RETIREES HEALTH CARE OPTIONS PLANNER

A MESSAGE
FROM

Kevin
LEMBO
STATE COMPTROLLER

Our daily choices affect our health and what we pay out of pocket for health care. Even if you're happy with your current coverage, it's a good idea to review the plan options each year during open enrollment.

All of the State of Connecticut medical plans cover the same services, but there are differences in each network's providers, how you access treatment and care, and how each plan helps you manage your family's health. If you decide to change your health care plan now, you may be able to keep seeing the same doctors, yet reduce your cost for health care services.

Please take a few minutes to consider your options and choose the best value for you and your family. Everyone wins when you make smart choices about your health care.

Check Your HEP Status

The Health Enhancement Program features an easy-to-use website to keep you up to date on your requirements.

On the HEP website, you can check which HEP requirements you still have to complete, including for spouses and dependents.

What You Need to Do

Current Retirees

Open Enrollment Through June 3, 2016

During open enrollment, you have the opportunity to adjust your healthcare benefit choices. It's a good time to take a fresh look at the plans, consider how your and your family's needs may have changed, and choose the best value.

During open enrollment, you may change medical and/or dental plans, add or drop coverage for your eligible family members, or enroll yourself if you previously waived coverage. If you have a question concerning your enrollment, contact the Retirement Health Insurance Unit at the address below or call (860) 702-3533.

Complete and return the form in the back of this booklet if you'd like to make a change for 2016-2017. The form must be postmarked by June 3, 2016. Any changes you make are effective July 1, 2016 through June 30, 2017 unless you have a qualifying status change. **If you don't want to make changes, you don't need to do a thing; your current coverage will continue automatically at the rates listed on page 5 for medical and page 18 for dental.**

Return completed enrollment forms to:

**Office of the State Comptroller
Retirement Health Insurance Unit
55 Elm Street
Hartford, CT 06106
or
Fax: 860-702-3556**

New Retirees

To enroll for the first time, follow these steps:

1. Review this booklet and choose the medical and dental options that best meet your needs.
2. Complete the enrollment form (Form CO-744 – Choice of Health Insurance After Retirement) included in your retirement packet; this form is different from the one included in this booklet for open enrollment.
3. Return the form with your retirement packet.

If you enroll as a new retiree, your coverage begins the first day of the second month of your retirement. For example, if your retirement date is October 1, your coverage begins November 1. If you waive coverage when you're initially eligible, you may enroll within 31 days of losing other coverage, or during any open enrollment period.

**What to Do When
You Become Eligible
for Medicare**

**See Medicare and
You on page 23 for
important
information about
what to do when
becoming eligible for
Medicare.**

Make Sure You Cover Only Eligible Dependents

It's important to understand who you can cover under the plan. It's critical that the State only provide coverage for eligible dependents. **If you obtain coverage for a person who is not eligible, you will have to pay federal and State tax on the fair market value of benefits provided to that individual.**

This planner provides a brief summary of covered services. See Your Benefit Resources on page 25 to receive more detailed information.

Eligible dependents generally include: your legally married spouse or civil union partner and eligible children until age 26 for medical and age 19 for dental. Your "children" include your biological children, stepchildren, and adopted children. Children residing with you for whom you are the legal guardian may be eligible for coverage up to age 18 unless proof of continued dependency is provided. Disabled children may be covered beyond age 26 for medical or age 19 for dental. For your disabled child to remain an eligible dependent, they must be certified as disabled by your **medical** insurance carrier before their 19th birthday for dental benefits or their 26th birthday for medical benefits.

Once a judgment of divorce or legal separation is entered, your former spouse must be removed from the plan.

It is your responsibility to notify the Retirement Health Insurance Unit within 31 days when any dependent is no longer eligible for coverage.

Please refer to the Comptroller's website at www.osc.ct.gov for details about dependent eligibility.

Qualifying Status Change

Once you choose your medical and dental plans, you cannot make changes during the plan year (July 1 – June 30) unless you experience a qualifying status change. If you do have a qualifying status change, you must notify the Retirement Health Insurance Unit **within 31 days of the event**. The change you make must be consistent with your change in status.

Please call the Retirement Health Insurance Unit if you experience a qualifying status change – which include changes in:

• Legal marital/civil union status

– Any event that changes your legal marital/civil union status, including marriage, civil union, divorce, death of a spouse and legal separation.

• **Number of dependents** – Any event that changes your number of dependents, including birth, death, adoption and legal guardianship.

• **Employment status** – Any event that changes your or your dependent's employment status, resulting in gaining or losing eligibility for coverage such as:

- Beginning or ending employment
- Starting or returning from an unpaid leave of absence
- Changing from part time to full time or vice versa.

• **Dependent status** – Any event that causes your dependent to become eligible or ineligible for coverage.

• **Residence** – A significant change in your place of residence that affects your ability to access network providers.

If you experience a change in your life that affects your benefits, contact the Retirement Health Insurance Unit at (860) 702-3533. They'll explain which changes you can make and let you know if you need to send in any paperwork (for example, a copy of your marriage certificate).

If your retirement date is October 2, 2011 or later you are eligible for the Health Enhancement Program (HEP). If you choose not to enroll, or enroll but do not meet the HEP requirements, your monthly premium share will be \$100 higher than shown above.

If you would like to change your HEP enrollment status, you may complete a form. Forms are available at www.osc.ct.gov or from the Retirement Health Insurance Unit at (860) 702-3533.

If You Retired Early

If you retired early, you may pay additional retiree premium share costs per the 2011 SEBAC agreement. For additional information, please contact the Retirement Health Insurance Unit at (860) 702-3533.

The State reimburses your Medicare Part B premiums beginning when the Retirement Health Insurance Unit receives your Medicare card. If you aren't receiving this benefit, contact us. See page 25.

Making Your Decision – Medical

Each of the medical plans offered by the State of Connecticut is designed to cover the same medical benefits – the same services and supplies. And, the amount you pay out of pocket at the time you receive services is very similar. Yet, your premium share varies quite a bit from plan to plan. How do you decide?

When it comes to choosing a medical plan, there are four main areas to look at:

- 1. What is covered** – the services and supplies that are covered benefits under the plan. This comparison is easy to make at the State of Connecticut because all of the plans cover the same services and supplies. (See page 4).
- 2. Cost** – what you pay when you receive medical care and what is deducted from your pension check. What you pay at the time you receive services is similar across the plans (see page 4). However, your premium share varies quite a bit depending on the carrier and plan selected (see page 5).
- 3. Networks** – whether your doctor or hospital has contracted with the insurance carrier. (See pages 7 and 8).
- 4. Plan features** – how you access care and what kinds of “extras” the insurance carrier offers. Under some plans you must use network providers except in emergencies, others give you access to out-of-network providers. Finally, you may prefer one insurance carrier over the other (see pages 7-9).

The following pages are designed to help you compare your options.

Comparing Networks

When Was the Last Time You Compared Your Medical Plan to the Other Options?

If you're like many people, you made a choice when you first retired and haven't really looked at it since. The State of Connecticut offers a wide variety of medical plans, so you can find the one that best fits your needs. Did you know that you might be able to take advantage of one of the lower-cost plans while keeping your doctor and receiving the same healthcare services?

Many doctors belong to multiple provider networks. Check to see if your doctor is a network provider under more than one of the plan options. Then, take a fresh look at your options. You may be able to save money every month without changing doctors.

Why Networks Matter

All of the plans cover the same health care services and supplies. The provider networks are one of the main ways in which your medical plan options differ. Each insurance carrier contracts with a group of doctors and hospitals for discounted rates on health care services. Getting your care within the network provides the highest benefit level:

- If you choose a **Point of Enrollment (POE)** plan, you must use network providers for your care (except in emergencies).
- If you choose a **Point of Service (POS)** plan or one of the Out of Area plans, you have the choice to use in-network or out-of-network providers each time you receive care – but, you'll pay more for out-of-network services.

Is a National Network Important to You?

All State of Connecticut plans have a national provider network. That means they contract with doctors and hospitals across the country – and you have nationwide access to the highest level of benefits.

- Planning to live or travel out of the region?
- Have a college student attending school hours away from home?
- Wish to get care at a specialty hospital that's not in Connecticut or the coverage region?

The State of Connecticut offers affordable options with great coverage within the region and nationwide. Take a look at your options before you decide.

How the Plans Work

Point of Service (POS) Plans – These plans offer health care services both within and outside a defined network of providers. No referrals are necessary to receive care from in-network providers. Health care services obtained outside the network may require prior authorization and are reimbursed at 80% of the allowable cost (after you pay the annual deductible).

Point of Enrollment (POE) Plans – These plans offer health care services only from a defined network of providers. (Out-of-network care is covered in emergencies.) No referrals are necessary to receive care from in-network providers. Health care services obtained outside the network may not be covered.

Point of Enrollment – Gatekeeper (POE-G) Plans – These plans offer health care services only from a defined network of providers. (Out-of-network care is covered in emergencies.) You must select a Primary Care Physician (PCP) to coordinate all care and referrals are required for all specialist services.

The Point of Enrollment - Gatekeeper (POE-G) plans generally require the designation of a primary care provider. You have the right to designate any primary care provider who participates in the network and who is available to accept you or your family members. For children, you may designate a pediatrician as the primary care provider. Until you make this designation, the medical insurance carrier designates one for you. For information on how to select a primary care provider, and for a list of the participating primary care providers, contact the medical insurance carrier (see Your Benefit Resources on page 25).

You do not need prior authorization from the medical insurance carrier or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in the network who specializes in obstetrics or gynecology. The health care professional, however, may be required to

comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, contact the medical insurance carrier (see Your Benefit Resources on page 25).

Using Out-of-Network Providers

When you enroll in one of the State of Connecticut POS plans, you can choose a network or out-of-network provider each time you receive care. When you use an out-of-network provider, you'll pay more – for most services. In most cases, the plan pays 80% of the allowable charge after you pay your annual deductible. Plus, you pay 100% of the amount your provider bills above the allowable charge.

In the POS plans there are no referral requirements to use out-of-network providers – you are free to use the network or out-of-network provider of your choice. However, since certain procedures require prior authorization (see page 4), call your plan when you anticipate significant out-of-network expenses to find out how those charges will be covered. You'll avoid an unpleasant surprise and have the information you need to make an informed decision about where to seek health care.

Where You Live or Work Affects Your Choices

You must live or work within a plan's regional service area to enroll in that plan – even though the plan has a national network. For example, if you want to enroll in the UnitedHealthcare Oxford Freedom Select Plan (POS), you must live or work within the geographic area covered by Oxford's regional provider network. If you live and work outside that area, you should choose one of the Out-of-Area plans. Both Out-of-Area plans give you access to a national provider network.

Comparing Plan Features

All State of Connecticut plans cover the same health care services and supplies. However, they differ in these ways:

- **How you access services** – Some plans allow you to see only network providers (except in the case of emergency), some give you access to out-of-network providers when you pay more of the fees, some require you to select a PCP.
- **Health promotion** – Remember, there’s more to a health plan than covering doctor visits. All of the plans offer health information online; some offer additional services such as 24-hour nurse advice lines and health risk assessment tools.
- **Provider networks** – You’ll want to check with each plan to see if the doctors and hospitals you want are in each network. (See Your Benefit Resources on page 25 for phone numbers and websites.)

About Value-Added Programs

Another area where the insurance carriers may differ is the value-added programs they offer. These programs are outside the contracted plan benefits – they’re “extras” that each company offers in hopes of making their plan stand out, such as:

- Wellness programs
- Member discounts (for example, on weight-loss programs or health clubs)
- Online health promotion programs

Because these value-added programs are not plan benefits, they are subject to change at any time by the insurance carrier. However, you may want to see what each company offers before you decide.

Your Prescription Drug Coverage at a Glance

Medicare-eligible retirees and/or dependents are automatically enrolled in a Group Medicare Part D Plan administered by SilverScript, a subsidiary of CVS/Caremark. The State of Connecticut pharmacy plan wraps around the Part D plan so you have the same level of benefits that you are used to. See page 23 for more details.

If you are NOT Medicare eligible, your prescription benefits are administered by CVS/Caremark until you become Medicare eligible.

Depending on your Medicare eligibility, your prescription drug coverage is either through Caremark or SilverScript. Prescription benefits are the same no matter which medical plan you choose.

The plan has a 3-tier co-pay structure which means the amount you pay depends on whether your prescription is for a generic drug, a brand-name drug listed on Caremark’s preferred drug list (the formulary), or a non-preferred brand-name drug.

NON-MEDICARE ELIGIBLE

CVS/Caremark	In-Network			Out-of-Network
	Acute Drugs	Maintenance Drugs*	HEP Enrolled (Maintenance Drugs to treat chronic condition)*	
Generic	\$5	\$5	\$0	20% of prescription cost
Preferred Brand	\$20	\$10	\$5	20% of prescription cost
Non-Preferred Brand	\$35	\$25	\$12.50	20% of prescription cost

* You are required to fill your maintenance drugs using the maintenance drug network or CVS Mail Order. You must obtain a 90-day supply of maintenance drugs.

MEDICARE-ELIGIBLE

SILVERSCRIPT	In-Network			Out-of-Network
	Acute Drugs	Maintenance Drugs	HEP Enrolled (Maintenance Drugs to treat chronic condition)	
Generic	\$5	\$5	\$0	20% of prescription cost
Preferred Brand	\$20	\$10	\$5	20% of prescription cost
Non-Preferred Brand	\$35	\$25	\$12.50	20% of prescription cost

To check which co-pay amount applies to your prescriptions, visit www.Caremark.com for the most up-to-date information. Once you register, click on “Look up Co-pay and Formulary Status.” Simply type the name of the drug you want to look up and you will see the cost and co-pay amounts for that drug as well as alternatives.

Preferred and Non-Preferred Brand-Name Drugs

A drug's tier placement is determined by Caremark is reviewed quarterly. If new generics have become available, new clinical studies have been released, new brand-name drugs have become available, etc., the Pharmacy and Therapeutics Committee may change the tier placement of a drug.

If your doctor believes a non-preferred brand-name drug is medically necessary for you, they will need to complete the Coverage Exception Request form (available at www.osc.ct.gov) and fax it to Caremark. If approved, you will pay the preferred brand co-pay amount.

When You Become Eligible for Medicare

If you are eligible for Medicare, you will be automatically enrolled in the SilverScript program. Your prescription benefits are the same but you use your SilverScript ID card for prescriptions instead.

Do not enroll in an individual Medicare Part D prescription drug plan. Doing so would cause your State of Connecticut medical and pharmacy coverage to end for you and your dependents.

See Medicare and You on page 23 for more details.

If You Choose a Brand Name When a Generic Is Available

Prescriptions will be automatically filled with a generic drug if one is available, unless your doctor completes Caremark's Coverage Exception Request form and it is approved. (It is not enough for your doctor to note "dispense as written" on your prescription; a separate form is required.) As noted on previous page, if you request a brand-name drug over a generic alternative without obtaining a coverage exception, you will pay the generic drug co-pay PLUS the difference in cost between the brand and generic drug.

If you have questions about your prescription drug benefits, contact Caremark at 1-800-318-2572 or SilverScript at 1-866-693-4624.

CVS Caremark Specialty Pharmacy

Certain chronic and/or genetic conditions require special pharmacy products (often injected or infused). The specialty pharmacy program provides these prescriptions along with the supplies, equipment and care coordination needed. Call 1-800-237-2767 for information.

Non-Medicare Retirees Mandatory 90-Day Refills

If you are not enrolled in Medicare, 90-day refills are mandatory for maintenance medications. The initial 30-day supply can be filled at any participating pharmacy. After that, you can fill your medication at a pharmacy that participates in the State's Maintenance Drug Network, or use Caremark's mail order service. A link to the complete list of pharmacies in the Network can be found on the Office of the State Comptroller's website at www.osc.ct.gov.

Health Enhancement Program

The Health Enhancement Program (HEP) has several important benefits. First, it helps you and your family work with your medical providers to get and stay healthy. Second, it saves you money on your health care. Third, it will save money for the State long term by focusing our health care dollars on prevention. It's your choice whether or not to participate, but there are many advantages to doing so.

You Save Money by Participating!

When you and all of your enrolled family members participate in HEP, you will pay lower monthly premiums and have no deductible for in-network care for the plan year. If one of you has one of the five chronic conditions identified below, you may also receive a \$100 payment, provided you and all enrolled family members comply with HEP requirements. You also save money on prescription drugs to treat that condition (see page 10).

How to Enroll in HEP

Current Retirees:

For those who are not currently participating in HEP, you can enroll during open enrollment. Forms are available from the Retirement Health Insurance Unit at www.osc.ct.gov or by calling (860) 702-3533.

Those who participated in HEP during 2015-2016 and have successfully met all of the HEP requirements will be automatically re-enrolled in HEP again for 2016-2017 and will continue to pay lower premiums for their health care coverage.

New Retirees:

If you are a new retiree, you do not have to make a new HEP election – your HEP enrollment status will follow you into retirement. If you're not currently enrolled in HEP, you must complete the HEP enrollment form upon making your benefit elections. HEP enrollment forms are available from the Retirement Health Insurance Unit at www.osc.ct.gov or by calling (860) 702-3533. If you do not wish to continue participation in HEP, you can disenroll during open enrollment.

2016 Health Enhancement Program Requirements

You and your enrolled family members must get age-appropriate wellness exams, early diagnosis screenings (such as colorectal cancer screenings, Pap tests, mammograms, and vision exams).

Additional Requirements for Those With Certain Conditions

If you or any of your enrolled family members have **1) Diabetes (Type 1 or 2), 2) asthma or COPD, 3) heart disease/heart failure, 4) hyperlipidemia (high cholesterol), or 5) hypertension (high blood pressure)**, you and/or that family member will be required to participate in a disease education and counseling program for that particular condition. You will receive free office visits and reduced pharmacy co-pays for treatments related to your condition (see Your Prescription Drug Coverage at a Glance on page 10 for cost details).

Visit the HEP online portal at www.cthep.com to find out whether you have outstanding dental, medical or other requirements to complete by December 31, 2016. Those with chronic conditions can also complete requirements online. Care Management Solutions may also be reached by phone at (877) 687-1448.

Health and wellness programs to help you take healthy steps

Lose weight, quit smoking. Control diabetes. Get help for autism and eating disorders. We have a full range of wellness programs, online tools and resources designed to meet your needs.

24/7 NurseLine is here for you

Health problems often happen when you least expect them. Call the 24/7 NurseLine at **1-800-711-5947** to talk with a registered nurse, who can answer questions about getting care. You can talk to the nurse about your symptoms, medicines and side effects, and reliable self-care home treatments.

When you need care right away

The emergency room (ER) shouldn't be your first stop — unless it's a true emergency. Depending on the situation, there are different types of providers you can see if your doctor isn't available. This includes a walk-in doctor's office, retail health clinic and urgent care center. Call the Enhanced Member Service Unit or go to anthem.com/statect to find care near you. **Note:** Call 911 or go to the ER if you think you could put your health at serious risk by delaying care.

When you need a helping hand

We offer programs if you or a family member needs behavioral health care or substance use disorder treatment. You can reach an Anthem Behavioral Health Care Manager by calling **1-888-605-0580**. To see how to access care, visit anthem.com/statect.

Access to care — wherever you go, we've got you covered

If you travel out of Connecticut, you have access to doctors and hospitals across the country with the BlueCard® program. Call **1-800-810-BLUE (2583)** to learn more. And, with the BlueCard® Worldwide program, you have access to providers in nearly 200 countries around the world.*

Manage your benefits online — and on the go

Log on at anthem.com/statect to find a doctor, check your claims and compare costs for care near you. If you haven't registered to use the website, choose **Register Now** and follow the steps. You can also download our free mobile app by searching for "Anthem Blue Cross and Blue Shield" at the App Store® or Google Play™. Use the app to show your ID card, get turn-by-turn directions to a doctor or urgent care, and much more!

Comparing Plans: A Message From UnitedHealthcare

We are dedicated to helping people live healthier lives.

This is our mission and we take it seriously. By making healthier decisions, you can live a healthier life. It's that simple. Our programs and network can help you do just that.

Our Network

We have a robust local and national network. Nationally and in the tri-state area, we have a large number of doctors, health care professionals and hospitals. For years, our members have accessed our Connecticut, New York and New Jersey tri-state network. Whichever plan you choose, you'll have seamless access to our UnitedHealthcare Choice Plus Network of physicians and health care professionals outside of the tri-state area. This gives State of Connecticut employees, retirees and their families better access to care whether you are in Connecticut, traveling outside the tri-state area, or living somewhere else in the country.

Just giving you a list of doctors is not very helpful. The UnitedHealth Premium® designation program recognizes doctors who meet standards for quality and cost-efficiency. We use evidence-based medicine and national industry guidelines to evaluate quality and the cost-efficiency standards are based on local market benchmarks for the efficient use of resources in providing care. The 2016 UnitedHealth Premium program covers 27 specialty areas of medicine, including two new specialties (Ear, Nose and Throat, and Gastroenterology).

For more information about our network and the Premium designation program or to search for physicians participating in our local network and the national UnitedHealthcare Choice Plus Network, please visit welcometouhc.com/stateofct.

Oxford On-Call®

Healthcare Guidance 24 hours a day

We realize that questions about your health can come up at any time. That's why we offer you flexible choices in health care guidance through our *Oxford On-Call* program. Speak with a registered nurse who can offer suggestions and guide you to the most appropriate source of care, 24 hours a day, seven days a week. That's the idea behind *Oxford On-Call*.

If you are a member and you need to reach *Oxford On-Call*, please call 800-201-4911. Press option 4. *Oxford On-Call* can give you helpful information on general health information, deciding where to go for care, choosing self-care measures or guidance for difficult decisions.

Custom Website

We created this website for State of Connecticut employees and retirees to provide the tools and information to help you make informed health care decisions. Visit welcometouhc.com/stateofct to search for a doctor or hospital, or learn about the health plans we offer. You also can get Health Enhancement Program information at cthep.com, or by phone at 877-687-1448.

Value-added programs such as wellness programs and discounts offered by the plan are not negotiated benefits and are subject to change at any time at the discretion of the plan.

For information on discounts and special offers, please visit welcometouhc.com/stateofct.

Frequently Asked Questions

1. *Where can I get more details about what the State health insurance plan covers?*

All medical plans offered by the State of Connecticut cover the same services and supplies with the same co-pays. For more detailed benefit descriptions and information about how to access the plan's services, contact the insurance carriers at the phone numbers or websites listed on page 25.

2. *If I live outside Connecticut, do I need to choose an Out-of-Area Plan?*

If you live permanently outside of Connecticut, we will automatically place you in an Out of Area plan, giving you access to a national network of providers whether you are enrolled with Anthem or UnitedHealthcare Oxford. There are no retiree premium shares for enrollment in an Out-of-Area plan.

3. *What's the difference between a service area and a provider network?*

A service area is the region in which you need to live in order to enroll in a particular plan. A provider network is a list of doctors, hospitals and other providers. In a POE plan, you may use only network providers. In a POS plan, you may use providers both in- and out-of-network, but you pay less when you use providers in the network.

4. *What are my options if I want access to doctors across the U.S.?*

Both State of Connecticut insurance carriers offer extensive regional networks as well as access to network providers nationwide. If you live outside the plans' regional service areas, you may choose one of the Out-of-Area plans – both have national networks.

5. *How do I find out which networks my doctor is in?*

Contact each insurance carrier to find out if your doctor is in the network that applies to the plan you're considering. You can search online at the carrier's website (be sure to select the right network; they vary by plan option), or you can call customer service at the numbers on page 25. It's likely your doctor is covered by more than one network.

6. *Can I enroll later or switch plans mid-year?*

Generally, the elections you make now are in effect July 1 – June 30. If you have a qualifying status change, you may be able to modify your elections mid-year (see page 3). If you decline coverage now, you may enroll during any later open enrollment or if you experience certain qualifying status changes.

7. *Can I enroll myself in one option and my family member in another?*

No. You and the family members you enroll must all have the same medical option and/or the same dental option. However, you can enroll certain family members in medical and different family members in dental coverage. For example, you can enroll yourself and your child for medical but yourself only for dental. To enroll an eligible family member in a plan, you must enroll as well. It is also important to note that you may not double cover yourself under another State of Connecticut retiree's health benefits.

8. *If I'm eligible, should I sign up for Medicare?*

Yes. Please be sure to enroll in Medicare Part A and B as soon as you're eligible. Your standard premium for Medicare Part B will be reimbursed by the State beginning when the Retirement Health Insurance Unit receives your Medicare card. See page 25 for information.

Before starting extensive dental procedures for which the dentist's charges may exceed \$200, you can ask your dentist to submit a pre-treatment estimate to the Plan. You can also help to determine the amount you will be required to pay for a specific procedure by using the Plan's website. More details about covered expenses are available by contacting Cigna at 1-800-244-6224 or www.Cigna.com/stateofct.

Enhanced Plan Money-Saving Tip – Avoid Balance Billing

It pays to use network dentists if you are enrolled in the Enhanced Plan. Network dentists have agreed to discounted fees.

Visit www.cigna.com/stateofct to find a network dentist.

If you use an out-of-network dentist, you will be subject to balance billing if your dentist charges more than the maximum allowable charge. For example, exams are covered at 100%; if you see a network dentist your exam is covered in full but if you see an out-of-network dentist you could still receive a bill.

- 1** In the Enhanced plan, be sure to use an in-network dentist to ensure receiving 100% coverage; with out-of-network dentists, you will be subject to balance billing if your dentist charges more than the maximum allowable charge.
- 2** If enrolled in the Health Enhancement Program, frequency limits and cost share are applicable; however, periodontal maintenance and periodontal root scaling & planing do not apply to the annual \$500 maximum.
- 3** Contact CIGNA at 1-800-244-6224 for patient co-pay amounts.
- 4** While not covered, you will get the discounted rate on these services if you visit a network dentist, unless prohibited by state law (see page 18 for details).

Terms to Know

Basic Plan – This plan allows you to visit any dentist or dental specialist without a referral.

Enhanced Plan – This plan offers dental services both within and outside a network of dentists and dental specialists without a referral. **However, your out-of-pocket expenses may be higher if you see an out-of-network provider.**

If you visit a dentist who is not part of the Cigna PPO Network, he or she is considered out-of-network. The Enhanced Plan pays for covered dental services based on “MAC” or “Maximum Allowable Charge.” The MAC is the amount your plan would pay had you visited an in-network dentist. When you visit an out-of-network dentist, you are responsible for any and all charges above the MAC; up to that dentist's usual charge for those services.

DHMO Plan – This plan provides dental services only from a defined network of dentists. You must select a Primary Care Dentist (PCD) to coordinate all care and referrals are required for all specialist services.

Your 2016-2017 Dental Premium Share

Dental Premiums July 1, 2016 through June 30, 2017

COVERAGE LEVEL	Basic Plan	Enhanced Plan	DHMO Plan
1 Person	\$31.86	\$25.94	\$30.18
2 Persons	\$63.73	\$51.87	\$66.40
3 or More Persons	\$63.73	\$51.87	\$81.50

Savings on Non-Covered Services

Many of the Basic and Enhanced plan Cigna PPO network dentists have agreed to offer their discounted fees to you and your covered dependents for non-covered services. These savings may also apply to services that would not be covered because you reached your annual benefit maximum or due to other plan limitations such as frequency, age, or missing tooth limitations.

- You can get savings on most services not covered under the dental PPO plans
- You must visit network dentists to receive the Cigna dental PPO discounts (savings will not apply with non-participating dentists)
- You must verify that a procedure is listed on the dentist's fee schedule before receiving treatment
- You are responsible for paying the negotiated fees directly to the dentist.

** Discounts on non-covered services may not be available in all states. Certain dentists may not offer discounts on non-covered services. Be sure to check with your dental care professional or contact Cigna customer service before receiving care to determine if these discounts will apply to you.*

Frequently Asked Questions

1. **How do I know which dental plan is best for me?**

This is a question only you can answer. Each plan offers different advantages. To help choose which plan might be best for you, compare the plan-to-plan features in the chart on page 18 and weigh your priorities.

2. **How long can my children stay on the dental plan? Can they stay covered until their 26th birthday like with the medical plans?**

The Affordable Care Act extended benefits for children until age 26 only under medical and prescription drug coverage, not dental. Dental coverage ends for dependent children at age 19 (unless they are disabled*).

** For your disabled child to remain an eligible dependent, they must be certified as disabled by your medical insurance carrier before their 19th birthday for dental benefits or their 26th birthday for medical benefits.*

3. **Do any of the dental plans cover orthodontia for adults?**

Yes, the Enhanced Plan and DHMO both cover orthodontia for adults up to certain limits. The Enhanced Plan pays \$1,500 per person (adult or child) per lifetime. The DHMO requires a copay. The Basic Plan does not cover orthodontia for adults or children.

4. **If I participate in HEP, are my regular dental cleanings 100% covered?**

Yes, up to two per year. However, if you are in the Enhanced plan, you must use an in-network dentist to get the full coverage. If you go out of network, you may be subject to balance billing (if your out-of-network dentist charges more than the maximum allowable charge). And of course in the DHMO, you must use a network dentist or your exam won't be covered at all.

Value-added programs such as wellness programs and discounts offered by the plan are not negotiated benefits and are subject to change at any time at the discretion of the plan.

Coverage for Fillings under the Basic and Enhanced Plan

There's not always one simple answer for treating a dental condition. You and your dentist should discuss the various options, and then you can decide on the best approach. Your costs may vary based on the treatment plan you choose.

The Basic and Enhanced Plans provide coverage for amalgam (silver) fillings. If you decide to get a composite (white) filling, you'll be responsible for paying the dentist the difference between the silver filling covered by the plan and the more expensive restoration. Both of these methods are recognized by the dental profession as acceptable treatment plans; however, the silver filling is the least costly alternative for treatment.

Programs to Support Your Overall Health

Your health. Our focus.

In the real world, you have to balance your time, commitments and priorities. At Cigna, we keep our focus on helping you live healthier. Value-added programs such as wellness programs and discount savings are included with your Cigna dental plan.

Oral Health Integration Program[®]

Research shows an association between oral health and overall health.¹ By getting the right oral health care, along with regular medical treatments, high-risk individuals may be able to improve their overall health. Eligible State of Connecticut employees and retirees who enroll will have access to enhanced dental coverage through the Cigna Dental Oral Health Integration Program[®] (OHIP).

With this program, eligible members with certain medical conditions may receive 100% reimbursement of their copay for select covered dental services. The qualifying medical conditions for OHIP: heart disease, stroke, diabetes, maternity, chronic kidney disease, organ transplants, and head & neck cancer radiation.

For additional information regarding OHIP, please visit www.cigna.com/stateofct.

Medicare and You

Medicare is a federal healthcare insurance program for people age 65 and older. While the Social Security retirement age is creeping up, the eligibility age to start Medicare is age 65. People younger than age 65 may also qualify for Medicare due to certain disabilities or health conditions (such as permanent kidney failure or Lou Gehrig's disease). If you or a dependent becomes eligible for Medicare due to disability no matter what age, be sure to contact the Retirement Health Insurance Unit at 860-702-3533. This section covers Medicare for retirees only.

Medicare coverage is made up of various parts. If you are eligible for Medicare, you are automatically covered by Medicare Part A (hospital care) and must enroll yourself in Medicare Part B (physician services).

What to Do When You Become Eligible for Medicare

When you reach age 65, your State of Connecticut medical and prescription drug benefits will “wrap around” your Medicare benefits. Medicare will be your primary coverage and your State of Connecticut sponsored plan will pay after Medicare. This means you continue the same level of benefits that you are used to.

Do Enroll in Medicare Part A and B

Medicare Part A is free and enrollment automatic if you are at least age 65. You must enroll in Medicare Part B and pay a premium. It is essential that you enroll in Medicare Parts A and B for the first of the month you are first eligible for enrollment. Typically this is the first of the month in which you turn 65. **We recommend that you contact Medicare to begin the enrollment process no later than 3 months prior to your 65th birthday.** Failing to do so will result in a “hole” in your coverage. Your State sponsored medical and prescription coverage will automatically be noted as secondary upon your 65th birthday.

Your standard premium for Medicare Part B will be reimbursed by the State effective from the date your Medicare Part B card is received by the Retirement Health Insurance Unit. (Medicare premiums paid before your card is received will not be reimbursed.) The 2015 standard Medicare Part B/Part D premium reimbursement is \$104.90, as long as you are not receiving reimbursement from any other source.

Be sure to send us a copy of your red, white and blue Medicare card as soon as you receive it. You will receive a letter from the Retirement Health Insurance Unit with more information just prior to your reaching age 65.

Additionally, you may be required to pay an Income Related Monthly Adjustment Amount (IRMAA) for Medicare Parts B and D in addition to the standard rate. Social Security will advise you by letter annually if you are required to pay a higher rate. Send a copy of this letter along with your red, white, and blue Medicare card in order to receive full reimbursement.

Do Not Enroll in Medicare Part C or Part D

The State of Connecticut prescription coverage with SilverScript (a subsidiary of Caremark) is a Medicare Part D

plan. When you or your covered dependents become eligible for Medicare, you will automatically be enrolled in the Part D prescription drug plan administered by SilverScript. You do not need to do anything except start using your SilverScript card once received.

Once enrolled, you will receive more information. However, there are four key things you need to know because SilverScript is a Medicare Part D prescription drug plan:

- **Do not opt out of the SilverScript prescription drug program.** SilverScript is required by Medicare to send you a letter giving you a chance to opt out or cancel your prescription drug enrollment, **but don't do it.** If you opt out, medical and prescription drug coverage for you and your dependents will terminate. **Please ignore the opt out letter.**
- **Do not enroll in an individual Medicare prescription drug plan (through Medicare Part C or Part D).** You are only able to enroll in one Medicare Part D plan. Your State sponsored coverage with SilverScript is a Medicare Part D plan enrollment. Enrolling in any other Medicare Part D plan will cause your State of Connecticut medical and pharmacy coverage to end for you and your dependents.
- **Do make sure we have your street address.** If you receive your mail at a post office box, you must provide a residential street address to the Retirement Health Insurance Unit (per Center for Medicare and Medicaid Services regulations). All communication will still go to your noted mailing address.
- **Do promptly submit higher premium notices.** If your premium will be more than the standard premium rate, send a copy of your 2016/2017 IRMAA notice to the Retirement Health Insurance Unit to ensure proper reimbursement.

If Family Members Are Not Yet Eligible for Medicare

If you have covered dependents who are not yet eligible for Medicare (typically those under age 65), their current coverage through CVS Caremark will stay the same. There will be no change to their co-pay structure, and they will continue to participate in the mandatory maintenance drug network program. This means that after their first fill of a maintenance medication, refills must be filled through a pharmacy participating in the State's Maintenance Drug Network or through the CVS Caremark mail-order pharmacy. A full list of all participating pharmacies is available on the Comptroller's website at www.osc.ct.gov.

For More Information
