injury to the present regarding the illness or injury that you claim renders you permanently and totally disabled from engaging in any gainful employment in the service of the municipality.
2. Your employer is to provide a copy of the job description for your current position and copies of job descriptions for any jobs which would have been immediately available to you and for which you are qualified based only on education and work experience without considering medical restrictions. If there are no such positions available the employer must indicate this in an Affidavit or notarized statement.
3. If the application is for a service connected disability, a copy of the "First Report of Injury" and all applicable accident and workers compensation documents and information. Workers compensation payments are an offset to a MERS service connected disability retirement benefit. Members are required to notify MERS if they receive any workers' compensation payments while collecting a service connected disability benefit.

Please also check the applicable boxes.

PART VI - SIGNATURES

I acknowledge that prior to signing my application for retirement benefits I had the opportunity to ask questions and obtain additional information from MERS staff with regard to my retirement. I understand that my MERS retirement benefit is reduced when I am eligible for social security (age 62) or earlier if I receive a Social Security disability benefit and that I **must inform MERS if I receive a social security disability award prior to the age of 62. I understand that failure to notify MERS of such an award will result in an overpayment being made to me and MERS will recoup this overpayment from me and/or my contingent annuitant.**
