To the Connecticut Retirement Security Board:

I represent Dreamers Unlimited Inc. Roybal & Sons Fire Equipment Co... We employ 16 people and offer them excellent wages and benefits.

When the state imposes a new mandate on businesses, oftentimes we are forced to shift money away from employees' wages and benefits and spend it on complying with the new mandate. More often than not, these mandates end up hurting the very people they were attempting to help.

- This would create a underfunded liability for taxpayers
- Costly
- Intrusive
- Not Necessary

Connecticut has/had the potential to be one of the best states in the country to grow a business and create more jobs. But proposals like this one, on top of other recent enacted and proposed state workplace mandates, makes it harder for us to do business here.

Thank you for your consideration. I look forward to your response.
