Dear State Employee,

I am pleased to provide you with this summary of benefits available through the State of Connecticut Supplemental Benefits Program. The Program, a joint initiative by the Vendor Advisory Committee (VAC) and my Office, is designed to complement the benefits provided by the State. All benefits are available on a voluntary basis and are paid entirely by the employee through the convenience of payroll deduction.

Based upon the recommendations of the VAC, eight vendors have been selected to participate through a competitive process that considered price and product offerings.

I encourage you to contact the authorized vendors to obtain more information regarding the benefits and enrollment process.

Sincerely,

Kevin Lembo
