INTRODUCTION

This document describes the State of Connecticut Partnership Health Benefit Plan (“Benefit Plan”) for employees, retirees and eligible Dependents. The Benefit Plan is a self-funded governmental health Benefit Plan. The State has contracted with UnitedHealthcare/Oxford, to provide claims processing, disease management and other administrative services for Participating Employers.

This Plan Document explains the benefits, exclusions, limitations, terms and conditions of membership, and the guidelines which must be followed to obtain benefits for Covered Services. All the defined terms used in this Plan Document have been capitalized and have the meanings set forth below. As a Participating Employer, the municipality, political subdivision or board of education choosing to join the Partnership Plan is responsible for determining eligibility for coverage for its employees, retirees and their dependents and completing the Addendum hereto, which sets forth its requirements for coverage of active and retired employees and eligible dependents.

The State of Connecticut is the Plan Sponsor of this health Benefit Plan. All notices to the Plan Sponsor should be directed as follows:

Office of the State Comptroller
Healthcare Policy & Benefit Services Division
55 Elm Street
Hartford, CT 06016

I. PLAN DESCRIPTION

A. POS—Point of Service

The Partnership Plan offers a single point of service plan to provide healthcare services both within and outside a defined network of Providers. No referrals are necessary to receive care from In-Network Providers. Healthcare services obtained outside the network may require precertification and are reimbursed at 80% of the allowable cost (after payment of the annual deductible). You will also pay 100% of the amount that your Out-of-Network Provider bills above the Maximum Allowable Amount. Members using Out-of-Network services may also be subject to service limits that are not applicable to In-Network care. Using an Out-of-Network Provider will result in higher Member costs.

B. Health Enhancement Program

The Health Enhancement Program (“HEP”) is an incentive program that rewards Members who commit to taking an active role in managing their health. Members who sign up for HEP will qualify for lower premiums, reduced Co-pays for certain services and medications, and waiver of annual deductibles on In-Network services. All family members enrolled in HEP must obtain age-appropriate preventive care and screenings; those with one or more chronic conditions (diabetes, asthma and COPD, heart failure or heart disease, hyperlipidemia, and hypertension) may be required to participate in counseling or condition management programs services.

Care Management Solutions, an affiliate of ConnectiCare Insurance Company, has been engaged to assist with monitoring Members’ compliance with their HEP requirements and to provide disease and care management services to Members with chronic conditions.

III. DEFINITIONS

ADMISSION means the period from the date the Covered Person enters the Hospital, Skilled Nursing Facility, Substance Abuse Treatment Facility, Residential Treatment Facility, Hospice, or other Inpatient Facility as an Inpatient until the date of discharge. When counting days of Inpatient services, the date of entry and date of discharge are combined to count together as one day.

ELECTIVE ADMISSION means an Inpatient Admission which is Medically Necessary, and scheduled in advance where the Covered Person does not require immediate medical treatment to prevent death, disability or serious impairment of bodily part or function.

AUTHORIZE means that approval has been obtained from the Carrier for the Emergency Admission of a Covered Person to a Hospital, Skilled Nursing Facility, Substance Abuse Treatment Facility, Residential Treatment Facility, or Hospice when required under the terms of this Benefit Plan.

AUTISM BEHAVIORAL THERAPY means Behavioral Therapy provided by, or under the supervision of, a behavior analyst certified by the Behavior Analyst Certification Board, a licensed Physician, or a licensed psychologist. "Supervision" means at least 1 hour of face-to-face supervision of the Autism Services Provider for each ten hours of Behavioral Therapy provided by the supervised certified assistant behavior analyst or behavior therapist.

AUTISM SPECTRUM DISORDERS means "autism spectrum disorder "as set forth in the most recent edition of the American Psychiatric Association's "Diagnostic and Statistical Manual of Mental Disorders". The results of an autism spectrum disorder diagnosis shall be valid for a period of twelve months unless the Covered Person's licensed Physician, licensed psychologist, or licensed clinical social worker determines a shorter period is appropriate or changes the results of the Covered Person's diagnosis.

BEHAVIORAL THERAPY means any interactive behavioral therapies derived from evidence-based research, including, but not limited to, applied behavior analysis, cognitive behavioral therapy, or other therapies supported by empirical evidence of the effective treatment of individuals diagnosed with an autism spectrum disorder, that are: (A) Provided to children less than twenty-one years of age, and (B) provided or under the supervision of an Autism Behavioral Therapy Provider.

BEHAVIORAL THERAPY means any interactive behavioral therapies derived from evidence-based research, including, but not limited to, applied behavior analysis, cognitive behavioral therapy, or other therapies supported by empirical evidence of the effective treatment of individuals diagnosed with an autism spectrum disorder, that are: (A) Provided to children less than twenty-one years of age, and (B) provided or under the supervision of an Autism Behavioral Therapy Provider.

BENEFIT PLAN means the Partnership Benefit Plan identified on the cover page of the Plan Document and described herein.

BIRTHCENTER means a facility separate from a Hospital that provides room, board and Special Services related to the management of normal childbirth. Synonymous terms are Birthing Center and Childbirth Center.

CALENDAR YEAR means a period beginning 12:01 a.m. on January 1 and ending midnight on December 31 of the same year.

CANCER CLINICAL TRIAL means an organized, systematic, scientific study of therapies, tests or other clinical interventions for purposes of treatment or palliation or therapeutic intervention for the prevention of cancer in human beings, except that a clinical trial for the prevention of cancer is eligible for coverage only if it involves a therapeutic intervention and is a Phase III clinical trial that is conducted at multiple institutions. A Cancer Clinical Trial must be conducted under the auspices of an independent peer-reviewed protocol that has been reviewed and approved by:

- One of the National Institutes of Health, or
- A National Cancer Institute affiliated cooperative group; or
- The federal Food and Drug Administration as part of an investigational new drug or device exemption; or
- The federal Department of Defense or Veterans Affairs.

CARRIER means UnitedHealthcare/Oxford, the entity chosen by the State of Connecticut to administer benefits and process claims under the Partnership Benefit Plan. With regard to administration of benefits, the term shall refer to the Carrier that has issued an ID card to the Covered Person.

CASE MANAGEMENT means the process of evaluating and arranging for Medically Necessary treatment for patients, identified through the use of one or more managed care programs.

CHRONIC CARE means a care for a condition that continues and/or recurs over a prolonged period of time and is characterized by either a slow progressive loss of function or a static/stationary loss of function in which little, or no measurable objective improvement is made despite therapeutic intervention.

COINSURANCE means a fixed percentage of the Maximum Allowed Amount for Covered Services which the Covered Person is required to pay as specified in the Schedule of Benefits.

CONCURRENT REVIEW means a process to monitor an Inpatient Admission to decide its continued Medical Necessity, starting from the assignment of the initial Prior Authorization of days and continuing to the Covered Person's discharge.

CO-PAYMENT means a fixed amount which the Covered Person is required to pay for Covered Services as listed in the Schedule or Benefits. This fee is payable by a Covered Person at the time that those services are rendered.

COST-SHARE means the amount which the Covered Person is required to pay for Covered Services. Where applicable, Cost-Shares can be in the form of Co-payments, Coinsurance, and/or Deductibles.

COST-SHARE MAXIMUM means the Deductible and Coinsurance amounts which are paid by the Covered Person on a Calendar Year basis. The Cost-Share Maximum does not include Co-payments, Penalties, Cost-Shares applicable to Inpatient Hospital/Inpatient Facility Admission, Cost-Shares applicable to service beyond the Benefit Plan's limits for those benefits, Cost-Shares for human organ and tissue transplants when the facility is not designated and approved by the Carrier, and charges that exceed the Maximum Allowed Amount.

COVERED EMPLOYEE means an active or retired employee of the sponsoring municipality, political subdivision or board of education or other person who otherwise satisfies the requirements for eligibility in Section IV below and who is duly enrolled in the Benefit Plan.

COVERED PERSON means a person who becomes eligible for Covered Services under this Benefit Plan, has enrolled in this Benefit Plan, and in whose name an ID card is issued by a Carrier.

COVERED SERVICES means services, supplies or treatment as described in this Plan Document. To be a Covered Service, the service, supply or treatment must be:

- Medically Necessary or otherwise specifically included as a benefit under this Plan Document.
- Within the scope of the license of the Provider performing the service.
- Rendered while coverage under this Plan Document is in force.
- Not Experimental or Investigational or otherwise excluded or limited by the Plan Document.
- Authorized in advance by Carrier if such Prior Authorization is required under the Plan Document.

CUSTODIAL CARE means care primarily for the purpose of assisting the Covered Person in the activities of daily living or in meeting personal rather than medical needs, and which is not specific treatment for an illness or injury. It is care which cannot be expected to substantially improve a medical condition and has minimal therapeutic value. Such care includes, but is not limited to:

- Assistance with walking, bathing, or dressing;
- Transfer or positioning in bed;

- Normally self-administered medicine;
- Meal preparation;
- Feeding by utensil, tube, or gastrostomy;
- Oral hygiene;
- Ordinary skin and nail care;
- Catheter care;
- Suctioning;
- Using the toilet;
- Enemas; and
- Preparation of special diets, supervision over medical equipment or exercises, or
- Self-administration of oral medications not requiring constant attention of trained medical personnel.

Care can be Custodial whether or not it is recommended or performed by a professional and whether or not it is performed in a facility (e.g. hospital or skilled nursing facility) or at home.

DATE OF PLACEMENT means the assumption and retention by a person of a legal obligation for total or partial support of a child in anticipation of adoption of the child.

DAY/NIGHT VISIT means continuous treatment consisting of not less than 4 hours and not more than 12 hours in any 24 hour period when received in a General or Specialty Hospital or in a Substance Abuse Treatment Facility.

DEDUCTIBLE means an annual fixed dollar that a member has to pay before the Plan pays for covered medical services. The deductible starts to accrue as of July 1st of each year. The Deductible excludes premiums, co-payments, coinsurance, balance billed charges, and payments for services the Plan does not cover. There are two Deductibles under this Plan, an Out-of Network Deductible and the Upfront Deductible. Both Deductibles begin on July 1st, the first day of the Plan Year.

Out-of-Network Deductible means the amount you have to pay up to the deductible amount before this Plan begins to pay for covered Out-of-Network services you use. The Out-of Network Deductible is \$300 per individual and \$900 per family per year. You can avoid this deductible by using In-Network services.

Upfront Deductible means an amount you must pay up to the deductible amount before this Plan begins to pay for covered services you use. This deductible applies to In-Network services. For In-Network services the Upfront Deductible applies only to services listed as “no copay” with the exception of those listed under “Preventive Care”. The Upfront Deductible is \$350 per individual and \$350 per family member up to a maximum of \$1400 per year. You can avoid the Upfront Deductible by enrolling in the Health Enhancement Plan.

DEPENDENT means a Covered Employee's lawful spouse under a legally valid existing marriage or civil union and any children who meet the requirements for coverage as a Dependent as set forth in Section IV below.

DURABLE MEDICAL EQUIPMENT means equipment which:

- Is designated for repeated use in the Medically Necessary Care, diagnosis, or treatment of an illness or injury;
- Improves the function of a malformed body part or prevents, or retards further worsening of the Covered Person's medical condition; and
- Is not useful in the absence of injury or illness.

EFFECTIVE DATE means the date a Covered Person and his or her Dependents, if any, are enrolled in coverage and eligible to receive benefits for Covered Services under this Benefit Plan.

EXPERIMENTAL OR INVESTIGATIONAL means any drug, biologic, device, diagnostic, product, equipment, procedure, treatment, service, service or supply used in or directly related to the diagnosis, evaluation, or treatment of a disease, injury, illness, or other health condition which the Carrier determines in its sole discretion to be Experimental or Investigational.

A. The Carrier will deem any drug, biologic, device, diagnostic, product, equipment, procedure, treatment, service or supply to be Experimental or Investigational if it determines that one or more of the following criteria apply when the service is rendered with respect to the use for which benefits are sought. The drug, biologic, device, diagnostic, product, equipment, procedure, treatment, service or supply:

1. Cannot be legally marketed in the United States without the final approval of the Food and Drug Administration ("FDA"), or any other state or federal regulatory agency, and such final approval has not been granted; or
2. Has been determined by the FDA to be contraindicated for the specific use; or
3. Is provided as part of a clinical research protocol or clinical trial or is provided in any other manner that is intended to evaluate the safety, toxicity, or efficacy of the drug, biologic, device, diagnostic, product, equipment, procedure, treatment, service or supply; or
4. Is subject to review and approval of an Institutional Review Board ("IRB") or other body serving a similar function; or
5. Is provided pursuant to informed consent documents that describe the drug, biologic, device, diagnostic, product, equipment, procedure, treatment, service or supply as Experimental or Investigational, or otherwise indicate that the safety, toxicity, or efficacy of the drug,

biologic, device, diagnostic, product, equipment, procedure, treatment, service or supply is under evaluation.

B. Any service not deemed Experimental or Investigational based on the criteria in subsection A may still be deemed to be Experimental or Investigational by the Carrier. In determining whether a service is Experimental or Investigational, the Carrier will consider the information described in subsection C and assess the following:

1. Whether the scientific evidence is conclusory concerning the effects of the service or health outcomes;
2. Whether the evidence demonstrates that the service improves the net health outcomes of the total population for whom the service might be proposed by producing beneficial effects that outweigh any harmful effects;
3. Whether the evidence demonstrates the service has been shown to be as beneficial for the total population for whom the service might be proposed as any established alternatives; and
4. Whether the evidence demonstrates the service has been shown to improve the net health outcomes of the total population of whom the service might be proposed under the usual conditions of medical practice outside clinical investigatory settings.

C. The information considered or evaluated by the Carrier to determine whether a drug, biologic, device, diagnostic, product, equipment, procedure, treatment, service, or supply is Experimental or Investigational under subsections A and B may include one or more items from the following list, which is not all inclusive:

1. Published authoritative, peer-reviewed medical or scientific literature, or the absence thereof; or
2. Evaluations of national medical associations, consensus panels, and other technology evaluation bodies; or
3. Documents issued by and/or filed with the FDA or other federal, state or local agency with the authority to approve, regulate, or investigate the use of the drug, biologic, device, diagnostic, product, equipment, procedure, treatment, service, or supply; or
4. Documents of an IRB or other similar body performing substantially the same function; or
5. Consent document(s) used by the treating Physicians, other medical professionals, or facilities or by other treating physicians, other medical professionals or facilities studying substantially the same drug, biologic, device, diagnostic, product, equipment, procedure, treatment, service, or supply; or

6. The written protocol(s) used by the treating Physicians, other medical professionals, or facilities or by other treating Physicians, other medical professionals or facilities studying substantially the same drug, biologic, device, diagnostic, product, equipment, procedure, treatment, service, or supply, or
7. Medical records; or
8. The opinions of consulting Providers and other experts in the field.

D. The Carrier has the sole authority and discretion to identify and weigh all information and determine all questions pertaining to whether a drug, biologic, device, diagnostic, product, equipment, procedure, treatment, service, or supply is Experimental or Investigational.

Notwithstanding the above, services or supplies will not be considered Experimental if they have successfully completed a Phase III clinical trial of the Federal Food and Drug Administration, for the illness or condition being treated, or the diagnosis for which it is being prescribed.

In addition, services and supplies for Routine Patient Care Costs in connection with a Cancer Clinical Trial will not be considered Experimental.

GENDER IDENTITY DISORDER means a condition in which a person feels a strong and persistent identification with the opposite gender accompanied with a severe sense of discomfort in their own gender.

HOSPICE means a facility, organization or agency certified by Medicare that is primarily engaged in providing pain relief, symptom management, and supportive services to terminally ill people and their families.

HOSPITAL means an institution which provides 24-hour continuous services to confined patients, and whose chief function is to provide diagnosis and therapeutic facilities for the surgical and medical diagnosis, treatment, or care of injured or sick persons. A professional staff of licensed Physicians and surgeons must provide or supervise the services. The institution must provide General Hospital and major surgical facilities and services or specialty services.

1. **General Hospital** means a Hospital which is licensed as such by the State of Connecticut and has appropriate accreditation from the Joint Commission on Accreditation of Healthcare Organizations (JCAHO).

If out-of-state, a General Hospital must have state equivalent licensure and accreditation.

2. **Specialty Hospital** means a Hospital which is not a General Hospital but which is licensed by the State of Connecticut as a certain type of Specialty Hospital and has appropriate accreditation from the Joint Commission on Accreditation of Healthcare Organizations (JCAHO).

If out-of-state, a Specialty Hospital must have equivalent state licensure and accreditation.

3. **Participating Hospital** means a Hospital designated and accepted as a Participating Hospital by the Carrier to provide Covered Services to Covered Persons under the terms of the Benefit Plan.
4. **Non-Participating Hospital** means any appropriately licensed Hospital which is not a Participating Hospital under the terms of the Benefit Plan.
5. **Mobile Field Hospital** means a modular, transportable facility used intermittently, deployed at the discretion of the Governor, or the Governor's designee, for the purpose of training or in the event of a public health or other emergency for isolation care purposes or triage and treatment during a mass casualty event, or for providing surge capacity for a hospital during a mass casualty event or infrastructure failure and is licensed as such by the State of Connecticut.

The following shall not be considered a Hospital:

- A convalescent or extended care unit within or affiliated with the Hospital;
- A non-Hospital based clinic;
- A nursing, rest, or convalescent home, or extended care facility;
- An institution operated mainly for care of the aged;
- A health resort, spa, or sanitarium; or

Any facility not having appropriate state licensure and not accredited as a Hospital by the Joint Commission on the Accreditation of Health Care Organizations (JCAHO), except for a Hospital located outside the United States.

ID CARD means the card issued by the Carrier to a Covered Person for identification purposes which must be shown by the Covered Person to obtain Covered Services.

IN-NETWORK means that a Physician, Provider, or Facility has a participation contract with the Carrier that has issued the ID card to the Covered Person enrolled in that Benefit Plan.

INFERTILITY means the condition of a presumably healthy individual who is unable to conceive or produce conception or sustain a successful pregnancy during a one year period.

INPATIENT means a Covered Person who occupies a bed in a Hospital or other 24 hour care facility, receives board as well as diagnosis, care, or treatment and is counted as an Inpatient at the time of a Hospital or 24 hour care facility census.

INPATIENT FACILITY means a facility other than a Hospital that provides board as well as a diagnosis, care, or treatment on a 24 hour-a-day basis to patients, such as a Skilled Nursing Facility, Hospice, Substance Abuse Treatment Facility, Substance Care Facility, or Residential Treatment Facility.

LATE ENROLLEE means an eligible employee and/or Dependent who requests health benefit coverage following the Open Enrollment Period Effective Date, if applicable, or more than 31 days after the employee's and/or Dependent's earliest chance to enroll for coverage under the Benefit Plan.

LEARNING DISABILITY means a disorder in one or more of the basic psychological processes involved in understanding or in using spoken or written language. This may be manifested in disorders of learning, thinking, talking, reading, writing, spelling, arithmetic, or social perception.

LOCAL NETWORK AREA means the State of Connecticut and any area outside of the State of Connecticut that the Carrier designates as part of the Local Network Area for the Covered Person.

MAINTENANCE CARE means treatment provided for the Covered Person's continued well-being by preventing deterioration of the Covered Person's chronic clinical condition, and maintenance of an achieved stationary status which is at a point where little or no measurable objective improvement in musculo-skeletal function can be effectuated despite therapy.

MAXIMUM ALLOWED AMOUNT (MAA) means the maximum amount of reimbursement the Carrier will allow for services and supplies:

- that meet the Benefit Plan's definition of Covered Services, to the extent such services and supplies are not excluded,
- that are Medically Necessary, and
- that are provided in accordance with all applicable Prior Authorization, utilization management or other requirements set forth in this Benefit Plan.

Reimbursement for services rendered by Participating and Non-Participating Providers is based on the Benefit Plan's Maximum Allowed Amount for the Covered Service. When you receive Covered Services from a Provider, the Carrier will apply claim processing rules to the claim submitted for those Covered Services. These rules evaluate the claim information and, among other things, determine the accuracy and appropriateness of the procedure and diagnosis codes included in the claim. Applying these rules may affect the Carrier's determination of the Maximum Allowed Amount.

The Carrier's application of these rules does not mean that the Covered Services you received were not Medically Necessary. It only means the Carrier has determined that the claim submission was inconsistent with procedure coding rules and/or reimbursement policies. For example, a Provider may have submitted the claim using several procedure codes when there is a single procedure code that includes all of the procedures that were performed. When this occurs, the Maximum Allowed Amount will be based on the single procedure code rather than a separate Maximum Allowed Amount for each billed code.

When multiple procedures are performed on the same day by the same Provider, or other healthcare professional, the Carrier may reduce the Maximum Allowed Amounts for those secondary and subsequent procedures because reimbursement at 100% of the Maximum

Allowed Amount for those procedures would represent duplicative payment for components of the primary procedure that may be considered incidental or inclusive.

Impact of Provider Network Status

The Maximum Allowed Amount may vary depending upon whether the Provider is a Participating Provider or a Non-Participating Provider of the Carrier that has issued the ID card to the Covered Person.

In-Network Services. A Participating Provider is a Provider who has a participation contract with the Carrier that has issued the ID card to the Covered Person, who is in the network for this specific Benefit Plan or in a special center of excellence or other closely managed specialty network of the Carrier. For Covered Services performed by a Participating Provider, the Maximum Allowed Amount under the Benefit Plan is the rate the Provider has agreed to accept as reimbursement for the Covered Services. Participating Providers have agreed to accept the Maximum Allowed Amount as payment in full for those Covered Services; they should not send a bill or collect for amounts beyond the applicable Co-pay.

Out-of-Network Services. Providers who have not signed any contract with the Carrier and are not in any of the Carrier's networks are Non-Participating or Out-of-Network Providers. For Covered Services received from a Non-Participating Provider, the Maximum Allowed Amount for your Benefit Plan will be one of the following as determined by the Carrier:

1. An amount based on its Non-Participating Provider fee schedule/rate, which may be modified from time to time, after considering reimbursement amounts for like/similar Providers, for the same services or supplies, and other industry cost, reimbursement and utilization data; or
2. An amount based on the level and/or method of reimbursement used by the Centers for Medicare and Medicaid Services for the same services or supplies; or
3. An amount based on information provided by a third party vendor, which may reflect: (a) the complexity or severity of treatment, (b) level of skill and experience required for the treatment, or (c) comparable Providers' fees and costs to deliver care; or
4. An amount negotiated by the Carrier or a third party vendor which has been agreed to by the Provider, which may include rates for services coordinated through case management; or
5. An amount equal to the total charges billed by the Provider, but only if such charges are less than the Maximum Allowed Amount calculated by using one of the methods described above.

Non-Participating Providers may bill and collect for the amount of the Provider's charge that exceeds the Carrier's Maximum Allowed Amount. The Covered Employee is responsible for paying the difference between the Maximum Allowed Amount and the amount the Provider charges. This amount can be significant. Choosing a Participating Provider will likely result in lower out of pocket costs. Call the Carrier's Customer Service for help in finding a Participating Provider.

The Carrier's Customer Service can assist you in determining the Benefit Plan's Maximum Allowed Amount for a particular service from a Non-Participating Provider. To calculate your out-of-pocket responsibility you will need to obtain from your Provider the specific procedure code(s) and diagnosis code(s) for the services the Provider will render, and the Provider's charges. The Carrier's Customer Service can assist you with this pre-service information; however, the final Maximum Allowed Amount will be based on the actual claim submitted.

Covered Person Cost-Share

For certain Covered Services a Covered Person may be required to pay a part of the Maximum Allowed Amount as a Cost-Share amount (for example, Deductible, Co-payment, and/or Coinsurance).

The Cost-Share amount and Cost-Share Maximum limits may vary depending on whether services were provided by a Participating or Non-Participating Provider or depend upon the benefit plan selected. The Schedule of Benefits in this Plan Document summarizes the Cost-Share responsibilities and limitations. The Carrier's Customer Service can advise how Benefit Plan benefits or Cost-Share amounts may vary by the type of Provider used.

In some instances you may only be asked to pay the lower In-Network Cost-Share amount when you use a Non-Participating Provider. For example, if you go to a Participating Hospital or Provider Facility and receive Covered Services from a Non-Participating Provider, such as a radiologist, anesthesiologist or pathologist who is employed by or contracted with a Participating Hospital or facility, you will pay the In-Network Cost-Share amounts for those Covered Services. However, you also may be liable for the difference between the Maximum Allowed Amount and the Non-Participating Provider's charge. In addition, if you receive Covered Services in a Non-Participating General Hospital in Connecticut, you will pay the lower In-Network Cost-Share amount and will not be balance billed for any difference between the In-Network and Non-Participating Hospital's charge.

Non-Covered Services

The Benefit Plan will not provide any reimbursement for non-covered services. You will be responsible for the total amount billed by your Provider for non-covered services, regardless of whether such services are performed by a Participating or Non-Participating Provider. Non-covered services are those specifically excluded by the terms of your Benefit Plan and those received after benefits have been exhausted or your eligibility has lapsed. Benefits may be exhausted by exceeding, for example, benefit maximums or day/visit limits.

Authorized Services

In some non-Emergency circumstances, such as where there is no Participating Provider available for a Covered Service, the Carrier may authorize the network Cost-Share amounts (Co-payment, and/or Coinsurance) to apply to a claim for a Covered Service received from a Non-Participating Provider. In such circumstances, you must contact the Carrier before obtaining the Covered Service. The Carrier also may authorize the In-Network Cost-Share amounts to apply to a claim for Covered Services if you receive Emergency services from a

Non-Participating Provider and are not able to contact the Carrier until after the Covered Service is rendered. If the Carrier authorizes a Covered Service, you may still be liable for the difference between the Maximum Allowed Amount and the Non-Participating Provider's charge. Contact your Carrier's Customer Service or to request Authorization or information.

MAXIMUM OUT-OF-POCKET means the most that a Cover Member would pay during a coverage period (usually one year) for his or her share of the cost of covered services. The following are not included in calculating the Maximum Out of Pocket: premiums, balance-billed charges, out-of-network cost sharing, health care the plan does not cover, co-payments, and upfront deductibles.

MEDICAL EMERGENCY means a medical or behavioral condition the onset of which is sudden, that manifests itself by symptoms of sufficient severity, including severe pain, that a prudent layperson, possessing an average knowledge of medicine and health, could reasonably expect in the absence of immediate medical attention to result in: (a) placing the health of the afflicted Participant in serious jeopardy, or in the case of a behavioral condition placing the health of such Participant or others in serious jeopardy; (b) serious impairment to the member's bodily functions; (c) serious dysfunction of any bodily organ or part of such Participant; or (d) serious disfigurement of such Participant.

Medical Emergencies include, but are not limited to, the following conditions:

- Severe chest pains
- Severe or multiple injuries
- Severe shortness of breath
- Loss of consciousness
- Sudden change in mental status (e.g., disorientation)
- Severe bleeding
- Poisonings
- Convulsions
- Acute pains or conditions requiring immediate attention (suspected heart attack or appendicitis).

The Carrier shall have the right to review all appropriate medical records and make the final decision regarding the existence of a Medical Emergency. Regarding such retrospective reviews, the Plan will cover only those services and supplies that are determined to be Medically Necessary and are performed to treat or stabilize a Medical Emergency condition.

All medical emergencies that meet the criteria of a Medical Emergency will be treated as an In-Network service regardless of where care is received, provided that notification protocols have been followed.

MEDICALLY NECESSARY (MEDICALLY NECESSARY CARE, MEDICAL NECESSITY) means health care services that are determined to be Medically Necessary for the diagnosis or treatment of an accidental injury, sickness, disease or pregnancy based

on and consistent with standards approved by the Carrier's medical personnel. A determination that a service or supply is not Medically Necessary may apply to the entire service or supply or to any part of the service or supply. The following standards are developed in part with consideration whether the service or supply meets the following:

1. It is clinically appropriate, in terms of type, frequency, extent, site and duration and considered effective for diagnosis or treatment of the patient's illness, injury or disease;
2. It is safe and effective according to accepted clinical evidence reported by generally recognized medical professionals or publications;
3. There is not a less intensive or more appropriate diagnostic or treatment alternative that could have been used in lieu of the service or supply given.

MEDICARE means Title XVIII of the Social Security Act of 1965, as amended.

MENTAL HEALTH CARE means services provided to treat a mental disorder as defined in the most recent edition of the American Psychiatric Association's "Diagnostic and Statistical Manual of Mental Disorders". Mental Health Care does not include care for: (1) mental retardation, (2) learning disorders, (3) motor skills disorder, (4) communication disorders, (5) caffeine-related disorders, (6) relational problems, and (7) additional conditions that may be a focus of clinical attention, that are not otherwise defined as mental disorders in the most recent edition of the American Psychiatric Association's "Diagnostic and Statistical Manual of Mental Disorders".

OPEN ENROLLMENT PERIOD means the period of time during which Employees may select or make changes to their group health coverage.

OUT-OF-NETWORK means that services have been obtained from a Non-Participating Physician, Non-Participating Hospital or other Non-Participating Provider not affiliated with your Carrier under your Benefit Plan. Obtaining treatment or care from an Out-of-Network Provider may result in services not being covered at all or being covered but requiring the Covered Person to satisfy a deductible, pay a portion of the allowed amount (usually 20%) and remain liable for payment of billed charges that exceed the Carrier's Maximum Allowed Amount for the service obtained.

OUTPATIENT means that the Covered Person receives services in a Hospital emergency room, Physician's office, or ambulatory surgical facility, and leaves in less than 24 hours.

PARTIAL HOSPITALIZATION means continuous treatment in a General Hospital, Specialty Hospital, or Residential Treatment Facility consisting of not less than 4 hours, and not more than 12 hours in any 24 hour period.

PARTICIPANT/MEMBER means a full-time Participant/Member who meets the Participating Employer's eligibility requirements for enrollment in the group health benefit Plan as specified in the Addendum hereto.

PARTICIPATING EMPLOYER means a municipality, political subdivision or board of education choosing to secure health benefit coverage under the Partnership Plan for its active and retired employees (if applicable) and their eligible Dependents, as described in the Addendum hereto.

PHYSICIAN means any licensed doctor of medicine (M.D.), osteopathic Physician (D.O.), dentist (D.D.S./D.M.D.), podiatrist (Pod. D/D.S.C./D.P.M.), doctor of chiropractic (D.C.), naturopath (N.D.), optometrist (O.D.), or psychologist (Ph.D./Ed.D/PsyD.) who is licensed to practice in the state in which services are rendered.

Participating Physician means any appropriately licensed Physician designated and accepted as a Participating Physician by the Carrier to provide Covered Services to Covered Persons.

Non-Participating Physician means any appropriately licensed Physician who is not a Participating Physician with the Carrier.

PLAN means any Plan which provides benefits or services for Hospital, medical/surgical, or other health care diagnosis or treatment on a group basis.

PLAN DOCUMENT means this document, which describes the benefits, terms and conditions applicable to the Benefit Plan, as it may be amended from time-to-time.

PLAN SPONSOR means the Office of the State Comptroller on behalf of the State of Connecticut.

PREVENTIVE CARE consists of medical services that have been demonstrated by clinical evidence to be safe and effective in either the early detection of disease or in the prevention of disease, have been proven to have a beneficial effect on health outcomes and include the following as required under applicable law:

1. Evidence-based items or services that have in effect a rating of "A" or "B" in the current recommendations of the United States Preventive Services Task Force;
2. Immunizations that have in effect a recommendation from the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention;
3. With respect to infants, children and adolescents, evidence-informed preventive care and screenings provided for in the comprehensive guidelines supported by the Health Resources and Services Administration (HRSA);
4. With respect to women, such additional preventive care and screenings as provided for in comprehensive guidelines supported by the HRSA; and
5. With respect to women Preventive Care benefits include the cost of renting one breast pump per pregnancy in conjunction with childbirth. Benefits for breast pumps also include the cost of purchasing one breast pump per pregnancy in conjunction with

childbirth. Benefits are only available if breast pumps are obtained from a DME Provider, Hospital or Physician.

PRIOR AUTHORIZATION (PRIOR AUTHORIZED) means verification of benefits and determination of Medical Necessity, which enables a Covered Person to receive benefits for certain Covered Services.

PROOF means any data that may be required in order to satisfactorily determine an individual's eligibility for coverage or compliance with any provision of this Benefit Plan.

PROSTHETIC DEVICE means any device which replaces all or part of a body organ (including contiguous tissues), or replaces all or part of the function of a permanently inoperative, absent, or malfunctioning part of the body, including leg, arm, back, or neck braces, or artificial legs, arms or eyes, and any prosthesis with supports, including replacement if a Covered Person's physical condition changes.

PROVIDER means any appropriately licensed or certified health care professional or facility providing health care services or supplies to Covered Persons.

Participating Provider means any appropriately licensed or certified health care professional or facility designated and accepted as a Participating Provider by the Carrier to provide Covered Services to Covered Persons.

Non-Participating Provider means any appropriately licensed or certified health care professional or facility that is not a Participating Provider.

QUALIFYING STATUS CHANGE means a change affecting an individual's eligibility for coverage under the Plan (resulting from a change in marital or employment status, number or age of Dependents, or residency) which entitles that individual to make changes in health care enrollment outside of the annual Open Enrollment Period or that would create a right in the affected individual(s) to obtain continuation of coverage under COBRA.

RESIDENTIAL TREATMENT FACILITY means a treatment center which provides residential care and treatment for emotionally disturbed individuals and is accredited by the Council on Accreditation or the Joint Commission on the Accreditation of Health Care Organizations as a Residential Treatment Facility.

ROUTINE PATIENT CARE COSTS means Costs for Medically Necessary health care services that are incurred as a result of treatment rendered to a Covered Person for purposes of a Cancer Clinical Trial that would otherwise be covered if such services were not rendered in conjunction with a Cancer Clinical Trial. Such services shall include those rendered by a Physician, diagnostic or laboratory tests, hospitalization or other services provided to the Covered Person during the course of treatment in Cancer Clinical Trial and coverage for Routine Patient Care Costs incurred for off-label drug prescriptions. Hospitalization for Routine Patient Care Costs shall include treatment at an Out-of-Network facility if such treatment is not available In-Network and is not eligible for

reimbursement by the sponsors of such clinical trial. Out-of Network Hospitalization will be rendered at no greater cost to the insured person than if such treatment was available In-Network; all applicable In-Network Cost-Shares will apply.

Routine Patient Care Costs shall not include:

1. The cost of an investigational new drug or device that has not been approved for market for any indication by the federal Food and Drug Administration,
2. The cost of a non-health care service that a Covered Person may be required to receive as a result of the treatment being provided for the purposes of the Cancer Clinical Trial;
3. Facility, ancillary, professional services and drug costs that are paid for by grants or funding for the Cancer Clinical Trial;
4. Costs of services that (a) are inconsistent with widely accepted and established regional or national standards of care for a particular diagnosis, or (b) are performed specifically to meet the requirements of the Cancer Clinical Trial; or
5. Costs that would not be covered under this Plan for non-investigational treatments, including items excluded from coverage under the Plan, and transportation, lodging, food or any other expenses associated with travel to or from a facility providing the Cancer Clinical Trial, for the Covered Person or any family member or companion.

SKILLED NURSING FACILITY means any institution that:

1. Accepts, and charges for patients on an Inpatient basis;
2. Is primarily engaged in providing skilled nursing care, rehabilitative, and related services to patients requiring medical, and skilled nursing care;
3. Is under the supervision of a licensed Physician;
4. Provides 24 hour a day nursing service under the guidance of a registered nurse, and
5. Is not a place mainly used for the treatment of nervous-mental disorders, pulmonary tuberculosis, a place of rest, Custodial Care, or acute Inpatient level of care.

SPECIALIZED FORMULA means amino acid modified preparations and low protein modified food products prescribed and administered by a Physician for the treatment of an inherited metabolic disease for individuals who are or will become malnourished or suffer from disorders, which, if left untreated, will cause chronic disability, mental retardation or death.

SPECIALIZED INFANT FORMULA means a nutritional formula for children up to age of twelve that is exempt from the general requirements for nutritional labeling under the statutory and regulatory guidelines of the Federal Food and Drug Administration and is

intended for use solely under medical supervision in dietary management of specific diseases.

SUBSTANCE ABUSE CARE means services to treat alcoholism or drug dependency.

SUBSTANCE ABUSE TREATMENT FACILITY means a facility which is established primarily to provide 24-hour Inpatient treatment of substance abuse and licensed for such care by the State of Connecticut Department of Public Health and Addiction Services or other appropriate licensing agency if located outside the State of Connecticut.

TOTALLY DISABLED means that because of an injury or disease a Covered Person is unable to perform the duties of any occupation for which he or she is suited by reason of education, training, or experience.

A Dependent shall be Totally Disabled if because of an injury or disease he or she is unable to engage in substantially all of the normal activities of persons of like age and sex in good health.

The Carrier will determine if a Covered Person is Totally Disabled under the terms of the Benefit Plan. The Covered Person will be required to provide Proof of continued disability if requested to do so.

URGENT CARE means care for an illness or injury which is not a Medical Emergency, but requires immediate medical attention.

URGENT CARE FACILITY means a Provider from whom Urgent Care services may be obtained when a Covered Person's Physician or covering Physician is not available to treat the Covered Person.

WALK-IN CLINIC means a free-standing center providing episodic health services without appointments for diagnosis, care, and treatment of non-urgent conditions or symptoms.

IV. ELIGIBILITY, ENROLLMENT AND TERMINATION OF COVERAGE

A. ELIGIBILITY

1. Active and Retired Employees

Eligibility for Coverage of Active and Retired Employees, if applicable, is determined by the rules of the Participating Employer as set forth in the Addendum hereto.

In no event shall Participating Employer's eligibility rules permit enrollment (except as a Dependent) of any individual who is not an Active or Retired Employee of the Participating Employer.

2. Medicare-Eligible Retirees

If the Participating Employer permits enrollment of retired employees, and the retiree (and his or her enrolled spouse) is eligible to enroll in both Parts A and B of Medicare, then the retiree and his or her enrolled spouse will be required to enroll in Medicare. The retiree benefits provided under the Plan are supplemental to Medicare and will provide benefits to a retired employee (and his or her enrolled spouse, if applicable) only to the extent that coverage for such Services is not provided under Medicare.

Retirees who do not enroll in Medicare under Parts A and B (if eligible to do so) will only be covered for those benefits (approximately 20%) that would not have been covered by Medicare.

3. Dependents

This section describes the individuals who are eligible to be enrolled in the Benefit Plan as Dependents of a Covered Employee, whether active or retired. The Participating Employer has the right to request Proof of Dependent status at any time.

If the Participating Employer's eligibility rules permit enrollment as the dependent of an Employee or Retiree any category of individual other than as described in parts (a) through (f) of this Section, check the box below and describe the individuals on the Addendum hereto.

- Participating Employer also permits enrollment of additional individuals as a dependent as described on Exhibit A.

The following individuals (as supplemented by those identified on the Addendum, if applicable) are eligible to be enrolled as a Dependent:

a. **Spouse or Recognized Civil Union Partner**

The lawful spouse of the Covered Employee under a legally valid, existing marriage or a recognized Civil Union Partner.

Note:

- An individual from whom you are divorced or legally separated is not eligible for coverage as a “spouse”.
- In event of the preretirement death of a Covered Employee, a spouse who was not married to the deceased employee for at least 12 months prior to the date of death is not eligible for coverage.

b. **Child of the Covered Person or Spouse**

A child of the Covered Employee (includes a step-child, a child legally placed for adoption, a legally adopted child, or a child under the age of 26 for whom the Covered Employee has been designated as the responsible party under a Qualified Medical Child Support Order).

c. **Newborn Dependent Child**

A newborn child of the Covered Employee will be covered from the moment of birth. In order to maintain coverage the Covered Employee must submit a completed application to add the newborn within 31 days following the date of birth. Eligibility requirements must be met as specified in the preceding section.

Benefits for Covered Services for a newborn shall consist of Medically Necessary care and treatment of injury or sickness, including medically diagnosed congenital defects and birth abnormalities, subject to the terms, conditions, exclusions and limitations of this Plan Document.

d. **Newborn Child of an Enrolled Female Dependent**

A newborn child of an enrolled female Dependent child will be covered from the moment of birth up to and including 31 days immediately following birth, but is not eligible for coverage enrollment beyond the initial 31-day period.

e. **Totally Disabled Dependent Child**

A Totally Disabled Dependent child who is incapable of sustaining employment by reason of physical or mental handicap may continue as an enrolled Dependent beyond the age limit set forth in the Health Benefit Plan, provided he or she:

- is unmarried and over the age of 26;
- is incapable of sustaining employment by reason of physical or mental handicap as certified by a Physician and for whom the Covered Person or his or her spouse or Civil Union Partner, is chiefly responsible for support and maintenance; and
- became disabled prior to the limiting age for a Dependent child and had comparable coverage as a Dependent at the time of enrollment.

Proof of such incapacity and dependency must be received by the Plan Sponsor within 31 days of the date upon which the child’s coverage would have terminated in the absence of such incapacity. The disability must be

certified at that time or at the time of enrollment by a Physician and then no more than annually thereafter.

Notice of Change in Status

It is the responsibility of the Covered Employee to notify the Participating Employer of any change in the status of an enrolled individual within 31 days of the event or occurrence that renders such individual ineligible for continued coverage as a Dependent. Active employees should notify the personnel/payroll office of their employing agency. Examples of such status changes include:

- A covered child's attainment of age 26, or
- Divorce or entry of a judgment of legal separation.

Proof of Dependent Status

Proof of each Dependent's relationship to the employee/retiree must be presented at the time of the initial application for coverage of that individual or upon request for confirmation of continued eligibility for coverage. The original document(s) (or certified copies), as specified below, must be presented to the Participating Employer's personnel office or its authorized agent, for verification of Dependent status:

- Marriage – Marriage Certificate and the first two pages of an Employee's or Retiree's most recent federal income tax return confirming claimed marital status.
- Civil Union or Same-Sex Marriage,–,Certificate of Civil Union or Marriage and submission of Covered Employee's most recent state income tax return confirming claimed status (where applicable).
- Biological child – Birth Certificate.
- Step-child – Birth Certificate showing parent/child relationship between the Covered Employee's spouse and child to be added.
- Adoption – Notification of Placement for Adoption from the adoption agency or a certified copy of the Adoption decree.
- A valid Support Enforcement Order from the State Department of Social Services shall satisfy the above requirements for proof of relationship with regard to a minor child. In such case, the child must be added to the Covered Employee's coverage, as ordered, with or without the consent Covered Employee.

Penalties for Enrollment of Ineligible Individual

Any Covered employee who knowingly enrolls an ineligible individual or misrepresents (or withholds) facts regarding an enrolled individual's status, or fails to notify the Participating Employer of an event or occurrence that renders an enrolled individual ineligible for continued coverage under the Plan may be subject to one or more of the following:

- An active employee may be subject to disciplinary action for enrolling or maintaining the enrollment for a person who is not eligible for coverage as a Dependent
- Payment of income tax on the fair market value of health benefit coverage for an ineligible individual, which will be reported to the Internal Revenue Service as additional wages to the employee or retiree;
- Subject to liability for the value of claims paid on behalf of an ineligible Dependent;
- Restitution for the Participating Employer's share of any premiums advanced for the ineligible Dependent;
- Rescission of coverage;
- Suspension from eligibility for coverage under the Benefit Plan; or
- Prosecution for fraud.

Note: The above status changes are events that provide your former dependents with the right to continue medical coverage at their own expense for a limited period of time under a federal law known as COBRA. See Section XI below. Although the plan requires notification and termination of coverage for ineligible individuals within 31 days of the status change, federal regulations give you and/or your ineligible dependent up to 60 days to notify the Participating Employer of the change in status to obtain COBRA continuation coverage. If notice of the change in status is not provided within the 60-day period after the qualifying event, the Plan is not obligated to provide COBRA continuation coverage.

B. ENROLLMENT PROCEDURES

1. Newly Hired Employees – Coverage for Active Employees is determined by the rules of the Participating Employer as set forth in Exhibit A. In order to become a Covered Employee, you must enroll within the time period set forth on Exhibit A. If you do not enroll during that period you may be required to wait until the annual Open Enrollment Period, unless there is a Qualifying Status Change, which results in a loss of healthcare coverage.

2. Retirees – In order to become a Covered as a Retiree, you must enroll within the time period set forth on Exhibit A. If you do not enroll during that period you may be required to wait until the annual Open Enrollment Period, unless there is a Qualifying Status Change, which results in a loss of healthcare coverage.

3. Annual Open Enrollment – Each year there is an Open Enrollment Period for approximately one month, during which all Plan Participants may make changes to their health Plan enrollment. The annual Open Enrollment Period is normally the only time employees may change Dependent coverage.

Mid-Year Enrollment due to Qualifying Status Changes – Under certain conditions, an employee or retiree may make or change an election that corresponds to a change in family or work status outside of the Open Enrollment Period. All requests for change of election due to a Qualifying Status Change must be made within thirty-one (31) days of the event that results in an individual's loss or change of coverage.

Examples of Qualifying Status Changes:

- A newborn child or new spouse may be added to your Plan within 31 days of the event.
- If your spouse loses health benefits provided through his\her employer, or there are substantive changes in that Plan that negatively affects the cost or such coverage, you may add your spouse and any eligible Dependent children who were covered by your spouse's Plan effective as of the day the former coverage is no longer in effect, or if that date is not the first day of a month, the first day of the month preceding the loss of coverage.

4. Effective Date of Coverage

All periods of coverage start on the first day of a month and end on the last day of a month.

a. Newly hired employees: Coverage for the employee and any eligible Dependents will commence as of the first day of the month following enrollment.

b. Retirees: Coverage for retirees will commence on the first day of the month after the month of enrollment.

c. New Spouse: Coverage for a new spouse will be effective on the first day of the month following the enrollment, which must take place within 31 days of the marriage or at Open Enrollment.

d. Children: A newborn child of a Covered Employee is automatically covered for 31 days following birth, but will not be covered after that period unless an enrollment application is submitted within 31 days of the birth.

A child who is newly adopted or placed for adoption with a Covered Employee must be enrolled within 31 days of the Date of Placement for Adoption or the date of Adoption. Coverage will be effective on the first day of the month following the month in which the qualifying event occurs.

A step-child may be enrolled within 31 days of the date when eligibility requirements are first met. Coverage will be effective on the first day of the month following the date of enrollment. For example, as the result of marriage, a Covered Employee may enroll the child of his or her new spouse within 31 days of the marriage.

5. Effect of hospitalization on Coverage: If you or an eligible Dependent is confined in a Hospital on the date when that person would otherwise become eligible for coverage, that person will not be eligible for coverage under the Benefit Plan until the confinement ends, provided that the person is not Totally Disabled on that date.

C. COVERAGE DURING LEAVES OF ABSENCE

1. Paid Leave: Health benefits may be continued during paid leave as set forth in the Participating Employer's eligibility requirements on the Addendum.

2. Unpaid Leave:

Family and Medical Leave –The political subdivision municipality or board of education will continue to contribute the employer share of applicable premiums to maintain Benefit Plan coverage for an employee on leave under the Family and Medical Leave Act (FMLA) for up to 24 weeks (12 pay periods) in any two year period, provided that the employee premium share for such coverage, if any, is made directly to the employing agency on a timely basis. An employee who is eligible for federal but not State FMLA is entitled to up to 12 weeks of continued coverage for health benefits in any 12 month period, provided that employee premium share, if any, is made directly to the employing agency on a timely basis.

Employee Medical Leave – The political subdivision municipality or board of education will continue to contribute the employer share of applicable premiums to maintain Benefit Plan coverage for an employee on personal medical leave for the period of time set forth in Exhibit A, provided that the employee premium share, if any, is paid directly to the employing agency on a timely basis.

3. Workers Compensation– An employee who is on leave while receiving Workers Compensation benefits attributable to employment with the Participating Employer may continue to participate in the Benefit Plan.

4. Effect of Leave on Open Enrollment

An employee on leave status of any kind has the right to change coverage during the annual Open Enrollment Period.

D. TERMINATION OF COVERAGE

Coverage under this Plan may terminate for the following reasons:

- 1. Non-Payment** – In the event you do not pay the required employee share of the premium, coverage will terminate at the end of the last month for which premium payments were received. Coverage that is canceled for non-payment will not be reinstated unless the full amount in arrears is paid. Failure to pay the employee premium share (or total premium if applicable) when due may result in cancellation of coverage, with no right to COBRA continuation coverage.
- 2. Change of Work Status** – If you are terminated from employment, laid off, are employed less than the number of hours required by the Participating Employer to qualify for Active employee health coverage or transferred to a position not eligible for health benefits, your health benefits will terminate on the first day of the month following the event.
- 3. Death**– All coverage of Dependents under this Plan will automatically terminate on the first day of the month following the death of the Covered Employee, unless they are eligible for continued coverage as Dependents of a deceased active or retired employee under the Participating Employer’s eligibility rules or elect COBRA continuation coverage, as set forth in Section IV above.
- 4. Change in Marital Status**– If you become legally separated or divorced, or if your marriage is annulled, the coverage of your former spouse (and any enrolled step-child) will automatically terminate on the first day of the month following the effective date of the legal separation, divorce, or annulment.
- 5. Loss of Dependent Child Status** – The coverage of a child under this Plan will automatically terminate:

On the first day of the month following the child’s twenty-sixth (26) birth date, or

In the case of an unmarried child over twenty-six (26) years of age who has been covered by reason or physical or mental disability, on the last day of the month in which the child is no longer incapable of self-support or within 31 days of the child’s date of marriage.

COBRA continuation coverage. You and your covered Dependents may have rights to continue coverage under the COBRA Plan. See Section XI, COBRA Continuation. Individuals who were ineligible for participation in the Plan as Dependents are not entitled to COBRA Continuation Coverage.

V. MANAGED CARE GUIDELINES

Subject to the terms and conditions of the Benefit Plan, a Covered Person is eligible for benefits for Covered Services for Medically Necessary Care when prescribed or ordered by a Physician and when in accordance with the provisions of this Section.

A. INTRODUCTION

A Covered Person's right to benefits for Covered Services provided under this Plan is subject to certain policies or guidelines and limitations, including, but not limited to: Prior Authorization, Concurrent Review, and Case Management. A description of each of these provisions is described in this Section. Failure to follow the Managed Care Guidelines for obtaining Covered Services may result in a reduction or denial of benefits.

Members with questions regarding Managed Care Guidelines and services for which Prior Authorization is required should call the telephone number on the back of the Identification Card issued by the Carrier or consult the Carrier's website:

UnitedHealthcare/Oxford— <http://partnershipstateofct.welcometouhc.com/home>.

The Covered Person should consult his/her Physician concerning courses of treatment and care. Notwithstanding any benefit determination, the Covered Person and the Covered Person's Physician must determine what care and/or treatment is received.

B. MEDICAL POLICY

The Carrier's medical policy sets forth the standards of practice and medical interventions that have been identified as reflecting appropriate medical practice. The purpose of the Carrier's medical policy is to assist in the determination of Medical Necessity. Medical technology is constantly changing, and the Carrier has the right to review and update its medical policy periodically. The benefits, exclusions and limitations in the Plan Document take precedence over the Carrier's medical policy.

C. MEMBER RESPONSIBILITIES WHEN OBTAINING HEALTH CARE—PRIOR AUTHORIZATION

Prior Authorization, also known as precertification, of certain services is required so that can review the service to verify that it is Medically Necessary and that the treatment provided is the proper level of care. Prior Authorization may be obtained by contacting the Carrier at the telephone number located on the back of the Covered Person's Identification Card. It is the Participating Provider's responsibility to obtain Prior Authorization for the services listed below. If a Covered Person decides to receive services from a Non-Participating Physician, Hospital or Provider, it is the Covered Person's responsibility to obtain Prior Authorization from the Carrier before receiving services. The Covered Person and Physician or Provider will receive written notification regarding approval or denial of a Prior Authorization.

Issuance of Prior Authorization indicates that has determined that the services are Medically Necessary and will pay for such approved services, if they are otherwise covered under the Plan, the Coinsurance/Co-payment/Deductible requirements are met, and the patient is covered on the date care is received. The Prior Authorization will indicate a period for approval. Any service that is not performed within the specified time frame will need to be re-authorized.

Non-Medically Necessary treatment or services for which the required Prior Authorization has not been obtained will be subject to review and will not be eligible for coverage if they are determined not to have been Medically Necessary. Penalties may also apply for obtaining services for which Prior Authorization is required from a Non-Participating Provider.

1. Services Requiring Prior Authorization

Air Ambulance	Organ Transplant
Bariatric Surgery	Orthoptic Exercises
Chemotherapy	Outpatient Occupational Therapy
Colonoscopy	Outpatient Physical Therapy
Durable Medical Equipment over \$500(includes foot orthotics and hearing aids)	Outpatient/ Surgery
High Cost Diagnostic Imaging (MRI, MRA, CAT, CTA, PET, SPECT scans)	Partial Hospitalization (under 12 hours)
Infertility Treatments	Mental Health/Substance Abuse
Inpatient Non-Emergency Care (includes childbirth)	Private Duty Nursing
Inpatient Hospice	Skilled Nursing Facility Admission
Inpatient, Mental Health	Sleep Studies
Inpatient, Substance Abuse Treatment	Specialized Formula
Internal & External Prosthetic Devices	Specialized Infant Formula
Kidney Dialysis	Specialty Hospital Admission
Oral Surgery	Specialty Hospital Admission
	Substance Abuse Residential Treatment

2. Obtaining Prior Authorization

Participating Providers in the Carrier’s network know which services require Prior Authorization and will obtain the Prior Authorization when required. Participating Providers have detailed information regarding the Carrier’s managed care guidelines procedures and are responsible for assuring that those requirements are met. Members in a POS Plan who are using an Out-of-Network Provider should advise that Provider to contact the Carrier for information on obtaining Prior Authorization.

3. Who is responsible for obtaining Prior Authorization?

Services provided by a Network Provider: The Provider is responsible for obtaining Prior Authorization.

Services provided by Non-Participating Provider: The Covered Person is responsible for obtaining the Prior Authorization.

Note: The Covered Person will be financially responsible for the cost of obtaining services and/or care in settings that are not covered under the Benefit Plan if the Carrier makes an adverse determination that such services are not Medically Necessary or are Experimental or Investigational.

4. Prior Authorization for Inpatient Admissions

Prior Authorization is required for Hospital Admissions, Inpatient Facility Admissions, or Admission to a Partial Hospitalization or Day/Night Program.

In-Network: When a Covered Person is scheduled for an In-Network Admission to a Hospital, Skilled Nursing Facility, or inpatient hospice care, the Participating Provider is responsible for obtaining the Prior Authorization from the Carrier, unless the Admission is due to a Medical Emergency.

Out-of-Network: When a Covered Person is scheduled for an Admission to an Out-of-Network Hospital, Skilled Nursing Facility, or inpatient hospice care, it is the responsibility of the Covered Person or his or her representative to obtain Prior Authorization from the Carrier, unless the Admission is due to a Medical Emergency.

5. Failure to obtain Prior Authorization

Members who obtain non-emergency services from a Non-Network Provider without obtaining the required Prior Authorization may be subject to a penalty equal to \$500 or 20% of the cost of such services, whichever is less. In addition, if the services provided are deemed to not be Medically Necessary, coverage for such services may be denied.

6. Medical Emergency Admissions

This Benefit Plan provides benefits for Medical Emergency Admissions. It is the Participating Provider's responsibility to notify the Carrier within 48 hours of an Inpatient Admission due to a Medical Emergency. If the Covered Person receives services from a Non-Participating Physician, Hospital, or Provider, the Covered Person must notify the Carrier within 48 hours of an Inpatient Admission due to a Medical Emergency.

Upon receiving proper notification of the Medical Emergency Admission, must Authorize and manage continued Inpatient or Outpatient care related to the Medical Emergency in order for such care to be covered under this Benefit Plan.

If the Covered Person has an Inpatient Admission due to a Medical Emergency and is not notified within two (2) business days, benefits for Covered Services shall only be provided if the Covered Person's condition at the time of diagnosis, care or treatment is confirmed to have been a Medical Emergency.

After the cessation of the Medical Emergency any follow-up diagnosis, care, or treatment performed must be provided by a Participating Physician or Provider in order for benefits to be considered as In-Network.

After the cessation of the Medical Emergency any follow-up diagnosis, care or treatment provided by a Non-Participating Physician or Provider will be subject to the Cost-Shares specified in the Schedule of Benefits for Out-of-Network services.

D. CONCURRENT REVIEW

The provision of benefits for Inpatient Services will be subject to Concurrent Review conducted by the Carrier, which will determine whether:

- Additional Inpatient days will be Prior Authorized; or
- There will be a change in the services, supplies, treatment or setting; or
- No additional Inpatient days will be Authorized as of a specific date.

No benefits will be provided for Inpatient Services that are billed by a Hospital and/or the Admitting Physician after the specific date indicated in the Carrier's Authorization notice.

VI. COVERED SERVICES

A. PRIMARY AND PREVENTIVE CARE

Primary Care consists of office visits, house calls and Hospital visits provided by your Primary Care Provider or other Network Provider or Non-Network Provider for consultations, diagnosis and treatment of injury and disease.

Preventive Care consists of services provided on an outpatient basis at a Physician's office, an alternate facility or a Hospital. Preventive care services encompass medical services that have been demonstrated by clinical evidence to be safe and effective in either the early detection of disease or in the prevention of disease, have been proven to have a beneficial effect on health outcomes and include the following, as required under applicable law:

- Evidence-based items or services that have in effect a rating of "A" or "B" in the current recommendations of the United States Preventive Services Task Force;
- Immunizations that have in effect a recommendation from the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention;
- With respect to infants, children and adolescents, evidence-informed preventive care and screenings provided for in the comprehensive guidelines supported by the Health Resources and Services Administration (HRSA);
- With respect to women, such additional preventive care and screenings as provided for in comprehensive guidelines supported by the HRSA; and
- Preventive Care Benefits defined under the HRSA requirements include the cost of renting one breast pump per Pregnancy in conjunction with childbirth. Benefits for breast pumps also include the cost of purchasing one breast pump per Pregnancy in conjunction with childbirth. Benefits are only available if breast pumps are obtained from a DME Provider, Hospital or Physician.

Preventive Care consists of the services described below for the purpose of promoting good health and early detection of disease.

1. Well-Baby and Well-Child Care—Covered Benefits

The Benefit Plan covers well-baby and well-child care, which consist of routine physical examinations, including vision and hearing screenings, developmental assessment, anticipatory guidance, and laboratory tests ordered at the time of the visit, as recommended by the American Academy of Pediatrics. Immunizations and boosters as recommended by the State of Connecticut are also covered.

HPV immunization is covered for Males and Females between the ages of 9 and 26.

Exclusions and Limitations

- Special foods and diets, supplements, vitamins and enteral feedings are not covered except as otherwise noted in this Plan Document.

The Plan also does not cover behavioral training, visual perceptual or visual motor training related to learning disabilities, or cognitive rehabilitation. Behavioral and learning disorders related to congenital abnormalities, such as Down syndrome, are not covered.
- All applicable “Exclusions and Limitations” listed in Section VII below.

2. Adult Physical Examinations

Periodic adult physical examinations are covered.

The Plan will cover one physical exam per calendar year for every member over the age of 19. The Plan will cover an annual prostate screening for males age 50 and older and for symptomatic males and for males whose biological father or brother has been diagnosed with prostate cancer.

Exclusions and Limitations

The following services are not covered:

- Examinations for the purpose of obtaining or maintaining any license issued by a municipality, state or federal government, obtaining insurance coverage, school admission or attendance, including examinations required for participation in athletic activities;
- Court ordered psychological or behavioral evaluations or counseling related to marital disputes, divorce proceedings, or child custody proceedings; and
- All applicable “Exclusions and Limitations” listed in Section VII below.

3. Well-Woman Routine Gynecological Examinations

Well-woman examinations consist of a routine gynecological examination, breast examination and Pap smear.

- Mammograms are covered.
- **Family Planning:** Covered services include counseling on use of contraceptives and related topics. The costs related to the insertion (or removal) of a birth

control implant, or the measuring or fitting of a contraceptive device, including a diaphragm cervical cap, or intrauterine device, are also covered.

- **Breast Pumps:** Preventive Care Benefits include the cost of renting one breast pump per Pregnancy in conjunction with childbirth. Benefits for breast pumps also include the cost of purchasing one breast pump per Pregnancy in conjunction with childbirth. Benefits are only available if breast pumps are obtained from a DME Provider, Hospital or Physician.

Exclusions and Limitations

- The Plan does not cover birth control pills, condoms, foams or contraceptive jellies and ointments even if they are being prescribed or recommended for a medical condition other than birth control.
- The Plan does not cover breast pumps purchased or rented prior to July 1, 2013.
- The Plan does not cover breast pumps that are not obtained from a DME Provider, Hospital or Physician.

4. Immunizations

Adult or childhood immunizations as recommended by the U.S. Department of Health and Human Services or as required for foreign travel are covered. Meningitis vaccinations are covered as part of a Participant's routine annual or age-appropriate physical.

5. Colorectal Cancer Screenings

The Plan will cover an annual fecal occult blood test, fecal immunochemical test, colonoscopy, flexible sigmoidoscopy or radiologic imaging. Coverage will be in accordance with the recommendations established by the American College of Gastroenterology, after consultation with the American Cancer Society as to the type and frequency with which such test should be performed (e.g., age intervals, family history, etc.).

A colonoscopy, flexible sigmoidoscopy or radiologic imaging is subject to Prior Authorization.

6. Diabetes Management (Equipment, Supplies and Education)

These services are covered as follows:

Supplies: The following equipment and related supplies are covered for insulin dependent and non-insulin dependent diabetic Participants when Medically Necessary, as determined by the Covered Person's Physician:

Please note: The above list is not intended to be all-inclusive.

Diabetes Self Management and Education: Outpatient self-management training will be provided for the treatment of insulin-dependent diabetes, insulin-using diabetes, gestational diabetes, and non-insulin-using diabetes. For purposes of this coverage, "outpatient self-management training" includes, but is not limited to, education and medical nutrition therapy.

Upon initial diagnosis, the Plan will cover up to ten hours of Medically Necessary self-management training for the care and treatment of diabetes. Such training includes, but is not limited to, counseling in nutrition and proper use of equipment and supplies for diabetes. An additional four hours of training will be covered for any subsequent diagnosis which results in a significant change in an individual's symptoms or condition, which requires modification of the individual's program of self-management of diabetes. An additional four hours of Medically Necessary training and education will also be covered for newly developed techniques and treatment of diabetes.

Diabetes Self Management training shall be provided by a certified, registered or licensed health care professional trained in the care and management of diabetes and authorized to provide such care within the scope of their license.

The following are not covered:

- Membership in health clubs, diet plans, or other organizations, even if: recommended by a Physician or a qualified health Provider for the purpose of losing weight;
- Any counseling or courses in diabetes management other than as described above;
- Stays at special facilities or spas for the purpose of diabetes education/management;
- Special foods, diet aids and supplements related to dieting; and
- Any item that is not both Medically Necessary and prescribed by the Participant's Physician or qualified health Provider.

7. Vision Exams

The Plan covers up to 3 visits per Covered Person per calendar year for individualized nutritional evaluation and counseling by a registered dietitian.

Exclusions and Limitations

- Coverage is limited to 3 visits per Covered Person per calendar year.
- The Plan does not cover nutritional programs or meal replacement programs.
- All other applicable “Exclusions and Limitations” listed in Section VII below.

9. Mental Health Services

The Plan will cover Outpatient services for the treatment of “mental or nervous conditions” as defined in the most recent edition of the American Psychiatric Association’s Diagnostic and Statistical Manual of Mental Disorders. Conditions which meet such definition will be covered to the same extent as the medical/surgical coverage described in the Plan Document. To the “same extent” means that the same number of visits, days, Co-pays that apply to other Outpatient specialty treatments and/or Inpatient Hospital stays will also apply to the treatment of mental or nervous conditions.

Outpatient care for mental health includes services rendered in the following locations: a non-profit community mental health center, a non-profit licensed adult mental health center, a non-profit licensed adult psychiatric clinic operated by an accredited Hospital or in a Residential Treatment Facility when provided by or under the supervision of a Physician practicing as a Psychiatrist, licensed psychologist, Certified Independent Social Worker, Certified Marriage and Family Therapist or a Licensed or Certified Alcohol and Drug Counselor, or appropriately licensed professional counselor.

Outpatient care for mental illness includes services by a person with a master’s degree in social work when such person renders service in a child guidance clinic or in a Residential Treatment Facility under the supervision of a Physician practicing as a Psychiatrist, licensed Psychologist, Certified Independent Social Worker, Certified Marriage and Family Therapist or a Licensed or Certified Alcohol and Drug Counselor or appropriately licensed professional counselor.

Inpatient Hospital Services for mental health in a Hospital, or Residential Treatment Center Facility are subject to Medical Necessity and Prior Authorization. Inpatient Covered Services for eligible Participants upon confinement in a Residential Treatment Facility must be based on an Individual Treatment Plan prescribed by the attending Physician and approved by the Carrier’s Medical Director. For the purpose of this benefit, eligible Participants must meet all of the following criteria: a) the Participant has a serious mental illness which substantially impairs the person’s thought, perception of reality, emotional process, or judgment or grossly impairs behavior as manifested by recent disturbed behavior; c) the Participant has been confined in a Hospital for such illness for a period of at least three days immediately preceding such confinement in a

Residential Treatment Facility; and c) such illness would otherwise necessitate continued confinement in a Hospital if such care and treatment were not available through a Residential Treatment Facility for children and adolescents.

For purposes of this benefit, the following definitions apply:

“Residential Treatment Facility” means a 24 hour mental health facility that is licensed or approved by the Department of Children and Families and that operates for the purpose of effecting positive change and normal growth and development for behavior disorders and emotionally disturbed and socially maladjusted children.

“Individual Treatment Plan” means a treatment Plan prescribed by a Physician with specific attainable goals and objectives appropriate to both the patient and the treatment modality of the program.

Exclusions and Limitations

- Services must be provided by Providers who are certified by the appropriate state agency to provide such services and whose programs for such services have been approved by the Carrier.
- The Plan does not cover treatment for learning and behavioral disorders. Services for the evaluation or treatment (including remedial education) of learning disabilities or minimal brain dysfunction, mental retardation, developmental and learning disorders or behavioral problems are not covered except as noted under the “Early Intervention/Birth to Three Program” section. The Plan also does not cover behavioral training or cognitive rehabilitation.
- The Plan does not cover court-ordered services or services that have been ordered as a condition of probation or parole. However, these services may be covered if the Carrier agrees that they are Medically Necessary, are otherwise covered, and the Participant has not exhausted any benefit limit for the Calendar Year, and the treatment is provided in accordance with the Carrier’s policies and procedures.
- The Plan does not cover non-medical services and long term rehabilitation services for the treatment of Mental Illness, including rehabilitation services in a specialized Inpatient or residential facility.
- All applicable “Exclusions and Limitations” listed in Section VII below.

10. Substance Abuse

Outpatient care: Coverage is provided for Outpatient visits for Substance Abuse Care services.

Inpatient Care

Inpatient Hospital Services for Alcohol and Substance Abuse in a Hospital, or Residential Treatment Center, or Substance Abuse Treatment Facility are subject to Medical Necessity and Prior Authorization. Such Inpatient rehabilitation services may include Hospitals, Residential Treatment Facilities or other facilities which are certified by the

appropriate state division of alcoholism and alcohol abuse or substance abuse and approved in advance by the Carrier.

Exclusions and Limitations

- Services must be provided by Providers who are certified by the appropriate state agency to provide such services and whose programs for such services have been approved by the Carrier.
- The Plan does not cover court ordered services or services that have been ordered as a condition of probation or parole. However, these services may be covered if the Carrier agrees that the services are Medically Necessary, are otherwise covered, the Participant has not exhausted any applicable benefit for the Calendar Year, and the treatment is provided in accordance with the Carrier 's policies and procedures.
- Except as specifically covered under this Plan Document, the Plan does not cover non-medical services and long-term rehabilitation for treatment of alcoholism or drug abuse, including rehabilitation services in a specialized Inpatient or residential facility.
- All applicable "Exclusions and Limitations" listed in Section VII below.

11. Diagnostic Procedures

a. Laboratory and X-Ray Services

X-ray and laboratory procedures, services and materials, including diagnostic X-rays, X-ray therapy, fluoroscopy, electrocardiograms, laboratory tests, and therapeutic radiology services are covered.

b. High Cost Diagnostic Imaging

Major diagnostic procedures, such as MRI, MRA, CAT, CTA, PET and SPECT scans, require Prior Authorization. A Participating Provider will know when it is necessary and is responsible for obtaining the Prior Authorization. If you obtain High Cost Diagnostic Imaging Services from an Out-of-Network Provider, without Prior Authorization, you will be assessed a penalty of \$500 or 20% of the cost of such service, whichever is less.

12. Acupuncture

Acupuncture is covered up to a limit of 20 visits per calendar year.

13. Gender Identity Disorder Treatment

The Plan will cover services for the treatment of "gender dysphoria" or gender identity disorder as defined in the most recent edition of the American Psychiatric Association's Diagnostic and Statistical Manual of Mental Disorders. Covered services include psychotherapy and gender reassignment surgery. Coverage for this benefit is subject to Prior Authorization pursuant to each Carrier's medical necessity

guidelines. Transsexual surgical benefits are subject to the following general criteria: The patient:

- Must be 18 years of age or older
- Must have completed 12 months of successful continuous full-time real-life experience in the desired gender;
- May be required to complete continuous hormonal therapy if ordered and not contraindicated;
- May be required to undergo psychotherapy, if recommended.

Exclusions and Limitations

The following surgeries are considered cosmetic when used to improve the gender specific appearance of an individual who has undergone or is planning to undergo gender reassignment surgery and are not Covered:

- Liposuction/ body contouring
- Rhinoplasty
- Facial bone reconstruction
- Voice Modification surgery
- Hair removal
- Face lift
- Blepharoplasty
- Reversal of genital surgery
- Sperm preservation in advance of hormone treatment or surgery
- Cryopreservation in advance of hormone treatment or surgery
- Surgical treatment of anyone under the age of 18.

14. Bariatric Surgery

The Plan will cover Medically Necessary Gastric bypass and gastric restrictive procedures for the treatment of clinically severe obesity for selected adults (18 years and older). Coverage for this benefit is subject to Prior Authorization pursuant to the Carrier's medical necessity guidelines.

15. Snoring (Sleep Studies)

The Plan will cover Medically Necessary treatment for snoring if that treatment is determined to be part of a proven treatment for documented obstructive sleep apnea (OSA). Refer to each Carrier's applicable medical policy to determine if the treatment proposed is proven for OSA. Prior Authorization is required for attended sleep studies.

C. HOSPITAL AND OTHER FACILITY-BASED SERVICES

1. Inpatient Admissions

Non-Emergency Admissions to a Hospital, Skilled Nursing Facility, or Specialty Hospital require Prior Authorization from the Carrier. All Pre-Admission Testing must be rendered on an Outpatient basis before the scheduled Admission and not repeated upon Admission for Surgery. The Covered Person will be responsible for the Pre-Admission Testing charges if he or she cancels or postpones the scheduled Admission.

For Mastectomy or lymph node dissection, Covered Services will include at least a 48-hour stay after the procedure unless both the Covered Person and Physician agree to a shorter stay.

Admission to a Specialty Hospital is subject to Prior Authorization. For POS Plan Members Inpatient care at In-Network Specialty Hospitals is an unlimited benefit. For POS Plan Members using Out-of-Network Specialty Hospitals, the benefit period is limited to 60 days per Covered Person per calendar year.

The Plan covers non-custodial services provided in a Skilled Nursing Facility, including care and treatment in a semi-private room, as described above. Custodial, convalescent or domiciliary care is not covered. In addition to Prior Authorization, Admission to a Skilled Nursing Facility must be supported by a treatment plan prepared by the Carrier. Inpatient care at an In-Network Skilled Nursing Facility is an unlimited benefit. For use of an Out-of-Network Skilled Nursing Facility, the benefit period is limited to 60 days per Covered Person per calendar year.

The following services will be covered:

- Room and board for a semi-private Hospital room. If a private room is used, this Benefit Plan shall only provide benefits for covered Services up to the cost of the semi-private room rate, unless decides that a private room is Medically Necessary;
- Administration of blood and blood processing;
- Anesthesia, Anesthesia supplies, and services;
- Chemotherapy for treatment of cancer;
- Diagnostic services;
- Electroshock therapy;
- Inpatient Hospital services and supplies;
- Laboratory tests;
- Medical and surgical dressing, supplies, casts, and splints;
- Operating, delivery, and treatment room usage and equipment (including: intensive care);
- Pre-Admission testing for surgery (to be performed on Outpatient basis);
- Prescribed drugs;

- Rehabilitative and restorative physical and occupational therapy, and speech therapy for treatment expected to result in the sound improvement of a Covered Person's condition;
- Radiation therapy;
- Services for hemodialysis, or peritoneal dialysis for chronic renal disease, including: equipment, training, and medical supplies until the Covered Person is eligible for the Medicare End Stage Renal Disease program;
- Services connected with accidental consumption, or ingestion of a controlled drug or other substance;
- Surgical treatment of temporomandibular joint (TMJ) syndrome and craniomandibular disorder; and
- X-ray or imaging studies.

Exclusions and Limitations

- Coverage is limited to amount of days shown in the Summary of Coverage.
- Private or special duty nursing services during an Inpatient Admission are not covered.
- The Plan does not cover Custodial Care, convalescent care, domiciliary care, long-term care, maintenance care, adult day care or rest cures. The Plan does not cover room, board, nursing care or personal care which is rendered to assist a Participant who, in the Carrier's opinion, has reached the maximum level of physical or mental function possible and will not make further significant clinical improvement.
- The Plan does not cover rehabilitation services or physical therapy on a long-term basis.
- Non-eligible institutions. The Plan does not cover any services or supplies furnished by a non-eligible institution, which is defined as other than a Hospital or Skilled Nursing Facility, and which is primarily a place of rest, a place for the aged, or any similar institution, regardless of how denominated.
- All applicable exclusions and limitations as listed in the "Exclusions and Limitations" Section VII below.

2. Outpatient Surgery

Prior Authorization may be required for Outpatient Surgery, whether rendered in a Hospital setting on an Outpatient basis or in a licensed ambulatory surgical center not located in a Hospital. Outpatient Surgery includes an annual colorectal screening, colonoscopy, flexible sigmoidoscopy or radiologic imaging for which Prior Authorization is required.

Pre-Admission testing procedures must be rendered to a Covered Person as an Outpatient prior to the scheduled surgery. The Covered Person will be responsible for Pre-Admission testing charges if he or she cancels or postpones the scheduled surgery.

Requirement of Notice for Admission following Outpatient Surgery: If a Covered Person is Admitted as an Inpatient as a result of Outpatient surgery, the Covered Person must notify the Carrier within 48 hours of the Admission in accordance with the “Managed Care” provisions in Section V.

3. Walk-In Medical Centers or Clinics

Services provided at a Walk-In Clinic or Center are deemed not to be Emergency Medical Services and will be covered only if treatment of the Covered Person is determined to be Medically Necessary, based on the signs and symptoms at the time of treatment.

Exclusions and Limitations

Adult routine physicals and well child care exams in excess of the guidelines are not covered if performed at a Walk-in Medical Clinic or Center.

4. Urgent Care Centers

Urgent Care means care for an illness or injury that is not a Medical Emergency but requires immediate medical attention. Medically Necessary treatment at an Urgent Care Facility (either free-standing or located in a Hospital) will be covered.

5. Hospital Emergency Rooms—Medical Emergencies

This Benefit Program shall only provide benefits for Medical Emergency services if the care is found to be for a Medical Emergency. If the emergency calls for the Covered Person to be taken to the nearest Hospital, this Benefit Program shall provide benefits for Covered Services for the Medical Emergency, whether or not the nearest Hospital is a Participating Hospital or Non-Participating Hospital. This benefit is subject to a \$35 Co-pay, which will be waived if the Member is Admitted to the Hospital.

All Admissions due to a Medical Emergency must be reported to and approved by the Carrier within 48 hours of the diagnosis, care, or treatment of the Medical Emergency.

Claims for services rendered to the Covered Person shall be reviewed by ; the Covered Person may be liable for Cost-Shares or the full cost of all services rendered, if determines that the services provided were not for a Medical Emergency. Medical Emergency Covered Services are limited to the treatment rendered during the first visit only.

International: The Carrier provides Coverage for Medical Emergencies and Urgent Care when a Covered Employee is traveling internationally. The Covered Employee may be required to pay applicable Cost-Shares at the time of discharge or may be required to

pay a Physician in full at the time of service and to seek reimbursement for Emergency and Urgent Care from his or her Carrier for treatment rendered outside the United States. This benefit will be covered as an In-Network service.

6. Ambulance Services

Medically Necessary medical transport services are covered as follows:

- From the place where the Covered Person is injured by an accident or taken ill to a General Hospital where treatment is to be given; or
- From a General Hospital where a Covered Person is an Inpatient to another General Hospital, or a free-standing facility to receive specialized diagnostic or therapeutic services not available at the first General Hospital, and the return to the first General Hospital, if that payment is only made for one such transport during the period between the day of Admission to the General Hospital, and the day of discharge from the General Hospital; or
- From a General Hospital to another General Hospital when the discharging General Hospital does not have the proper facilities for treatment, and the receiving General Hospital has the proper treatment facilities; and
- To provide in the course of such transport, such care as may be reasonably necessary to maintain the life of, or stabilize the condition of such Covered Person.
- Medical Transportation Service provided through a Home Health Agency in conjunction with Home Health Services is covered as follows:

From a Hospital to a Provider to Home:

To and from a Hospital or a Provider for treatment;

From Home to a Hospital or Provider, if readmission is required.

Exclusions and Limitations:

The following are not Covered Services:

- Transport for Elective Hospital Admissions;
- Transport solely for the ease or convenience of the Covered Person.

D. THERAPY SERVICES

1. Autism Services

Coverage shall be provided for the Medically Necessary diagnosis and treatment of Autism Spectrum Disorders based on an approved treatment plan. A treatment plan will be reviewed not more than once every six months unless the Covered Person's licensed Physician, licensed psychologist or licensed clinical social worker agrees that a more frequent review is necessary or as a result of changes in the Covered Person's treatment plan.

Covered Services include:

- Behavior Therapy rendered by an Autism Behavioral Therapy Provider and ordered by a licensed Physician, psychologist or clinical social worker in accordance with a treatment plan developed by a licensed Physician, psychologist or licensed clinical social worker provided to children less than twenty-one years of age;
- Direct psychiatric or consultative services provided by a licensed psychiatrist;
- Direct psychiatric or consultative services provided by a licensed psychologist;
- Physical therapy provided by a licensed physical therapist;
- Speech therapy provided by a licensed speech and language pathologist; and
- Occupational therapy provided by a licensed occupational therapist.

Visit limits for physical, speech and occupational therapy will not apply to Autism Spectrum Disorder services on any basis other than lack of medical necessity.

2. Chemotherapy for the treatment of cancer.

3. Chiropractic Therapy.

4. Early Intervention Services are provided for an eligible enrolled child from birth to age three (36 months) who is not eligible for special education and related services pursuant to Connecticut law.

Services under this section are limited to children who:

a. Are experiencing a significant developmental delay as measured by standardized diagnostic instruments and procedures, including informed clinical opinion, in one or more of the following areas:

- 7. Kidney Dialysis** in a Hospital or free-standing dialysis center. This benefit is subject to Prior Authorization.
- 8. Outpatient cardiac rehabilitation therapy.**
- 9. Outpatient physical and occupational therapy** (requires Prior Authorization); Physical and occupational therapy is covered only when reasonable and necessary to correct a condition that is the result of a disease, injury or congenital physical deformity that inhibits normal function.

To be considered reasonable and necessary, the following conditions must be met:

- a. The services must be considered under accepted standards of medical practice to be a specific, safe, and effective treatment for the Member's condition;
- b. The services must be of such a level of complexity and sophistication or the condition of the Member must be such that the services required can safely and effectively be performed only by a qualified physical therapist or by a qualified physical therapy assistant under the supervision of a qualified physical therapist, by a qualified speech-language pathologist, or by a qualified occupational therapist or a qualified occupational therapy assistant under the supervision of a qualified occupational therapist. Services that do not require the performance or supervision of a physical therapist or an occupational therapist are not considered reasonable or

necessary physical therapy or occupational therapy services, even if they are performed by or supervised by a physical therapist or occupational therapist;

c. There must be an expectation that the Member's condition will improve materially in a reasonable (and generally predictable) period of time based on the Physician's assessment of the Member's restoration potential and unique medical condition, or the services must be necessary to establish a safe and effective maintenance program required in connection with a specific disease, or the skills of a therapist must be necessary to perform a safe and effective maintenance program. If the services are for the establishment of a maintenance program, they may include the design of the program, the instruction of the Member, family, or home health aides, and the necessary infrequent reevaluations of the Member and the program to the degree that the specialized knowledge and judgment of a physical therapist, or occupational therapist is required; and

d. The amount, frequency, and duration of the services must be reasonable.

e. For Out-of-Network services, coverage is limited to 30 outpatient days of service per year. Prior Authorization may be required.

10. Radiation therapy.

11. Speech therapy is a Covered Service when prescribed by a Physician (M.D.), and provided by a licensed speech pathologist for treatment resulting from autism, stroke, tumor removal, injury or congenital anomalies of the oropharynx.

E. HOSPICE CARE (INPATIENT OR HOME BASED)

Hospice Care is available to Participants who have a prognosis of six months or less to live. Prior Authorization is required for Inpatient Hospice Care.

Coverage consists of palliative care rather than curative treatment. Hospice Care will be covered only when provided as part of a Hospice Care program certified by the state where such services are provided. Such certified programs may include Hospice Care delivered by a Hospital (Inpatient or Outpatient), Home Health Care Agency, Skilled Nursing Facility or a licensed Hospice facility.

The Co-payment will correspond to the place of treatment. If you receive care in a Hospice unit in a Hospital or a Skilled Nursing Facility, you will pay the Co-payment applicable to Inpatient Admissions. If you receive Hospice Care in your home, you will pay the applicable Home Health Care Co-payment.

Home-based Hospice – Covered Services include Hospice Care provided by a Home Health Care Agency and the following:

- Psychological and dietary counseling;
- Consultation or Case Management services by a Physician;
- Medical supplies and drugs prescribed by a Physician;
- Part-time nursing care by a registered nurse, or licensed practical nurse, and services of a home health aide for patient care up to 8 hours per day; and
- Medical/social services for patient and patient’s covered family members, up to the maximum shown in the Schedule of Benefits.

When certified as part of the Hospice program, the Plan will cover supportive care and guidance to the Participant’s covered family members for the purpose of helping them cope with emotional and social issues related to the Participant's impending death. The maximum benefit for this service cannot exceed \$420 per calendar year.

Exclusions and Limitations

1. The Plan does not cover funeral arrangements, pastoral, bereavement counseling, financial or legal counseling, homemaker, caretaker or respite care;

- Gaucher disease; or
- Mucopolysaccharidoses, and lipidoses to include Hurler's syndrome, Sanfilippo's syndrome, Maroteaux-Lamy syndrome, Morquio's syndrome, Hunter's syndrome, and metachromatic leukodystrophy.

All other uses of Allogeneic, or Syngeneic Bone Marrow Transplants, or other forms of stem cell rescue, and stem cell infusion (with or without high dose chemotherapy or radiation) are not covered.

- b. Autologous Bone Marrow Transplantation, or other forms of stem cell rescue, and stem cell infusion (in which the patient is the donor) with high dose chemotherapy or radiation are not covered except for the following:

1. Non-Hodgkin's lymphoma, high grade, first or subsequent remission. No morphological evidence of bone marrow involvement should be evident;
 2. Hodgkin's disease as defined above with an absence of bone marrow involvement;
 3. Acute nonlymphocytic leukemia in second remission, in which no HLA matched donor exists, or an allogeneic transplant is inappropriate;
 4. Acute lymphocytic leukemia in second remission, in which no HLA matched donor exists, or an allogeneic transplant is inappropriate;
 5. Retinoblastoma, adjuvant setting after successful induction (consolidation); or
 6. Neuroblastoma, adjuvant setting after successful induction (consolidation).
71. No-show charges assessed by a Provider for a missed appointment.
72. Any exclusion above will not apply to the extent that coverage is specifically provided by name in this Plan, or coverage of the charges is required under any law that applies to the coverage.
73. Special foods and diets, supplements, vitamins and enteral feedings are not covered except as otherwise noted in this Plan Document.
74. Services for the evaluation or treatment (including remedial education) of learning disabilities or minimal brain dysfunction, mental retardation, developmental and learning disorders or behavioral problems except as noted under the "Early Intervention Services/Birth to Three Program" section are not covered. The Plan also does not cover behavioral training, visual perceptual or visual motor training related to learning disabilities, or cognitive rehabilitation. Behavioral and learning disorders related to congenital abnormalities, such as Down Syndrome, are not covered.
75. Court ordered psychological or behavioral evaluations or counseling related to marital disputes, divorce proceedings, or child custody proceedings.
76. Breast pumps purchased or rented prior to July 1, 2013 or breast pumps that were not obtained from a DME Provider, Hospital or Physician.

VIII. APPEALS AND GRIEVANCES

The Covered Person has the right to appeal a Carrier's denial of benefits. The Appeal/Grievance process may be pursued by the Covered Person, the Covered Person's duly authorized representative, the Provider of record, or the Provider of record's duly authorized representative. In most cases, Members are required to comply with the requirements of their Carrier's Internal Appeals process before seeking external review of adverse determinations.

The Connecticut Department of Insurance is available to decide appeals of a Carrier's adverse Utilization Review Determinations where Medical Necessity or clinical judgments are in issue. The Department of Insurance does not entertain appeals based on benefit exclusions, claims payment or coverage issues. Unless a matter is urgent and accepted for an expedited review, the Covered Person must complete the Carrier's Internal Appeals process before filing an External Appeal with the Insurance Department. In urgent situations, the Member may seek an External Appeal directly or may seek both an Internal and an External Appeal simultaneously.

Adverse decisions are classified as follows:

Utilization Management Review Determinations includes judgments on whether services or treatments will be covered or judgments concerning Medical Necessity; this includes determinations concerning cosmetic, custodial and convenience items. An appeal of a utilization review decision may be sought whether the requested services have not been rendered (Prior Authorization or Pre-certification), are currently being rendered (Concurrent Care) or have already been rendered (Retrospective review).

Non-Utilization Management Review Determinations may include denials based on Plan benefit exclusions or limitations, claim payment disputes or administrative disputes not involving Medical Necessity judgments. There is no external appeal for non-utilization review determinations.

A. FIRST LEVEL APPEAL

A first level appeal may be requested orally, electronically or in writing within one hundred eighty (180) days from the date the initial adverse determination is received. The appeal should identify any issues, comments or additional evidence to support the claimant's request for review and should include the patient's medical record as it relates to this request.

Members have the right to be represented by a person of their choice and can indicate this choice either verbally or in writing when starting the appeals process. The Member will have the opportunity to present written comments, documents, medical records, photos, peer review and other information relevant to the appeal.

The grievance/appeal will be investigated by a person or persons who were not involved in the initial determination and who are not subordinate to the person involved in the original decision.

1. Utilization Management (Clinical) Appeals

Written first level appeal review requests should be submitted as follows:

- | | |
|----------------------|--|
| By Mail | UnitedHealthcare/Oxford
Attn: Clinical Appeals Department
P.O. Box 30432
Salt Lake City, UT 84130-0432 |
| By FAX | 877-220-7537 |
| Verbal appeal | Call Member Service Associates at 800-385-9055 |

2. Non-Utilization (Non-Clinical) Management Appeals

Written first level appeal review requests should be submitted as follows:

- | | |
|----------------------|---|
| By Mail | UnitedHealthcare/Oxford
Attn: Grievance Review Board
P.O. Box 30432
Salt Lake City, UT 84130-0432 |
| By FAX | 203-601-6893 |
| Verbal appeal | Call Member Service Associates at 800-385-9055 |

3. Expedited Appeals: In the event of an emergency or a life-threatening situation, or when a claim involves Urgent Care, or when a Covered Person is denied benefits for an otherwise Covered Service on the grounds that it is Experimental and the Covered Person has been diagnosed with a condition that creates a life expectancy of less than two years, an expedited first level appeal review may be requested. A determination will be issued within two (2) business days or 72 hours, whichever is earlier, from the date the expedited appeal request is received.

4. Timetable for First Level Appeal Decisions

Appeal Type	Carrier Time* for Issuing Decision
Utilization Review— Pre or Concurrent Service	30 calendar days
Utilization Review Post Service	60 calendar days
Non-Utilization Review	30 business days
Expedited (Urgent) Following receipt of all required information	72 hours

*The timetable for the Carrier to issue decision may be extended pending receipt of requested documentation needed to resolve the appeal from the Covered Person or that person's representative Member.

B. SECOND LEVEL APPEAL

Members must complete a second level appeal before seeking external review before the Connecticut Department of Insurance. The appeal will be determined by employees who were not involved in the initial determination and will not give deference to the denial decision. When an appeal is clinical in nature the appeal will be determined by a licensed Physician who did not review the issue at the first level appeal.

1. Utilization Management (Clinical) Appeals

For Utilization Management (Medical Necessity) second level appeals the requests should be submitted within **60** days of the date of the first level appeal determination as follows:

By Mail

UnitedHealthcare/Oxford

Attn: Grievance Review Board

P.O. Box 30432

3. Timetable for Second Level Appeal Decisions

Appeal Type	Carrier Time for Rendering Decision*
Utilization Review— Pre or Concurrent Service	30 calendar days
Utilization Review Post Service	60 calendar days
Non-Utilization Review	30 calendar days
Expedited (Urgent) Following receipt of all required information	72 hours

* The timetable for the Carrier to issue decision may be extended pending receipt of requested documentation needed to resolve the appeal from the Covered Person or that person's representative Member.

C. EXTERNAL APPEALS

Review by the State of Connecticut Insurance Department is available to a Covered Person who has completed his or her Carrier's internal appeals process. Both the first and second level appeals must be completed before a Member seeks an external appeal.

In an emergency or life-threatening situation a Covered Person may utilize the external appeal process directly, without exhausting 's internal appeals if it is determined that the time frame for completion of an expedited internal appeal may cause or exacerbate an emergency or life threatening situation.

You or your designee has the right to request an external appeal when:

- The service, procedure or treatment is a Covered Service under this Plan; and
- You have received a final Adverse Determination through 's internal review process with a denial based on lack of Medically Necessary criteria or Experimental/Investigational Treatment UNLESS it is determined that the time frame for completion of an internal appeal may cause or exacerbate an emergency or life threatening situation. In an emergency or life threatening situation, a Member does not need to complete all internal appeals in order to file for an external appeal.

1. Filing an External Appeal

To file a standard (non-expedited) external appeal, a Member has 120 days after completion of your Carrier's internal review process to initiate the appeal through the State of Connecticut Insurance Department.

Requests for external appeals and expedited external appeals must be in writing on an external appeal application form, which is available from the Commissioner. The Member or his or her designee (and Provider, if applicable) must release all pertinent medical information concerning the medical condition and request for services.

All requests for external review or expedited external review must be accompanied by a \$25.00 filing fee. The Connecticut Insurance Commissioner will waive the filing fee if the fee will pose a hardship to you as determined by the Commissioner. In the event the external appeal agent overturns the adverse determination, the fee will be refunded.

The appeal may be sent to the following address:

Connecticut Insurance Department
Attn: External Review
PO Box 816
Hartford, CT 06142-0816
(860) 297-3910.

For Overnight delivery only, send the application for External Review to:

Connecticut Insurance Department
Attn: External Review
153 Market Street, 7th Floor
Hartford, CT 06103
(860) 297-3910.

2. Contents of Appeal

The following items must be included in the Appeal.

- A completed "Request for External Appeal" form.
- An authorization form allowing the Carrier and your health care professional to release medical information to the independent review organization.

- Evidence of being enrolled in the Plan (photocopy of the identification card issued by the Carrier).
- Copies of all correspondence from the Carrier.
- A copy of the Final Determination letter indicating that all internal appeal mechanisms have been exhausted.
- A copy of the Plan Document or explanation of benefits.
- **The filing fee of \$25**

In addition to the required items outlined above, you may also submit any additional information relevant to your condition.

3. Carrier Confirmation

Following receipt of the request for external appeal or expedited external appeal, the Insurance Commissioner will forward the Appeal to the Carrier to confirm that the appeal is complete and that the conditions listed below are met:

- a. 30 calendar days You are or were a Member of the Plan at the time of the event that is subject of the Adverse Determination;
- b. The service in question reasonably appears to be a Covered Service under the Plan but was denied because it does not meet 's requirements for Medical Necessity, appropriateness, health care setting, level of care or effectiveness;
- c. The service in question reasonably appears to be a Covered Service under the Plan but was denied because it is Experimental or Investigational for a particular medical condition, is not explicitly listed as an excluded benefit under your health Benefit Plan and your treating health care professional has certified that one of the following situations is applicable:
 - Standard health care services or treatments have not been effective in improving your medical condition;
 - Standard health care services or treatments are not medically appropriate for you;
 - There is no available standard health care service or treatment covered by the Carrier that is more beneficial than the recommended or requested health care service or treatment;

In addition, your treating health care professional:

- Has recommended a health care service or treatment that he/she certifies, in writing, is likely to be more beneficial to you, in his/her opinion, than any available standard health care services or treatments; or
- Is a licensed, board certified or board eligible health care professional qualified to practice in the area of medicine appropriate to treat your condition and has certified in writing that scientifically valid studies using accepted protocols demonstrate that the denied health care service or treatment is likely to be more beneficial to you than any available standard health care services or treatments;

- d. You have completed both a 's Internal Review process first level and a second level Appeal;
- e. You have provided all of the required information; and
- f. You have paid the required filing fee.

The Carrier will complete this review within 5 business days for an external review request or within 1 day for an expedited external review request. Once has completed its review, it will notify you, your designee (if appropriate) and the Insurance Commissioner whether the appeal is complete and eligible for external review and will communicate its findings in writing within 1 business day for an external appeal or on the day the review is completed for an expedited external appeal. If the appeal is not complete, the notice will identify what information or materials are missing. If the appeal is not eligible, the notice will include the reason(s).

4. Expedited External Appeals

To file an expedited external appeal, you can submit an application with the Connecticut Insurance Department immediately following receipt of the Carrier's initial Adverse Determination or at any level of adverse appeal determination. If the external appeal is not accepted on an expedited basis, and the Member has not previously exhausted all internal appeals, the Member may resume the internal appeal process until all internal appeals are exhausted. A standard external appeal may then be filed within 120 days following receipt of the final denial letter.

If all internal appeals were previously exhausted, a rejected expedited appeal will automatically be eligible for consideration for standard appeal without submission of a new application.

A Member may not file an Expedited External Appeal for services that have already been provided (Retrospective).

5. Timeframes for Resolution

If an appeal is eligible for external review, the Commissioner will assign it to an Independent Review Organization and send a notice advising that (a) an external review or expedited external review has been accepted, and (b) that you have 5 business days from receipt of the notice to submit any additional information.

The Carrier will forward the medical and treatment plan records relied upon in making its determination to the Independent Review Organization. If the documentation represents a material change from the documentation upon which the Adverse Determination or denial was based, the Carrier will have the opportunity to consider the documentation and amend or confirm its Adverse Determination or denial.

The Independent Review Organization will make a determination with regard to the Appeal within the following timeframes:

- External reviews—within 45 days after assignment from the Commissioner

- External review involving an Experimental or Investigational treatment—within 20 days after assignment from the Commissioner
- Expedited external reviews—as expeditiously as the Member’s condition requires, but not later than 72 hours after assignment from the Commissioner
- Expedited external reviews involving an experimental or investigational treatment—as expeditiously as the Member’s condition requires, but not later than 5 days after assignment from the Commissioner

6. Binding Effect of External Appeal Decision

Upon completion of the review, the Independent Review Organization will communicate its decision in writing to the Member, his or her representative (if applicable), the Commissioner and to the Carrier. If the decision is to reverse or revise the Carrier’s initial or final adverse determination, the decision will be binding on the Plan, subject to any party’s right to seek judicial review under federal or state law.

IX. COORDINATION OF BENEFITS

All benefits provided under this Benefit Program are subject to the Coordination of Benefits provisions as described in this Section.

A. APPLICABILITY

1. The Coordination of Benefits (COB) provision applies to this Benefit Program when a Covered Person has health care coverage under more than one Plan as defined below.
2. If the Covered Person is covered by this Benefit Program and another Plan the Order of Benefit Determination Rules in this Section shall decide which Plan is the Primary Plan. The benefits of this Plan:
 - a. Shall not be reduced when under the Order of Benefit Determination Rules this Benefit Program is the Primary Plan; but
 - b. May be reduced or the reasonable cash value of any Covered Service may be recovered from the Primary Plan when under the Order of Benefit Determination Rules another Plan is the Primary Plan. The above reduction is described in the Effect Of This Benefit Program On The Benefits Policy Subsection;
 - c. Penalties imposed on a Covered Person by the primary Carrier are not subject to COB;
 - d. The Covered Person must submit the explanation of benefits from the Primary Plan to his or her Carrier, in order to be eligible for payment under this Coordination of Benefits Section.

B. DEFINITIONS

In addition to the defined terms listed in the Definitions Section of this Benefit Program, the following also apply to this Coordination of Benefits Section.

ALLOWABLE EXPENSE: The term Allowable Expense means a Medically Necessary Allowable Expense for an item of expense for health care, when the item of expense, including any Co-payment amounts, is covered at least in part by one or more Plans covering the Covered Person for whom the claim is made. Allowable Expense does not include coverage for dental care, vision care, or prescription drugs. When this Benefit Program provides Covered Services, the reasonable cash value of each Covered Service is the Allowable Expense and is a benefit paid.

The difference between the cost of a private Hospital room and the cost of a semi-private Hospital room is not considered an Allowable Expense under the above definition, unless the patient's stay in a private Hospital room is Medically Necessary.

CLAIM DETERMINATION PERIOD: The term Claim Determination Period means a Calendar Year. However, it does not include any part of a Calendar Year during which

a person has no coverage under this Benefit Program or any part of a Calendar Year before the date this COB provision or a like provision takes effect.

PLAN: For the purpose of this Section, the term Plan means any of the following which provides benefits or services for, or because of, medical care or treatment:

- a. Group health insurance, group-type coverage, whether fully insured or self-insured, or any other contract or arrangement where a health benefit is provided. This includes prepayment, staff or group practice association health maintenance organization coverage.
- b. Coverage under a governmental Plan or required or provided by law. This does not include a state Plan under Medicaid (Title XIX. Grants to States for Medical Assistance Programs, or the United States Social Security Act, as amended from time to time). It also does not include any Plan when, by law, its benefits are more than those of any private insurance program or other non-governmental program.
- c. Medical benefits coverage of no-fault and traditional automobile fault contracts, as provided in this Section.

Each contract, or other arrangement for coverage under (a), (b), or (c) is a separate Plan. Also, if an arrangement has two parts and COB rules apply only to one of the two, each of the parts is a separate Plan.

PLAN SPONSOR means the Office of the State Comptroller on behalf of the State of Connecticut.

PRIMARY PLAN: The term Primary Plan means a Plan whose benefits for a person's health care coverage must be determined without taking the existence of any other plan into consideration. A Plan is a Primary Plan if either (a) or (b) below is true:

- a. The Plan either has no Order of Benefit Determination rules, or it has rules which differ from those stated in this section; or
- b. All Plans which cover the person use the Order of Benefit Determination rules as shown in this section, and under those rules the Plan decides its benefits first. There may be more than one Primary Plan (for example two Plans which have no Order of Benefit Determination rules).

When this Benefit Program is the Primary Plan, Covered Services are provided or covered without considering the other Plan's benefits.

SECONDARY PLAN: The term Secondary Plan means a Plan which is not a Primary Plan. If a person is covered by more than one Secondary Plan, the Order of Benefit Determination rules of this Section will decide the order in which the benefits are determined in relation to each other. The benefits of the Secondary Plan may take into account the benefits of the Primary Plan or Plans and the benefits of any other Plan which, under the rules of this Section, has its benefits determined before those of the Secondary Plan.

When this Benefit Program is the Secondary Plan, benefits for Covered Services under the Benefit Program may be reduced, and the Plan Sponsor may recover from the Primary Plan, the Provider of Covered Services, or the Covered Person, the reasonable cash value of the Covered Services provided by this Benefit Program.

C. ORDER OF BENEFIT DETERMINATION RULES

1. General Rule

When a Covered Person receives Covered Services by or through this Benefit Program or is otherwise entitled to claim benefits under this Benefit Program and has followed the Carrier's guidelines and procedures, including Prior Authorization requirements as shown in this Benefit Program, and the Covered Services are a basis for a claim under another Plan, this Benefit Program is a Secondary Plan which has its benefits determined after those of the other Plan¹, unless:

- a. The other Plan has rules coordinating its benefits with those described in this Plan Document; and
- b. Both the other Plan's rules and this Benefit Program's coordination rules, as described below, require that this Benefit Program's benefits be determined before those of the other Plan.

2. Coordination Rules

The Carrier decides its order of benefits using the following rules:

- a. Other than a Dependent
The benefits of the Plan which covers the person as a Covered Person (that is, other than as a Dependent) are primary to those of the Plan which covers the person as a Dependent.
- b. Dependent Child/Parents Not Separated or Divorced:
When this Benefit Program and another Plan cover the same child as a Dependent of different persons, called "parents", the Plan of the parent whose birthday falls earlier in a year is primary to the Plan of the parent whose birthday falls later in that year, but if both parents have the same birthday, the Plan which covered a parent longer is primary. Only the month and day of the birthday are considered.
- c. Dependent Child/Separated or Divorced Parents:
In the case of a Covered Person for whom claim is made as a Dependent child:
 - i. When the parents are separated or divorced, and the parent with legal custody of the child has not remarried, the benefits of a Plan which covers the child as a Dependent of the parent with legal custody of the

¹ Except when Carrier is secondary payor.

child shall be determined before the benefits of a Plan which covers the child as a Dependent of the parent without legal custody;

- ii. When the parents are divorced, and the parent with legal custody of the child has remarried, the benefits of a Plan which covers the child as a Dependent of the parent with custody shall be determined before the benefits of a Plan which covers that child as a Dependent of the step-parent; and

The benefits of a Plan which covers that child as a Dependent of the step-parent shall be determined before the benefits of a Plan which covers that child as a Dependent of the parent without legal custody.

If the terms of a court order state that one of the parents is financially responsible for the health care expenses of the child, then the Plan which covers the child as a Dependent of the financially responsible parent shall be determined before the benefits of any other Plan which covers the child as a Dependent. The provisions of this subsection do not apply with respect to any Claim Determination Period or Plan year during which any benefits are actually paid or provided before the payor has that actual knowledge.

- d. Active/Inactive Employee

A Plan which covers a person as an employee who is neither laid off, nor retired (or as that employee's Dependent) is primary to a Plan which covers that person as a laid-off or retired employee (or as that employee's Dependent). If the other Plan does not have this rule, and if, as a result, the Plans do not agree on the order of benefits, this rule (d) is ignored.

- e. Longer/Shorter Length of Coverage

If none of the above rules decides the order of benefits, the Plan which covered a Covered Person longer is primary to the Plan which covered that person for the shorter time.

- f. Medicare

If a Covered Person is eligible for Medicare and covered under this Benefit Program, the Carrier will provide the benefits of this Benefit Program except as obliged by law. However, these benefits will be reduced to an amount which, when added to the benefits received pursuant to Medicare, may equal, but not be more than the Allowable Expense. The Carrier shall never pay more than it would have paid as the Primary Plan.

(Note: Certain services may not require Prior Authorization when it is determined that this is the Secondary Plan. Contact Customer Service before any services are rendered to determine if such services require Prior Authorization. In the event that a later determination finds that is the Primary Plan, any services that were obtained without Prior Authorization while was administering benefits as a Secondary Plan will not require Prior Authorization as would be required under a Primary Plan.)

D. EFFECT OF THIS BENEFIT PROGRAM ON THE BENEFITS

1. This subsection applies when in accordance with the Order of Benefit Determination Rules this Benefit Program is a Secondary Plan as to one or more other Plans. In that event, the benefits of this Benefit Program may be reduced under this subsection. Such other Plan or Plans are referred to as “the other Plans.”
2. Reduction in this Benefit Program’s benefits. When the Benefit Program is the Secondary Plan, will provide benefits under the Benefit Program, so that the sum of the reasonable cash value of any Covered Service provided by the Benefit Program, and the benefits payable under the other Plans shall not total more than the Allowable Expense. Benefits will be provided by the Secondary Plan at the lesser of the amount that would have been paid had it been the Primary Plan or the balance of the bill. the Carrier shall never pay more than it would have paid as the Primary Plan.

If another Plan provides that its benefits are “excess” or “always secondary” and if this Benefit Program is determined to be secondary under this Benefit Program’s COB provisions, the amount of benefits paid under this Benefit Program shall be determined on the basis of this Benefit Program being secondary.

E. RIGHT TO RECEIVE AND RELEASE NEEDED INFORMATION

Certain data is needed to apply these COB rules. The Carrier has the right to decide which data it needs. By enrolling in the Benefit Program, the Covered Person allows the release of data needed to apply the COB rules. Any Covered Person claiming benefits under this Benefit Program must give data to the Carrier, which is necessary for the coordination of benefits.

F. FACILITY OF PAYMENT

A payment made or a service provided under another Plan may include an amount which should have been paid, or provided under this Benefit Program. If it does, the Carrier may pay that amount to the group which made that payment. Such amount shall then be considered as though it were a benefit paid under this Benefit Program.

G. RIGHT OF RECOVERY

If the amount of the payments made by the Carrier is more than it should have paid under this COB provision or if this Plan has provided services which should have been paid by the Carrier the Primary Plan, the Plan Sponsor may recover the excess or the reasonable cash value of the Covered Services, from one or more of the persons it has paid, or for whom it has paid insurance companies, or other groups.

The right of the Plan Sponsor to recover from a Covered Person shall be limited to the Allowable Expense that the Covered Person has received from another Plan. Acceptance of Covered Services will constitute consent by the Covered Person to the Plan Sponsor’s right of recovery. The Covered Person agrees to take all further action to execute and deliver such documents as may be needed, and do whatever else is needed to secure the

Plan Sponsor's rights to recover excess payments. A Covered Person's failure to comply may result in a withdrawal of benefits already provided, or a denial of benefits requested.

X. RIGHT OF RECOVERY

The purpose of the Benefit Program is to provide Coverage for qualified medical expenses that are not covered by a third party. If the Plan pays benefits for any claim a Covered Person incurs as the result of negligence, willful misconduct or other action or omission of a third party, the Plan has a right of subrogation and right of recovery for benefits for Covered Services provided under the terms of this Program, where the Covered Person has a right of recovery against third parties for the cost of Covered Services.

Acceptance of Covered Services will constitute consent by the Covered Person to Plan's right of recovery. The Covered Person agrees to execute and deliver such additional instruments, and to take such other action as the Carrier or Plan may require, to implement this provision. To the extent permitted by law, the Plan, or the Carrier acting on its behalf, will have the right to bring suit against such third party in the name of the Covered Person and in its own name as subrogee. The Covered Person shall do nothing to prejudice the Plan's rights under this provision without its consent.

If a Covered Person receives payment from a third party by suit or settlement for the cost of Covered Services, such Covered Person is obligated to reimburse the Plan for benefits paid on his or her behalf out of the recovery from the third party or insurer, minus a pro rata share of the reasonable attorney's fees and costs the Covered Person sustained in obtaining the recovery. To the extent permitted by law, the Plan has a lien on any amount recovered by the Covered Person from the responsible third party or insurer whether or not designated as payment for medical expenses. Such lien shall remain in effect until the Plan is repaid in full, minus a pro rata share of the reasonable attorney's fees and costs the Covered Person sustained in obtaining the recovery.

You must notify the Plan immediately if you begin settlement negotiations with or obtain a judgment against a third party or insurer in connection with an accident or injury for which benefits have been paid by the Plan.

A. WORKERS' COMPENSATION

To the extent permitted by law no benefits shall be provided for Covered Services paid, payable or eligible for coverage under any Workers' Compensation Law, employer's liability or occupational disease law, denied under a managed Workers' Compensation program as Out-of-Network services or which, by law, were rendered without expense to the Covered Person.

Plan Sponsor shall be entitled to the following:

1. To charge the entity obligated under such law for the dollar value of those benefits to which the Covered Person is entitled;
2. To charge the Covered Person for such dollar value, to the extent that the Covered Person has been paid for the Covered Services;

3. To reduce any sum owing to the Covered Person by the amount that the Covered Person has received as payment;
4. To place a lien on any sum owing to the Covered Person for the amount Plan Sponsor has paid for Covered Services rendered to the Covered Person, in the event that there is a disputed and/or controverted claim between the Covered Person's Employer Group and the designated Workers' Compensation insurer as to whether or not the Covered Person is entitled to receive Workers' Compensation benefits payments;
5. To recover any such sum owing as described above, in the event that the disputed and/or controverted claim is resolved by monetary settlement to the full extent of such settlement;
6. If a Covered Person is entitled to benefits under Workers' Compensation, employer's liability or occupational disease law, it is necessary to follow all of the guidelines in the Managed Benefits Section in order for this Benefit Program to continue to provide benefits for Covered Services when the Workers' Compensation benefits are exhausted.

B. AUTOMOBILE INSURANCE

To the extent permitted by law, benefits shall not be provided by this Benefit Program for Covered Services paid, payable or required to be provided as basic reparations benefits under any no-fault or other automobile insurance policy.

Plan Sponsor shall be entitled:

1. To charge the insurer obligated under such law for the dollar value of those benefits to which a Covered Person is entitled.
2. To charge the Covered Person for such dollar value, to the extent that the Covered Person has received payment from any and all sources, including but not limited to, first party payment.
3. To reduce any sum owing to the Covered Person by the amount that the Covered Person has received payment from any and all sources, including but not limited to, first party payment.
4. Benefits shall be subject to Coordination of Benefits as described in the Coordination of Benefits Section of this Plan Document, for Covered Services received under an automobile insurance policy which provides benefits without regard to fault.
5. A Covered Person who fails to secure no-fault insurance required by applicable law shall be deemed to be his or her own insurer, and Plan Sponsor shall reduce his or her benefits for Covered Services by the amount of basic reparations benefits or other benefits provided for injury if such a no-fault policy had been obtained.
6. If a Covered Person is entitled to benefits under a no-fault or other automobile insurance policy, benefits for Covered Services will only be provided when a Covered Person follows all of the guidelines stated in the Managed Benefits Section of the Plan Document.

XI. CONTINUATION OF COVERAGE—COBRA

In accordance with the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA), Participants in the health Benefits Plan have certain rights and responsibilities regarding continuation of health benefits coverage which is terminated.

Under federal law, the Participating Employer is required to offer covered employees and covered family members the opportunity to elect a temporary continuation of health coverage at group rates, when coverage under the Plan would otherwise end due to certain qualifying events.

A. QUALIFYING EVENTS

For a Covered Employee – An Active Employee covered by the Plan may have the right to elect this continuation coverage due to loss of group health coverage because of a termination of employment or a reduction in hours of employment that causes an employee to become ineligible for coverage. In the event that the termination arises from the employee's willful misconduct, there is no right to continued coverage under COBRA.

For a Covered Spouse – The spouse of an employee or retiree may have the right to elect continuation coverage if he or she loses such group health Plan coverage for any of the following reasons:

1. A termination of the spouse's employment or a reduction of their spouse's hours of employment with the Participating Employer;
2. The death of the spouse; or
3. Divorce or legal separation.

For Covered Dependent Children – The Dependent of a Covered Employee covered by the Plan may be entitled to elect continuation coverage if he or she loses group health Plan coverage for any of the following reasons:

1. A termination of the employee's employment or reduction in the employee's hours of employment with the Participating Employer;
2. The death of the employee;
3. Parent's divorce or legal separation; or
4. Failure to meet eligibility requirements for coverage as a Dependent of the Covered Employee (by, for example, attaining the age of 26).

B. NOTIFICATION REQUIREMENTS

The Covered Employee, spouse, or other family member is responsible for informing the Participating Employer of a divorce, legal separation, or a child losing Dependent status under the Participating Employer's group health eligibility rules. In order to be entitled to COBRA benefits this notification must be made within 60 days from the date of the event or the date on which coverage would be lost under the terms of the Plan because of the event, whichever is later. In most cases a child will cease to qualify as an Eligible Dependent upon his or her 26th birthday. However, coverage may be lost sooner as the result of a divorce, legal separation.

If this notification is not completed in a timely manner rights to continuation coverage may be forfeited.

The Participating Employer is responsible for notifying the COBRA Administrator of your termination of employment, reduction in hours, or death.

Notification of Address Change

It is the Covered Employee's responsibility to ensure that all covered individuals receive COBRA Continuation information properly and efficiently. It is the Covered Employee's obligation to notify his or her personnel or payroll office of any address change as soon as possible. Failure to do so may result in delayed notification or a loss of continuation coverage options.

C. CONTINUATION COVERAGE

1. Election Period

When the employing agency is notified of the occurrence of a qualifying event, it will notify covered individuals (also known as qualified beneficiaries) of their right to elect continuation coverage. Each qualified beneficiary has an independent election right and will have 60 days from the latter of the date coverage ceased under the group health Plan or 60 from the date of notification to elect continuation coverage. **The law does not allow for an extension of this maximum period.** If a qualified beneficiary does not elect continuation coverage within this election period the right to elect continuation coverage will end.

If a qualified beneficiary elects continuation coverage and pays the applicable premium, the qualified beneficiary will receive coverage that is identical to the coverage provided under the Plan to similarly situated employees and/or covered Dependents. If coverage is modified for similarly situated active employees, then continuation coverage may be similarly changed and/or modified.

2. Length of Continuation Coverage

30 Months. If the event causing the lack of coverage is layoff, reduction of hours, leave of absence, or termination of employment, other than as a result of death of the employee or as a result of such employee's "gross misconduct" as that term is used in 29 U.S.C. §1163(2), continuation of coverage will be available for such employee and such employee's covered Dependents for a period of thirty months after the date of such layoff, reduction of hours, leave of absence or termination of employment, except that if such reduction of hours, leave of absence or termination of employment results from an employee's eligibility to receive Social Security income, continuation of coverage for such employee and such employee's covered Dependents will last only until midnight of the day preceding such person's eligibility for benefits under Title XVIII of the Social Security Act.

36 Months. If the event causing lack of coverage for a qualified beneficiary is divorce or anything other than an employee's termination of employment, leave of absence or reduction in hours, continuation coverage will be available for such qualified beneficiaries for up to thirty-six months.

3. Termination of Continuation Coverage

The law allows continuation coverage to end prior to the maximum continuation period for any of the following reasons:

- a. The Plan Sponsor ceases participate in the Partnership Plan for its employees;
- b. Any required premium for continuation coverage is not paid in a timely manner;
- c. A qualified beneficiary becomes covered under another group health Plan that does not contain any exclusion or limitation with respect to any preexisting condition of such beneficiary;
- d. A qualified beneficiary who extended continuation coverage due to a disability is determined by Social Security to be no longer disabled;
- e. A qualified beneficiary notifies the COBRA Administrator that he or she wants to cancel continuation coverage.

4. Continuation of Coverage Due To Military Service

If an employee is no longer actively employed due to military service in the Armed Forces of the United States, he or she may elect to continue health coverage for himself or herself and Dependents (if any) under this Plan in accordance with the Uniformed Services Employment and Reemployment Rights Act of 1994, as amended.

“Military service” means performance of duty on a voluntary or involuntary basis, and includes active duty, active duty for training, initial active duty for training, inactive duty training, and full-time National Guard duty.

Continuation of coverage for the employee and eligible Dependents (if any) under this Plan is contingent upon the employee's payment of any required contribution for health coverage. This may include the amount the employer normally pays on your behalf. If military service is for a period of time less than 31 days, the employee may not be required to pay more than the active employee contribution, if any, for continuation of health coverage. If continuation is elected under this provision, the maximum period of health coverage under this Plan shall be the lesser of:

- The 24 months beginning on the first date of your absence from work; or
- The day after the date on which you fail to apply for or return to a position of employment.

Regardless of whether coverage is continued during military service, an employee's health coverage will be reinstated upon return to active employment.

COBRA Administrator

UnitedHealthcare Benefit Services is the Plan's COBRA Administrator. The COBRA Administrator shall not be deemed or construed as an employer for any purpose with respect to the administration or provision of Benefits under the Plan Sponsor's Plan.

The COBRA Administrator shall not be responsible for fulfilling any duties or obligations of an employer with respect to the Plan Sponsor's Plan.

You may contact the COBRA Administrator by phone or in writing at the following:

XII. GENERAL PROVISIONS

- A. This Plan Document supersedes all other agreements or descriptions of the benefits provided under this program.
- B. Identification Cards. Cards issued by Carrier to Participants pursuant to this Plan are for identification purposes only. Possession of an identification card confers no right to Covered Services or other benefits under this Plan. To be entitled to such services or benefits the holder of the card must, in fact, be a Participant on whose behalf all applicable benefit cost contributions under this Plan have been paid. Any person receiving services or other benefits to which he is not then entitled pursuant to the provisions of this Plan will be liable for the actual cost of such services or benefits. In addition, any Covered Employee who fails to notify the Participating Employer of a change in circumstances that affects an individual's eligibility status (including without limitation, divorce, legal separation, a child's attainment of age 26, etc.) will have the fair market value of coverage reported as income and, if actively employed, may be subject to disciplinary action, including termination.
- C. Notice. Any notice required under this Plan Document to be given to the Participating Employer may be sent by U.S. Mail, first class, postage prepaid to the address listed on the Addendum to this Plan Document. Any notice to be given to the Plan Sponsor may be sent by U.S. Mail, first class, postage prepaid to the address listed in the front of the document. Notice to a Participant will be sent to the last address the Plan has for that Participant. Participant agrees to provide the Participating Employer with notice, within 31 days, of any change of address.
- D. Interpretation of Plan. The laws of the State of Connecticut shall be applied to the interpretation of this Plan.
- E. Gender. The use of any gender in this Plan Document is deemed to include the other gender and, whenever appropriate, the use of the singular is deemed to include the plural (and vice versa).
- F. Modifications. This Plan Document is subject to amendment, modification, and termination in accordance with this provision and applicable collective bargaining agreements affecting health care coverage, benefits and services.
- G. Clerical Error. Clerical error, whether by the Plan Sponsor or the Carrier with respect to Plan Document or any other documentation issued by the Carrier in connection with the Plan, or in keeping any record pertaining to the coverage hereunder, will not modify or invalidate coverage otherwise validly in force or continue coverage otherwise validly terminated.
- H. Policies and Procedures. The Plan may adopt reasonable policies, procedures, rules and interpretations to promote the orderly and efficient administration of the Plan with which Participants shall comply.
- I. Waiver. The waiver by any party of any breach of any provision of the agreement will not be construed as a waiver of any subsequent breach of the

same or any other provision. The failure to exercise any right hereunder will not operate as a waiver of such right.

XIII. PROTECTED HEALTH INFORMATION

A. PROVISION OF PROTECTED HEALTH INFORMATION TO PLAN SPONSOR

1. Unless otherwise permitted by law and subject to obtaining written certification pursuant to paragraph 5 of this section, the Plan may disclose Protected Health Information to the Plan Sponsor provided the Plan Sponsor uses or discloses such Protected Health Information only for the following purposes.

- a. Performing Plan Administration Functions which the Plan Sponsor performs.
- b. Obtaining premium bids from carriers for providing coverage
- c. Modifying, amending or terminating the group health plan.

Notwithstanding the provisions of the Plan to the contrary in no event will the Plan Sponsor use or disclose Protected Health Information in a manner that is inconsistent with 45 CFR §164.504(f).

2. Information regarding Participation

Notwithstanding paragraph 1 of this Section, the Plan may disclose to the Plan Sponsor information regarding participation or enrollment.

3. Conditions of disclosure: With respect to any disclosure Plan Sponsor shall

- a. Not use or further disclose the Protected Health Information other than as permitted or required by the Plan or as required by law.
- b. Shall ensure that any agents, contractors or subcontractors to whom it provides Protected Health Information shall agree to the same restrictions and conditions that apply to the Plan Sponsor with respect to Protected Health Information.
- c. Report any use or disclosure of the information that is inconsistent with the use or disclosures provided for of which it becomes aware;
- d. Make available Protected Health Information in accordance with 45 CFR §164.524
- e. Make available Protected Health Information for amendment and incorporate any amendments to Protected Health Information in accordance with 45 CFR §164.526.
- f. Make available the information required to provide an accounting of disclosures in accordance with 45 CFR §164.528.

- g. Make its internal practices, books and records relating to the use and disclosure of Protected Health Information available to the Secretary of Health and Human Services for purposes of determining compliance by the Plan with subpart E of 45 CFR §164.
- h. If feasible, return or destroy all Protected Health Information received that the Plan Sponsor still maintains in any form and retain no copies of such information when no longer needed for the purpose for which disclosure was made, except that if such return or destruction is not feasible, limit further uses and disclosures to those purposes that make the return or destruction infeasible.
- i. Ensure that adequate separation between Plan and the Plan Sponsor, required by 45 CFR §504(f)(2)(iii) is satisfied.
- j. Reasonably and appropriately safeguard electronic PHI that is created, received, maintained, or transmitted to or by the Plan Sponsor on behalf of the Plan.

4. **Certification by Plan Sponsor.** Oxford shall disclose Protected Health Information to the Plan Sponsor only upon receipt of certification that the Plan Sponsor that the Plan Document incorporates the provisions of 45 CFR §164.504(f)(2)(ii), and that the Plan Sponsor agrees to the conditions of disclosure set forth in Section 4 of this Section. The Plan shall not disclose and may not permit CVS Caremark or SilverScript to disclose Protected Health Information to the Plan Sponsor as otherwise permitted herein unless the statement required by 45 CFR §164.504(b)(1)(iii)(C) is included in the appropriate notice.

5. **Adequate Separation between the Plan and the Plan Sponsor.** The Plan Sponsor shall only allow specified employees of the Office of the State Comptroller, Healthcare Policy & Benefit Services Division access to the Protected Health Information, to perform the Plan Administration Functions that the Plan Sponsor performs for the Plan. In the event that any of these specified employees does not comply with the provisions of the Section, that employee shall be subject to disciplinary action by the Plan Sponsor for non-compliance pursuant to the Plan Sponsor's employee discipline and termination procedures.

6. **Permitted Uses and Disclosures of Summary Health Information.** Notwithstanding paragraph 1 of this Section Oxford may disclose summary Health Information to the Plan Sponsor and to a Participating Employer, provided the Plan Sponsor and a Participating Employer requests the Summary Health Information for the purpose of:

- a. Performing Plan Administration Functions that the Participating Employer provides with respect to its own enrolled population
- b. Obtaining premium bids for providing benefit coverage for its own members; or
- c. Modifying, amending or terminating its participation in the Plan.

Provided that any designee, agent, contractors or subcontractors of the Participating Employer to whom Plan Sponsor provides Protected Health Information shall agree in writing to the same restrictions and conditions that apply to the Plan Sponsor with respect to Protected Health Information.

B. DEFINITIONS

Plan Administration Functions means administration functions performed by the Plan Sponsor on behalf of the Plan, excluding functions performed by the Plan Sponsor in connection with any other benefit or benefit plan of the Plan Sponsor. In the normal course, such functions may include monitoring compliance with the requirements of the Health Enhancement Program or assisting Members in resolving complaints regarding the handling or processing of claims or denial of coverage.

Protected Health Information means individually identifiable health information that is (1) received or created by a health care provider, Carrier or health plan and (2) that relates to the past, present or future physical, mental health or condition of an individual, the provision of health care to an individual, or the past, present, or future payment for the provision of health care to the individual and identifies the individual or with respect to which there is a reasonable basis to believe the information can be used to identify the individual. "Protected Health Information" excludes health information or medical information supplied to the Plan Sponsor in its role as an employer. For example, medical information submitted in support of an application for Family Medical Leave or Disability.

Summary Medical Information means: Information that (1) summarizes the claims history, claims expenses or types of claims experience by individuals for whom an employer provides health benefits under a Health Plan and from which the information described at 45 CFR §164.514(b)(2)(i) has been deleted, except that the geographic information need only be aggregated on the level of a five-digit zip code
