**Health Care
Options Planner**

A Message from State Comptroller Kevin Lembo

Our daily choices affect our health and what we pay out of pocket for health care. Even if you're happy with your current coverage, it's a good idea to review the plan options each year during open enrollment.

All of the State of Connecticut medical plans cover the same services, but there are differences in each network's providers, how you access treatment and care, and how each plan helps you manage your family's health. If you decide to change your health care plan now, you may be able to keep seeing the same doctors, yet reduce your cost for health care services.

The State is pleased to announce that Cigna will now administer all three State dental plans at lower cost. This change will not alter your benefits – with the exception of some improvements – and you can continue to see your dentist under the larger network with no additional cost. The only change is that all three plans will simply be *administered* by Cigna.

During this open enrollment, if you have not previously enrolled in the Health Enhancement Program (HEP), you must decide if you want to participate in HEP for 2014-2015. HEP is designed to help you and your family work with your medical providers to make the best decisions about your health.

Those who participated in HEP during 2013-2014 and have successfully met all of the HEP requirements will be automatically re-enrolled in HEP again and will continue to pay lower premiums for their health care coverage.

Please take a few minutes to consider your options and choose the best value for you and your family. Everyone wins when you make smart choices about your health care.

What You Need to Do

Current Employees

Open Enrollment Is May 12
Through June 6, 2014

Now is your opportunity to adjust your health care benefit choices. It's a good time to take a fresh look at the plans, consider how your and your family's needs may have changed, and choose the best plan option for you. For 2014 Open Enrollment information, please go to the Comptroller's website at www.osc.ct.gov or check with your agency Payroll/Human Resources office.

During Open Enrollment, you may change medical and/or dental plans, add or drop coverage for your eligible family members, or enroll if you previously waived coverage.

If you'd like to make a change for 2014-2015, contact your agency Payroll/Human Resources office to request an enrollment form.

New Employees

To enroll for the first time, follow these steps:

1. Review this booklet and choose the medical and dental options that best meet your needs.
2. Complete the enrollment form (available from your agency Payroll/Human Resources office).
3. Return the form within 31 calendar days of the date you were hired.

If you enroll as a newly hired employee, your coverage begins the first day of the month following your hire date. For example, if you're hired on October 15, your coverage begins November 1.

The elections you make now are effective through June 30, 2015 unless you have a qualifying status change (see page 3).

Who's Eligible

It's important to understand who you can cover under the plan. It's critical that the State is providing coverage only for those who are eligible under the rules of the plan.

Eligible dependents generally include:

- Your legally married spouse or civil union partner;
- Your children, including stepchildren and adopted children, up to age 26 for medical and age 19 for dental;
- Children residing with you for whom you are legal guardian (to age 18) unless proof of continued dependency is provided.

Disabled children may be covered beyond age 26 for medical or age 19 for dental, with proper documentation from the medical insurance carrier.

Documentation of an eligible relationship is required when you enroll a family member. It is your responsibility to notify your agency Payroll/Human Resources office when any dependent is no longer eligible for coverage.

Refer to www.osc.ct.gov for details about dependent eligibility.

Make Sure You Cover Only Eligible Dependents

As your family situation changes, be sure that the people you have covered under the plan are still eligible. It can be a costly oversight if you continue to cover an ineligible person.

Did your child reach age 19? Once your child is 19, they are no longer eligible for dental benefits (unless disabled*).

Did your child reach age 26? Once your child is 26, they are no longer eligible for medical and pharmacy benefits (unless disabled*).

Did you get divorced or legally separated?

Once a judgement of divorce or legal separation is entered, your former spouse must be removed from the plan.

If you are covering someone who is **not** an eligible dependent, you will have to pay federal and State tax on the fair market value of benefits provided to that individual.

Please refer to the Comptroller's website at www.osc.ct.gov for details about dependent eligibility.

** For your disabled child to remain an eligible dependent, they must be certified as disabled by your **medical** insurance carrier before their 19th birthday for dental benefits or their 26th birthday for medical benefits.*

Qualifying Status Change

Once you choose your medical and dental plans, you cannot make changes for the July 1, 2014 - June 30, 2015 period unless you experience a qualifying status change. If you do have a qualifying status change, you must notify your agency Payroll/Human Resources office within 31 days of the event. The change you make must be consistent with your change in status.

Please call your agency Payroll/Human Resources office if you experience a qualifying status change - which include changes in:

- **Legal marital/civil union status** - Any event that changes your legal marital/civil union status, including marriage, civil union, divorce, death of a spouse and legal separation.
- **Number of dependents** - Any event that changes your number of dependents, including birth, death, adoption and legal guardianship.
- **Employment status** - Any event that changes your, or your dependent's, employment status, resulting in gaining or losing eligibility for coverage such as:
 - Beginning or ending employment
 - Starting or returning from an unpaid leave of absence
 - Changing from part time to full time or vice versa.
- **Dependent status** - Any event that causes your dependent to become eligible or ineligible for coverage.
- **Residence** - A significant change in your place of residence that affects your ability to access network providers.

If you experience a change in your life that affects your benefits, contact your agency Payroll/Human Resources office. They'll explain which changes you can make and let you know if you need to send in any paperwork (for example, a copy of your marriage certificate).

This planner provides a brief summary of covered services. See Your Benefit Resources on page 26 to receive more detailed information.

Health Enhancement Program

The Health Enhancement Program (HEP) has several important benefits. First, it helps you and your family work with your medical providers to get and stay healthy. Second, it saves you money on your health care. Third, it will save money for the State long term by focusing our health care dollars on prevention. It's your choice whether or not to participate, but there are many advantages to doing so.

You Save Money by Participating!

When you and all of your enrolled family members participate in HEP, you will pay lower monthly premiums and have no deductible for in-network care for the plan year. If one of you has one of the five chronic conditions identified on page 6, you may also receive a \$100 payment, provided you and all enrolled family members comply with HEP requirements. You also save money on prescription drugs to treat that condition (see page 6).

If You Do Not Enroll in HEP

Unless you enroll in HEP, your premiums will be \$100 per month higher and you will have an annual \$350 per individual (\$1,400 per family) in-network medical deductible.

How to Enroll in HEP

Current Employees:

For those who are not currently participating in HEP, you can enroll during open enrollment. Forms are available at your agency Payroll/Human Resources office or by visiting the Office of the State Comptroller website, www.osc.ct.gov.

Those who participated in HEP during 2013-2014 and have successfully met all of the HEP requirements will be automatically re-enrolled in HEP again for 2014-2015 and will continue to pay lower premiums for their health care coverage.

New Employees:

If you are a new employee, you must complete the HEP enrollment form upon making your benefit elections. HEP enrollment forms are available at your agency Payroll/Human Resources office or by visiting the Office of the State Comptroller website, www.osc.ct.gov. You will not have to meet the HEP requirements until the first calendar year in which you are enrolled in coverage on January 1st. If you do not wish to continue participation in HEP, you can disenroll during open enrollment.

HEP encourages employees and enrolled family members to take charge of their health and health care by getting age-appropriate wellness exams and preventive screenings.

* Dental cleanings are required for family members who are participating in one of the State dental plans

** Or as recommended by your physician

As is currently the case under your State Health plan, any medical decisions will continue to be made by you and your physician

Health Enhancement Program Requirements

You and your enrolled family members must get age-appropriate wellness exams, early diagnosis screenings (such as colorectal cancer screenings, Pap tests, mammograms, and vision exams).

For calendar year 2014 you must complete at least one dental cleaning. All of the plans cover up to two cleanings per year. Periodontal maintenance is not subject to an annual maximum for HEP participants; however, cost shares and frequency limits may still apply. See page 20 for additional information.

Additional Requirements for Those With Certain Conditions

If you or any of your enrolled family members have **1) Diabetes (Type 1 or 2), 2) asthma or COPD, 3) heart disease/heart failure, 4) hyperlipidemia (high cholesterol), or 5) hypertension (high blood pressure)**, you and/or that family member will be required to participate in a disease education and counseling program for that particular condition. You will receive free office visits and reduced pharmacy co-pays for treatments related to your condition (see Your Prescription Drug Coverage at a Glance on page 18 for cost details).

These particular conditions are targeted because they account for a large part of our total health care costs and have been shown to respond particularly well to disease education and counseling programs. By participating in these programs, affected employees and family members will be given additional resources to improve their health.

To Create a New Account

All HEP enrollees, spouses, and dependents age 18 and over need to create a new online account the first time they visit www.cthep.com. An online tutorial provides information about the site and helps you with registering. Visit www.cthep.com and click on the hyperlink to your right.

Check Your Status

You have until December 31, 2014 to complete your 2014 HEP requirements. However, right now is a great time to check your status and schedule appointments for the requirements you need to complete this year.

Frequently Asked Questions

1. *By joining HEP, will my family and I have access to the same network of doctors and health care practitioners?*

Yes, the network of participating providers is the same whether or not you participate in HEP.

2. *If I participate in HEP, will the state have access to my private health care information?*

No. All claim and diagnosis data are kept strictly confidential, and will only be reviewed by the HEP administrator to ensure you follow the HEP requirements.

3. *If I participate in HEP and I am enrolled in the Enhanced dental plan, are my dental cleanings covered at 100%?*

Yes. However, you must use an in-network dentist. If you go out of network, you may be subject to balance billing (if your out-of-network dentist charges more than the maximum allowable charge).

4. *If I don't follow the HEP requirements, what will happen?*

If you are considered non-compliant, you could lose the financial benefits associated with HEP such as reduced monthly premiums, deductible waivers, and lower co-pays for prescriptions. If you receive notification that you are non-compliant, contact Care Management Solutions at 1-877-687-1448 to speak with a HEP representative.

5. *If I participate in the disease education and counseling program but my health condition gets worse, will I be removed from HEP?*

Not at all! HEP is designed to enhance the patient's ability to work with their doctors to make the most informed decisions about staying healthy, and, if ill, to treat their illness. The purpose of the disease education and counseling program is to encourage healthy behavior. Whether or not your condition actually improves or gets worse will not affect your eligibility to continue participating and receiving the financial benefits of HEP.

Making Your Decision

Each of the medical plans offered by the State of Connecticut is designed to cover the same medical benefits – the same services and supplies. And, the amount you pay out of pocket at the time you receive services is very similar. Yet, your payroll deduction varies quite a bit from plan to plan. How do you decide?

When it comes to choosing a medical plan, there are four main areas to look at:

1. **What is covered** – the services and supplies that are covered benefits under the plan. This comparison is easy to make at the State of Connecticut because all of the plans cover the same services and supplies. (See page 4.)
2. **Cost** – what you pay when you receive medical care and what is deducted from your paycheck. What you pay at the time you receive services is similar across the plans (see the chart on page 4). However, your payroll deduction varies quite a bit depending on the carrier and plan selected (see page 25).
3. **Networks** – whether your provider or hospital has contracted with the insurance carrier. (See page 11.)
4. **Plan features** – how you access care and what kinds of “extras” the insurance carrier offers. Under some plans you must use network providers except in emergencies; others give you access to out-of-network providers. Finally, you may prefer one insurance carrier over the other (see pages 9 – 17).

The following pages are designed to help you compare your options.

Comparing Networks

When Was the Last Time You Compared Your Medical Plan to the Other Options?

If you're like many people, you made a choice when you were first hired and haven't really looked at it since. The State of Connecticut offers a wide variety of medical plans, so you can find the one that best fits your needs. Did you know that you might be able to take advantage of one of the lower-cost plans while keeping your doctor and receiving the same health care services?

Many doctors belong to multiple provider networks. Check to see if your doctor is a network provider under more than one of the plan options. Then, take a fresh look at your options. You may be able to save money every month without changing doctors.

Why Networks Matter

All of the plans cover the same health care services and supplies. The provider networks are one of the main ways in which your medical plan options differ. Getting your care within the network provides the highest benefit level:

- If you choose a **Point of Enrollment (POE)** plan, you must use in-network providers for your care (except in emergencies).
- If you choose a **Point of Service (POS)** plan or one of the Out-of-Area plans, you have the choice to use in-network or out-of-network providers each time you receive care - but, you'll pay more for out-of-network services.
- If you choose a **Point of Enrollment - Gatekeeper (POE-G)** plan, you must use in-network providers for your care (except in emergencies) and you must obtain a referral for most specialist care.

Is a National Network Important to You?

All State of Connecticut plans have a national provider network. That means they contract with doctors and hospitals across the country to provide you with nationwide access to the highest level of benefits.

- Thinking of retirement and planning to travel out of the region?
- Have a college student attending school hours away from home?
- Wish to get care at a specialty hospital that's not in Connecticut or the coverage region?

The State of Connecticut offers affordable options with great coverage within the region and nationwide. Take a look at your options before you decide.

How the Plans Work

Point of Service (POS) Plans – These plans offer health care services both within and outside a defined network of providers. No referrals are necessary to receive care from in-network providers. Health care services obtained outside the network may require prior authorization and are reimbursed at 80% of the allowable cost (after you pay the annual deductible).

Point of Enrollment (POE) Plans – These plans offer health care services only from a defined network of providers (out-of-network care is covered in emergencies). No referrals are necessary to receive care from in-network providers. Health care services obtained outside the network may not be covered.

Point of Enrollment – Gatekeeper (POE-G) Plans – These plans offer health care services only from a defined network of providers. (Out-of-network care is covered in emergencies.) You must select a Primary Care Physician (PCP) to coordinate all care, and referrals are required for all specialist services.

The Point of Enrollment - Gatekeeper (POE-G) plans generally require the designation of a primary care provider. You have the right to designate any primary care provider who participates in the network and who is available to accept you or your family members. For children, you may designate a pediatrician as the primary care provider. Until you make this designation, the medical insurance carrier designates one for you. For information on how to select a primary care provider, and for a list of the participating primary care providers, contact the medical insurance carrier (see Your Benefit Resources on page 26).

You do not need prior authorization from the medical insurance carrier or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in the network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, contact the medical insurance carrier (see Your Benefit Resources on page 26).

Using Out-of-Network Providers

When you enroll in one of the State of Connecticut POS plans, you can choose a network or out-of-network provider each time you receive care. When you use an out-of-network provider, you'll pay more for most services. The plan pays 80% of the allowable charge after you pay your annual deductible. Plus, you pay 100% of the amount your provider bills above the allowable charge.

In the POS plans there are no referral or prior authorization requirements to use out-of-network providers – you are free to use the network or out-of-network provider of your choice. However, since certain procedures require prior authorization (see page 4), call your plan when you anticipate significant out-of-network expenses to find out how those charges will be covered. You'll avoid an unpleasant surprise and have the information you need to make an informed decision about where to seek health care.

Where You Live or Work Affects Your Choices

You must live or work within a plan's regional service area to enroll in that plan – even though the plan has a national network. For example, if you want to enroll in the UnitedHealthcare Oxford Freedom Select Plan (POS), you must live or work within the geographic area covered by Oxford's regional provider network. If you live and work outside that area, you should choose one of the Out-of-Area plans. Both Out-of-Area plans give you access to a national provider network.

Comparing Plan Features

All State of Connecticut plans cover the same health care services and supplies. However, they differ in these ways:

- **How you access services** – Some plans allow you to see only network providers (except in the case of emergency). Some provide you access to out-of-network providers when you pay more of the fees. Some require you to select a Primary Care Physician (PCP).
- **Health promotion** – Remember, there’s more to a health plan than covering doctor visits. All of the plans offer health information online; some offer additional services such as 24-hour nurse advice lines and health risk assessment tools.
- **Provider networks** – You’ll want to check with each plan to see if the doctors and hospitals you want are in each network. (See Your Benefit Resources on page 26 for phone numbers and websites.)
- **Discounts** – Both insurance carriers offer discounts to members for certain health-related expenses such as gym memberships and eyeglasses.

We Care

UnitedHealthcare Children's Foundation (UHCCF) is a non-profit charity dedicated to enhancing the quality of children's lives. UHCCF was founded in 1999. Since 2007, UHCCF has awarded more than 6,500 grants valued at over \$20M to children and their families across the United States.

Tools and Resources

Everything you need at your fingertips, 24/7. Search for a doctor, view your claims, online health coaching and much more.

Our Network

All medical plans offer access to our local and national network

UnitedHealthcare offers a robust local and national network. Nationally, and in the tri-state area, we have a vast number of physicians, healthcare professionals and hospitals. For years, our members have relied on access to our Connecticut, New York and New Jersey tri-state network. Whichever plan you choose, you'll also have seamless access to our UnitedHealthcare Choice Plus Network of physicians and healthcare professionals outside of the tri-state area. This gives State of Connecticut employees and retirees better access to quality care whether you are in Connecticut, traveling outside the tri-state area or living somewhere else in the country.

For more information about our network, or to search for physicians participating in our local or UnitedHealthcare Choice Plus national Network, please visit welcometouhc.com/stateofct.

UnitedHealth Premium® Program
UnitedHealthcare has long recognized the direct relationship between health care quality and successful outcomes.

The Premium program recognizes doctors who meet standards for quality and cost efficiency. The quality standards are based on evidence-based medicine and national industry guidelines. The cost efficiency standards are based on local market benchmarks for cost-efficient care.

Premium Designation Display

Doctors who have met the criteria for quality and/or cost efficiency could have one of these four UnitedHealth Premium designations. These are shown when searching for a provider online, and in provider directories:

- Quality & Cost Efficiency
- Cost Efficiency & Not Enough Data to Assess Quality
- Quality & Not Enough Data to Assess Cost
- Quality & Did Not Meet Cost Efficiency

Physician designations are subject to change. Members should always visit welcometouhc.com/stateofct and check their doctor's Premium designation before making an appointment.

Introducing UnitedHealth Premium Tier 1

UnitedHealth Premium Tier 1 helps people to quickly and easily find doctors who have been recognized for providing value.

UnitedHealth Premium Tier 1 physicians have received the Premium designation for:

- Quality & Cost Efficiency OR
- Cost Efficiency & Not Enough Data to Assess Quality

For more information about the Premium program, visit welcometouhc.com/stateofct

The choice is yours.

The UnitedHealth Premium program can help you find the care you want. The program evaluates doctors in 25 different medical specialties, using national standards for quality and local benchmarks for cost efficiency. You can use this information to help you choose the care that's right for you.

Frequently Asked Questions

1. *Where can I get more details about what the State health insurance plan covers?*

All medical plans offered by the State of Connecticut cover the same services and supplies. For more detailed benefit descriptions and information about how to access the plan's services, contact the insurance carriers at the phone numbers or websites listed on page 26.

2. *If I live outside Connecticut, do I need to choose an Out-of-Area Plan?*

No, as long as you work in Connecticut, you do not need to choose an Out-of-Area plan.

3. *What's the difference between a service area and a provider network?*

A service area is the region in which you need to live in order to enroll in a particular plan. A provider network is a list of doctors, hospitals and other providers. In a POE plan, you may use only network providers. In a POS plan, you may use providers both in- and out-of-network, but you pay less when you use providers in the network.

4. *What are my options if I want access to doctors across the U.S.?*

Both State of Connecticut insurance carriers offer extensive regional networks as well as access to network providers nationwide. If you live outside the plans' regional service areas, you may choose one of the Out-of-Area plans. Both have national networks.

Contact each insurance carrier to find out if your doctor is in the network that applies to the plan you're considering. You can search online at the carrier's website (be sure to select the right network; they vary by plan option), or you can call customer service at the numbers on page 26. It's likely your doctor is covered by more than one network.

5. *Can I enroll later or switch plans mid-year?*

The elections you make now are in effect through June 30, 2015. If you have a qualifying status change, you may be able to modify your elections mid-year (see page 3). If you decline coverage now, you may enroll during any later open enrollment or if you experience certain qualifying status changes.

6. Can I enroll myself in one option and my family member in another?

No. You and the family members you enroll must all have the same medical option and/or the same dental option. However, you can enroll certain family members in medical and different family members in dental coverage. For example, you can enroll yourself and your child for medical but yourself only for dental. To enroll an eligible family member in a plan, you must enroll as well.

7. I am a 65-year-old active state employee. Which health plan card should I present to a doctor's office or hospital?

When visiting a doctor or hospital, present your State of Connecticut employee plan health card (not your Medicare card). Since you are still working, your employer coverage is your primary health insurance provider; Medicare is secondary.

8. My spouse is covered under my state medical plan and will soon be eligible for Medicare. Should he sign up for Medicare? What else does he need to do?

As long as you are enrolled in health insurance coverage as an active employee and your spouse remains covered under your state plan, the state plan is primary and Medicare is secondary for your spouse. This means that Medicare will only pay for services after your employee plan has made its payment.

Because your spouse has coverage through the state plan, there is no need to take action right away. He can sign up for Medicare parts A and B during a later Medicare enrollment period with no penalty while still covered under the state plan or for a limited time after dropping or otherwise losing state coverage.

For information on Medicare, visit www.medicare.gov.

Your Prescription Drug Coverage at a Glance

Your prescription drug coverage is through Caremark. Prescription benefits are the same no matter which medical plan you choose.

The plan has a 3-tier co-pay structure which means the amount you pay depends on whether your prescription is for a generic drug, a brand-name drug listed on Caremark’s preferred drug list (the formulary), or a non-preferred brand-name drug.

PRESCRIPTION DRUG CO-PAYS ARE AS FOLLOWS:

For...	Maintenance Drugs 90-Day Supply	Non-Maintenance Drugs 30-Day Supply
Tier 1: Generic drug	\$5	\$5
Tier 2: Preferred brand-name drug	\$10	\$20
Tier 3: Non-preferred brand-name drug	\$25 (\$10 if your physician certifies the non-preferred brand-name drug is medically necessary)	\$35 (\$20 if your physician certifies the non-preferred brand-name drug is medically necessary)

Maintenance Medications

Maintenance drugs are prescriptions commonly used to treat conditions that are considered chronic or long term.

For those enrolled in the Health Enhancement Program, medications used to treat chronic conditions covered by HEP’s disease education and counseling programs cost even less:

- \$0 co-pay for Tier 1 (generic)
- \$5 co-pay for Tier 2 (preferred)
- \$12.50 co-pay for Tier 3 (non-preferred).

There is \$0 co-pay for medications and supplies used to treat diabetes (Type 1 and Type 2).

To check which co-pay amount applies to your prescriptions, visit www.Caremark.com for the most up-to-date information. Once you register, click on “Look up Co-pay and Formulary Status.” Simply type the name of the drug you want to look up and you will see the cost and co-pay amounts for that drug as well as alternatives.

Preferred and Non-Preferred Brand-Name Drugs

A drug’s tier placement is determined by Caremark. Caremark’s Pharmacy and Therapeutics Committee reviews tier placement each quarter. If new generics have become available, new clinical studies have been released, new brand-name drugs have become available, etc., the Pharmacy and Therapeutics Committee may change the tier placement of a drug.

If your doctor believes a non-preferred brand-name drug is medically necessary for you, they will need to complete the Coverage Exception Request form (available at www.osc.ct.gov) and fax it to Caremark. If approved, you will pay the preferred brand co-pay amount.

If You Choose a Brand Name When a Generic Is Available

Prescriptions will be automatically filled with a generic drug if one is available, unless your doctor completes Caremark's Coverage Exception Request form and it is approved. (It is not enough for your doctor to note "dispense as written" on your prescription; a separate form is required.) As noted on page 18, if you request a brand-name drug over a generic alternative without obtaining a coverage exception, you will pay the generic drug co-pay PLUS the difference in cost between the brand and generic drug.

If you have questions about your prescription drug benefits, contact Caremark at 1-800-318-2572.

Mandatory 90-day Supply for Maintenance Medications

If you or your family member takes a maintenance medication, you are required to get your maintenance prescriptions as 90-day fills. You will be able to get your first 30-day fill of that medication at any participating pharmacy. After that your two choices are:

- Receive your medication through the Caremark mail-order pharmacy, or
- Fill your medication at a pharmacy that participates in the State's Maintenance Drug Network (see the list of participating pharmacies on the Comptroller's website at www.osc.ct.gov).

A list of maintenance medications is posted at www.osc.ct.gov.

CVS Caremark Specialty Pharmacy

Certain chronic and/or genetic conditions require special pharmacy products (often injected or infused). The specialty pharmacy program provides these prescriptions along with the supplies, equipment and care coordination needed. Call 1-800-237-2767 for information.

Your Dental Plan Choices at a Glance

State of Connecticut Dental Plans Administered By Cigna

Effective July 1, 2014, Cigna will be the dental carrier for all State of Connecticut dental plans: Basic, Enhanced, and Dental HMO (DHMO). If you are currently in the Basic or Enhanced plan, here's what this means to you:

- Under the Basic and Enhanced plans, the State was able to modernize and improve some benefits. For example, under the Basic plan, sealants will now be covered for children up to age 16 (the applicable cost share will apply). Under the Enhanced plan, there will now be coverage for implants, up to \$500 per year. In addition, under both the Basic and Enhanced plans you will receive discounted rates for non-covered services when utilizing a network dental provider (unless this is prohibited by state law – see page 21 for details).
- How you utilize the networks will not change. Under the Basic plan you can continue to see any dentist with no additional charge. Under the Enhanced plan you will have lower costs if you use a Cigna Dental PPO network provider.
- You still have the option to choose the Basic plan, Enhanced plan, or Dental HMO plan. **If you decide NOT to make a dental plan change during Open Enrollment, your coverage will automatically default to the same plan type administered by Cigna.**

If you are enrolled in the Basic or Enhanced plan, you will receive a new ID card from Cigna.

	BASIC PLAN (any dentist)	ENHANCED PLAN (network)	DHMO® PLAN (network only)
Annual Deductible	None	\$25/individual, \$75/family	None
Annual Maximum	None (\$500 per person for periodontics)	\$3,000 per person (excluding orthodontics)	None
Exams, Cleanings, and X-rays	Covered at 100%	Covered at 100% ¹	Covered at 100%
Periodontal Maintenance	Covered at 80% ²	Covered at 80% ²	Covered ³

Oral Surgery	Covered at 67%	Covered at 80%	Covered ³
Major Restoration			
Crowns	Covered at 67%	Covered at 67%	Covered ³
Dentures, Fixed Bridges	Not covered ⁴	Covered at 50%	Covered ³
Implants	Not covered ⁴	Covered at 50% (up to \$500)	Not covered
Orthodontia	Not covered	Plan pays \$1,500 per person per lifetime	Covered ³

¹ In the Enhanced plan, be sure to use an in-network dentist to ensure receiving 100% coverage; with out-of-network dentists, you will be subject to balance billing if your dentist charges more than the maximum allowable charge.

² If enrolled in the Health Enhancement Program: No annual maximum on services for periodontal maintenance (2 per calendar year) or scaling and root planing (frequency limits and cost shares may still apply).

³ Contact CIGNA at 1-800-244-6224 for patient co-pay amounts.

⁴ While not covered, you will get the discounted rate on these services if you visit a network dentist, unless prohibited by state law (see page 21 for details).

Savings on Non-Covered Services

Many of the Basic and Enhanced plan Cigna PPO network dentists have agreed to offer their discounted fees to you and your covered dependents for non-covered services. These savings may also apply to services that would not be covered because you reached your annual benefit maximum or due to other plan limitations such as frequency, age, or missing tooth limitations.

- You can get savings on most services not covered under the dental PPO plans
- You must visit network dentists to receive the Cigna dental PPO discounts (savings will not apply with non-participating dentists)
- You must verify that a procedure is listed on the dentist's fee schedule before receiving treatment
- You are responsible for paying the negotiated fees directly to the dentist.

** Discounts on non-covered services may not be available in all states. Certain dentists may not offer discounts on non-covered services. Be sure to check with your dental care professional or contact Cigna customer service before receiving care to determine if these discounts will apply to you.*

Before starting extensive dental procedures for which the dentist's charges may exceed \$200, your dentist may submit a pre-treatment estimate to the plan. You can also help to determine the amount you will be required to pay for a specific procedure by visiting Cigna's website at www.cigna.com.stateofct.

More details about covered services are available by contacting Cigna at 1-800-244-6224 or www.Cigna.com/stateofct. (See Your Benefit Resources on page 26.)

Terms to Know

Basic Plan – This plan allows you to visit any dentist or dental specialist without a referral.

Enhanced Plan – This plan offers dental services both within and outside a defined network of dentists and dental specialists without a referral. However, your out-of-pocket expenses may be higher if you see an out-of-network provider.

DHMO Plan – This plan provides dental services only from a defined network of dentists. You must select a Primary Care Dentist (PCD) to coordinate all care and referrals are required for all specialist services.

Dental coverage ends for dependent children at age 19 (unless disabled*).

** For your disabled child to remain an eligible dependent, they must be certified as disabled by your **medical** insurance carrier before their 19th birthday for dental benefits or their 26th birthday for medical benefits.*

Frequently Asked Questions

1. *How do I know which plan is best for me?*

This is a question only you can answer. Each plan offers different advantages. To help choose which plan might be best for you, compare the plan-to-plan features in the chart on page 20 and weigh your priorities.

2. *How long can my children stay on the dental plan? Can they stay covered until their 26th birthday like with the medical plans?*

The Affordable Care Act extended benefits for children until age 26 only under medical and prescription drug coverage, not dental. Dental coverage ends for dependent children at age 19 (unless they are disabled*).

** For your disabled child to remain an eligible dependent, they must be certified as disabled by your **medical** insurance carrier before their 19th birthday for dental benefits or their 26th birthday for medical benefits.*

3. *Do any of the dental plans cover orthodontia for adults?*

Yes, the Enhanced Plan and DHMO both cover orthodontia for adults up to certain limits. The Enhanced Plan pays \$1,500 per person (adult or child) per lifetime. The DHMO requires a copay. The Basic Plan does not cover orthodontia for adults or children.

4. *If I participate in HEP, are my regular dental cleanings 100% covered?*

Yes, up to two per year. However, if you are in the Enhanced plan, you must use an in-network dentist to get the full coverage. If you go out of network, you may be subject to balance billing (if your out-of-network dentist charges more than the maximum allowable charge). And of course in the DHMO, you must use a network dentist or your exam won't be covered at all.

A Message From Cigna

Cigna will now be the dental carrier for all State of Connecticut dental plans. As a State of Connecticut employee, you and your family have the opportunity to receive quality dental care through one of the following plans:

- **Basic Plan**
- **Enhanced Plan**
- **Cigna DHMO**

Terms to Know

Basic Plan

This plan allows you to visit any dentist or dental specialist without a referral.

Enhanced Plan

This plan offers dental services both within and outside of a network of dentists and dental specialists without a referral. However, your out-of-pocket expenses may be higher if you see an out-of-network provider.

If you visit a dentist who is not part of the Cigna PPO Network, he or she is considered out-of-network. The Enhanced Plan pays for covered dental services based on "MAC" or "Maximum Allowable Charge." The MAC is the amount your plan would pay had you

visited an in-network dentist. When you visit an out-of-network dentist, you are responsible for any and all charges above the MAC; up to that dentist's usual charge for those services.

DHMO Plan

This plan provides dental services only from a defined network of dentists. You must select a Primary Care Dentist (PCD) to coordinate all care and referrals are required for all specialist services.

Pre-Enrollment Information Line & Finding a Dentist

You can speak to a knowledgeable Cigna enrollment specialist 24 hours a day, 7 days a week by calling **1.800.564.7642**.

For the most current information on network dental offices in your area, search the online directory at **www.cigna.com/stateofct** or call the Dental Office Locator at **1.800.564.7642**.

Access personalized benefit information at myCigna.com. After you enroll for coverage, you can register for an account.

Value-added programs such as wellness programs and discounts offered by the plan are not negotiated benefits and are subject to change at any time at the discretion of the plan.

What's New

- All dental plans administered by Cigna
- 24/7 Customer Support
- Claims handled by Cigna
- Increased network of contracted dentists
- New ID Cards
- Implants covered under the Enhanced plan (up to \$500/year)

Access your dental benefit information by going to www.cigna.com/stateofct.

Oral Health Integration Program

Eligible State of Connecticut members who enroll in dental coverage will have access to enhanced dental coverage through the Cigna Dental Oral Health Integration Program® (OHIP). With this program, eligible members with certain medical conditions may receive 100% reimbursement of their copay for select covered dental services. Please visit www.cigna.com/stateofct for more information.

Healthy Rewards®

Cigna's Healthy Rewards Program provides discounts of up to 60% on healthy programs and services as part of Cigna's ongoing effort to promote wellness. There's no time limit or maximum to enjoy these instant savings when you visit a participating provider or shop online. No referrals or claim forms needed. The following Healthy Rewards programs are available: weight management, fitness and nutrition, vision and hearing care, tobacco cessation, alternative medicine, and vitamins.

After you enroll in the insurance plan, you can learn more about Healthy Rewards by visiting www.Cigna.com/rewards (password: savings) or calling **1.800.258.3312**.

Orthodontics in Progress

If you choose the Enhanced plan which covers orthodontic care, you will have coverage for treatment in progress. The coverage will begin at the effective date of your Cigna plan. Any services incurred prior to the effective date would be paid by your previous carrier.

Your benefit amount is determined by your plan's benefit level for orthodontia and the number of months of active treatment remaining when the Enhanced plan with Cigna takes effect. For additional information, please visit www.cigna.com/stateofct.

Dental Treatment in Progress

Some dental procedures require several treatment dates from start to finish. For example, a root canal generally requires two visits - one for the core build-up and a second for crown placement. As a general rule, claims for a "treatment in progress" are paid by the insurance carrier you were enrolled with when the treatment began.

For example, a crown procedure that starts in June 2014 under the previous plan but is completed in July 2014 after the Cigna plan becomes effective is considered treatment in progress and is paid under the previous plan.

Other examples might include treatment for a root canal, crown and bridge, or dentures. If your treatment began before July 1, 2014, your provider should submit the claim directly to the previous plan for review. This is a standard process in the insurance industry for transition of care.

Your 2014-2015 Payroll Deductions

Health Enhancement Program Bi-Weekly Payroll Deductions July 1, 2014 through June 30, 2015 (26 Pay Periods)

If you do not enroll in the Health Enhancement Program, an additional \$46.16 will be deducted from your paycheck bi-weekly.

(Employees on semi-monthly pay schedules will have slightly higher deductions.)
